THE CURIE WAY

All Curie Condors, from our students to our staff are:

RESPECTFUL—Condors act with honor and honesty, with a strong sense of fairness, justice and respect for the dignity, safety, and success of the individual, groups and communities which make up Curie High School and their respective cultures. They take responsibility for their own actions and the consequences that accompany them.

OPEN MINDED AND KIND—Condors understand and appreciate their own cultures and personal histories as well as that of others. They explore concepts, ideas and issues that have local and global significance while evaluating a range of points of view. They show empathy, compassion and respect towards the needs and feelings of others, which fuels their personal commitment to equality, community service, and actions towards making a positive difference to the lives of others and to the environment.

HARD WORKING, DETERMINED AND RESPONSIBLE—Condors develop their natural curiosity and actively seek to acquire and teach the skills necessary to be successful in the 21st century. They give thoughtful consideration to their own learning, experiences and success and are able to evaluate and understand their strengths and limitations in order to support their learning and personal development as well as that of all Curie community members.
