School Description

In its fourteenth year, Hunt Elementary is one of four, kindergarten through fifth grade, elementary schools in the Newman-Crows Landing Unified School District. Our enrollment consists of 330 Transitional Kindergarten through Fifth grade students. In 2013 Hunt opened enrollment for transitional kindergarten students. The composition of our school includes thirteen General Education classes, one Resource class and one Special Day class. The demographics of our student body consists of 87.881% Free/Reduced School Lunch, 87.57% Socioeconomic Disadvantaged, 48.48% English Language Learners, and 14.24% Students with Disabilities.

We have a Library, and a multipurpose room that is used as our main cafeteria. In addition, we have a room designated to hold our Professional Learning Communities (PLC's) meetings, Individual Educational Plan (IEP's), Student Study Team (SST), and training. We have a STEM lab that is opened to teachers and students to teach robotics and STEM standards. Every classroom has a block of library time that is dedicated to encourage a love for reading. Students get to check out books as well as get to listen to popular books read to them by our librarian. Our library is also open to students before school, recess, lunch and after-school so that students are given the opportunity to read and take Accelerated Reading (AR) tests. Along with classroom P.E. time, students at Hunt get one day of P.E. time by our district P.E. team that focuses on physical fitness and nutrition.

Our after-school program offers a safe environment for students to continue their learning while enriching them with music, art, athletics, computer literacy, homework support and academics. Hunt believes in nurturing and developing well-rounded learners.

Along with rigorous instructional programs Hunt creates a welcoming, thriving community for all students. We fully implement State Standards, to educate our students. The standards define what all students are expected to know at each grade level and be able to do. Intervention and GATE programs are provided to offer support and challenge all our students.

Hunt teachers and administrators have assumed responsibility of implementing these standards while meeting the differentiated needs of all our learners. We continue to work collaboratively to implement the standards by creating and implementing skill-specific lessons, and using cutting-edge materials and assessments to monitor student progress. Our staff focuses on ensuring that a climate of professional learning is maintained, as we believe that it is best practice to be life-long learners.

Hunts Mission:

Hunt Elementary school acknowledges and embraces the many cultural and ethnic similarities and differences of its students and staff, and encourages the contributions of all constituents to one vision of educational excellence. All site personnel nurture and cultivate citizenship, responsibility, independence, and believe that the school should be a catalyst for school/community based activities and the driving force behind unity of parents, student and staff to achieve the common goal of academic success. The goal is to provide Positive Relationships in school, both academically and socially, for all students, teachers, parents, and administrators at Hunt Elementary.

As we move forward this year we will focus on the following areas: Literacy across all content areas, technology integration, math improvement, facilities that are safe and welcoming, positive relationships with and between parents, students, teachers and administration.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Socioeconomically Disadvantaged	42	42	100.0	54.8
English Learners	23	23	100.0	26.1

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

School Year 2016-17 CAASPP Assessment Results - English Language Arts (ELA)
Disaggregated by Student Groups, Grades Three through Eight and Eleven

Students Receiving Migrant Education Services	12	12	100	25
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

Parents have opportunities to participate as part of the Hunts Parents Club, Hunt Elementary School Site Council, English Language Advisory Committee and as part of the District English Language Advisory Council. We encourage parents to attend school parent meetings, back to school nights, parent teacher conferences and other activities and assemblies. We also keep our website updated so that parents can use as a resource and stay informed about academic and social events. We use multiple methods of communication that include but not limited to, school messengers, flyers, ClassDojo digital platform for communication, school calendars, up-to-date-websites, as well as a digital component for classroom management system such as ClassDojo and face to face meetings.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Hunt Elementary has a Safe School Plan which is reviewed and developed by a special committee comprised of administration, certificated staff, classified staff, and parents. The committee meets as necessary to review the appropriateness of the plan. The Safe School Plan is approved by the School Site Council and the School Board annually.

Professional Development provided for Teachers

In the past 4 year period teachers have been provided an average of 25 days of professional development. The focus has been on preparing teachers for implementation of California Standards in Math, English Language Arts, Science and English Language Development. We have also focused on integration of technology as a resource in the classroom to teachers and students. Teachers were also given release time throughout the school year to align curriculum and instruction to the state standards, prepare lessons and collaborate with peers on best instructional practices and classroom management systems. We have also began a professional development plan for all teachers TK-5 on the transition to the Next Generation Science Standards. The District has also hired instructional coaches to support teachers in ELA, Math, Classroom management and deciphering student data and a technology coach to support students and teachers with technology. We will continue to provide professional development in coming years as we begin to implement the new science standards.

Types of Services Funded

As required by the Program Improvement process, Hunt Elementary School and the Newman Crows Landing Unified School District have generated a list of independent tutoring services to receive Supplemental Educational Services, that are available for under-achieving students. Families have been informed in writing of the private tutoring services that are available to assist their students. Once students have been referred to one of our independent tutoring services, their schedule of services are coordinated by the program's director. Hunt Elementary School tutoring for all students and all courses in the After School Program, (ASP).

Hunt also provides students with general and special education services, resource support to students with disabilities, academic and social intervention to all students when needed, and GATE opportunities for students that excel. We also provide an after school program and music program.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
