

PHYSICAL FITNESS ASSESSMENT

Annually, the District shall assess the physical fitness of students in grade 3 or higher in a course that satisfies the curriculum requirements for physical education under Education Code 28.002(a)(2)(C), using an assessment instrument adopted by the Commissioner.

The District is not required to assess a student for whom, as a result of disability or other condition identified by Commissioner rule, the assessment instrument is inappropriate.

Each student must be assessed based on factors related to student health, including aerobic capacity; body composition; and muscular strength, endurance, and flexibility, unless a particular factor is inappropriate for that student because of a health classification defined in 19 Administrative Code 74.31 [see EHAA].

REPORT

The District shall provide the results of individual student performance on the physical fitness assessment to TEA. The results may not contain the names of individual students or teachers or a student's social security number or date of birth.

CONFIDENTIALITY

The results of individual student performance on the physical fitness assessment instrument are confidential and may be released only in accordance with state and federal law.

The District may accept donations made to facilitate implementation of this subchapter.

Parents can request Physical Fitness Assessment Results in writing at the end of the school year.
