ATTENDANCE

● General Absences

Children cannot learn if they are not in school. Children learn early about being on time and not missing school. For students 6 to 18 years old, daily school attendance is compulsory. Daily school attendance improves student achievement. Teach your child to be on time and that school attendance is an important family value.

It is also important that you know the state only awards funding to school districts for actual attendance. The state no longer funds districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, still rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences result in a recorded truancy.

1. Notwithstanding EC 48200, a pupil shall be excused from school when the absence is:
 - A. Due to his or her illness.
 - B. Due to quarantine under the direction of a county or city health officer.
 - C. For the purpose of having medical, dental, optometric, or chiropractic services rendered.
 - D. For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.
 - E. For the purpose of jury duty in the manner provided for by law.
 - F. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.
 - G. For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We recommend that you read it. This page talks about when your child is absent from school. Only in certain cases is it permissible for a student to miss school.

Teachers build your child's education one day at a time, so every day is essential. In elementary, middle, junior, and high school, moving ahead, or even graduation, can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

● **Minimum Days/Pupil Free Staff Development Days**

If your child will be affected by minimum days or staff development days, we will give you at least one month's notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980(c)]

● **Attendance Options**

The governing board annually reviews attendance options including how students may attend a district

school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Many districts, by agreement, also allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in inter-district transfers. In some cases, the district must provide transportation. Students attending "persistently dangerous" schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48206.3, 48300, 48301, 48306, 48980, 49068, 51101; 20 USC 7912]

1. Intradistrict Open Enrollment

The Board of Trustees desires to provide enrollment options that meet the diverse needs and interests of district students and parents/guardians, while also balancing enrollment in order to maximize the efficient use of district facilities. The Superintendent or designee shall establish procedures for the selection and transfer of students among district schools in accordance with law, Board policy, and administrative regulation.

The parents/guardians of any student who resides within district boundaries may apply to enroll their child in any district school, regardless of the location of residence within the district.

The Board shall annually review this policy.

Enrollment Priorities

No student currently residing within a school's attendance area shall be displaced by another student transferring from outside the attendance area.

The Superintendent or designee shall grant priority to any district student to attend another district school, including a charter school, outside of his/her attendance area as follows:

1. Any student enrolled in a district school that has been identified on the state's Open Enrollment List.
2. Any student enrolled in a district school receiving Title I funds that has been identified for program improvement (PI), corrective action, or restructuring.
3. Any student enrolled in a district school designated by

February 2018 is the Open Enrollment Period for the 2018-2019 School Year

the California Department of Education as “persistently dangerous.”

4. Any student who is a victim of a violent crime while on school grounds.
5. Upon a finding that special circumstances exist that might be harmful or dangerous to the student in the current attendance area. Special circumstances, include, but are not limited to, threats of bodily harm or threats to the emotional stability of the student. Any such student may transfer to a district school that is at capacity and otherwise closed to transfers.

To grant priority under these circumstances, the Superintendent or designee must have received either:

- a. A written statement from a representative of an appropriate state or local agency, such as a law enforcement official, social worker, or a properly licensed or registered professional, such as a psychiatrist, psychologist, or marriage and family therapist
 - b. A court order, including a temporary restraining order and injunction
6. Any sibling of a student already in attendance in that school.
 7. Any student whose parent/guardian is assigned to that school as his/her primary place of employment.

Application and Selection Process

In order to ensure that priorities for enrollment in district schools are implemented in accordance with law, applications for intradistrict open enrollment shall be submitted between February 1st - February 25th of the school year preceding the school year for which the transfer is requested.

The Superintendent or designee shall calculate each school’s capacity in a nonarbitrary manner using student enrollment and available space.

Except for priorities listed above, the Superintendent or designee shall use a random, unbiased selection process to determine who shall be admitted whenever the school receives admission requests that are in excess of the school’s capacity.

Enrollment decisions shall not be based on a student’s academic or athletic performance, except that existing entrance criteria for specialized schools or programs may be used provided that the criteria are uniformly applied to all applicants. Academic performance may be used to determine eligibility for, or placement in, programs for gifted and talented students.

Transportation

Except as required by 20 USC 6316 for transfers out of Title I PI schools, the district shall not be obligated to provide transportation for students who attend school outside their attendance area. [BP 5116.1 August 2012; EC 200, 35160.5, 35291, 35351, 46600-46611, 48200, 48204, 48300-48316, 48350-48361, 48980; 5 CCR 11992-11994; 20 USC 6316, 7912; 34 CFR 200.36, 200.37, 200.39, 200.42, 200.43, 200.44, 200.48]

2. Interdistrict Attendance

The Board of Trustees recognizes that parents/guardians of students who reside in one district may, for a variety of reasons, choose to enroll their child in a school in another district.

Interdistrict Attendance Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed to by both districts for reapplication and/or revocation of the student’s permit.

Upon receiving a permit for transfer into the district that has been approved by the student’s district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Transportation

The district shall not provide transportation beyond any school attendance area. Upon request, the Superintendent or designee may authorize transportation for interdistrict transfer students to and from designated bus stops within the attendance area if space is available.

Limits on Student Transfers Out of the District to a School District of Choice

The Superintendent or designee may limit the number of student transfers out of the district to a school district of choice based on the percentages of average daily attendance specified in Education Code 48307.

