SCHOOL CHOICE INFORMATION  
FOR GARLAND COUNTY SCHOOLS

The Garland County School Districts are proud to participate in the Arkansas School Choice Transfer Program for the 2015 - 2016 School Year. However, the School Choice Program in Garland County is quite different than the majority of the rest of Arkansas. While most of the state is operating under the Arkansas School Choice Law of 2013, in Garland County, our schools are legally required to operate under the old law. While the Arkansas School Choice Law of 1989 has been declared unconstitutional, we are required by federal court to still operate under that law due to a Federal Desegregation Agreement. Therefore, the following information is relevant only to the schools in Garland County.

School Choice in Garland County is still impacted by the race of the students enrollment in both the home school district and the non-resident school district. The Arkansas Department of Education provides district racial data and a very complicated formula that we are required to follow in both acceptance and rejecting School Choice Transfers. Garland County School Districts began accepting School Choice Applications on April 1, 2015. FOR GARLAND COUNTY ONLY, THE SCHOOL CHOICE DEADLINE IS JULY 1, 2015. NO APPLICATIONS CAN BE ACCEPTED AFTER THAT DATE! Once the applications and the state data and formula are received, we will begin processing those applications.
