RE: APEX Spring 2018

TO: Parents

FROM: YPI

This is to inform you that APEX has been put on pause for the month of February because of our licensing renewal. Student accounts and work completed up to this point will not be affected. However due to the loss of time, we hope that upon the return of APEX, students will take the credit recovery class seriously. We expect attendance on a daily basis, as stated in their APEX 2018 contract.

To make up for the loss of APEX hours, YPI will offer APEX for 2 hours a day starting in March. This time extension is for all students but especially for those students who need the credit recovery for graduation purposes.

Please feel free to contact me, Ms. Jessica Silva-YPI Site Coordinator for any questions and or concerns.