In addition, transfers out of the district may be limited during a fiscal year when the County Superintendent of Schools has given the district a negative budget certification or when the County Superintendent has determined that the district will not meet the state’s

standards and criteria for fiscal stability in the subsequent fiscal year exclusively as a result of student transfers from this district to a school district of choice. [BP 5117 August 2012; EC 41020, 46600-46611, 48204, 48300-48316, 48350-48361, 48900, 48915, 48915.1, 48918, 48980, 52317]

● Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980(h); FC 6550-6552]

● Attendance in District in Which Parent or Guardian is Employed

The district may, but is not required to accept a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of his/her employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(7), 48980(i)]

● Enrollment of Homeless or Foster Youth

Foster and homeless children living in the District shall be permitted to attend a school in the District unless they: 1) stay enrolled at their school of origin outside the District, 2) their IEP indicates attendance elsewhere, or 3) the parent or guardian, with knowledge of all options, declares in writing otherwise. They also have rights to immediate enrollment in school, site and program attendance, and free after school programs. [EC 48204, 48850-48859, 48645.3, 51225.1, 56055; 5 CCR 4622; WIC 361, 726]

For assistance, please contact the District liaison, Cynthia Guerrero at (714) 964-8888.

● Individualized Instruction

If your child has a temporary disability preventing him/her from attending regular classes, the district will provide individual instruction when possible. [EC 48206.3, 48980(b)]

● Pupils in Hospitals Outside of School District

If, due to a temporary disability, your child is in a hospital or other residential health facility, which is located outside your school district, he/she may be eligible to attend the school district in which the hospital

is located. If this situation should arise, you should notify both the district where you reside and where the hospital is located so that individualized instruction, if possible, can be provided. [EC 48207, 48208]

● Truancy

The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. The three are truant, habitual truant, and chronic truant.

Truant: A student is truant after missing three days of school or three 30-minute periods without a valid excuse.

Chronic Truant: A chronically truant student has missed 10 percent or more school days in a school year.

Habitual Truant: If a student is truant three or more times in a school year and an effort is made to meet with parents, then the student is a habitual truant.

Interventions: Students who are habitually truant, miss a lot of school or are disorderly can be referred to a student attendance review board (SARB), a district attorney mediation program, or the county probation department. Through these programs the student can be given guidance to meet special needs for improving attendance or improving school behavior. The goal is to intervene before a student enters the juvenile justice system or drops out.

● Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including

but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

● District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available on the district website, www.hbcisd.us, and at each school site and may be reproduced at cost. Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPR; ne]

● Academic and Non-Academic Courses, Classes, Electives, Activities, Sports, and Related Facilities

State and federal policies require academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities be available to all students without regard to their gender or gender identity, and irrespective of the gender listed in their records. Staff will not counsel students into programs, courses, or careers based on their gender or gender identity. [EC 221.5, 221.8, 49600; GC 11135, 11138; Title VI, Title IX; § 504; California Interscholastic Federation (CIF) 300D]

● California State Academic Standards

California along with most other States developed and adopted common academic standards in core curriculum areas. They are rigorous, internationally benchmarked, and research- and evidence-based.

Each state, and each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/ or www.corestandards.org. California launched a new computer-based student testing system that ties to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). This new system replaces the Standardized Testing and Reporting (STAR) Program that was based on 1997 standards. Parents can

opt their child(ren) out of CAASPP testing by submitting a written letter. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604.5, 60615]

● LCFF and LCAP

The LCFF (Local Control Funding Formula) changes the way the State provides money to school districts. Under this new system, school districts receive a uniform base grant for every student, adjusted by grade level. Plus they receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 55% of the district's enrollment. More information about the LCFF is available at www.cde.ca.gov/fg/aa/lc/.

The LCAP (Local Control Accountability Plan) is a critical part of the LCFF. Each school district is required to engage parents, students, educators, employees, and the community to establish their plan. Anyone can comment to the school board regarding LCAP proposals or expenditures either by submitting comments in writing or at a public hearing held by the school board for that purpose. The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve these goals. The LCAP must focus on eight areas identified as State priorities. The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Complaints regarding LCAP may be filed anonymously. [EC 305, 52060, 52062, 52066]

Homeless, Foster, and Juvenile Court Youth

Foster, homeless, and juvenile court youth have special rights related to graduation and partial high school credits. They also have the right to an adult to help make educational decisions. More information can be found at the California Foster Youth Education Task Force, www.cde.ca.gov/ls/pf/fy/fosteryouthedrights.asp. Foster and homeless youth also have special rights associated with college, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint. [EC 48645.3, 48645.5, 51225.1, 56055; 5 CCR 4622; WIC 361, 726]

Language Learning Program

The District offers a language learning program, Structured English Immersion — nearly all classroom instruction is in English. [EC 306, 310(b)(2)]

● Curriculum and Personal Beliefs

Whenever any part of the instruction in health or

Your children may decide, or you may decide for them, not to participate in some parts of certain classroom activities for various reasons.

family life education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. [EC 51240]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include instruction in comprehensive sexual health education, HIV prevention education, and research findings regarding pupil health behaviors and risks. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker for ten cents (10¢) per page. You will be notified before such instruction, and have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. At the discretion of the District, staff give such instruction. If taught by a consultant or guest speaker, or in an assembly, parents will receive notice of the dates, name of organizations, and affiliation of speakers by mail or other commonly used method of notification at least 14 days prior to the dates of the class or assembly. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at www.leginfo.ca.gov. [EC 51933, 51934, 51937-51939]

Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255]

Tests/Surveys on Personal Beliefs

You and/or your children over 18 will be notified and will be asked for written permission before your child is given any test, questionnaire, survey, examination, or marketing material containing questions about your child's, or his/her parents' or guardians' personal beliefs or practices in politics, mental health, anti-social, illegal, self-incriminating, or demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility in a program or for receiving assistance), sex, family life, morality, or religion. Parents may also opt out of their child supplying information to be used for marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to the surveys and personal information. Notice will be sent to parents prior to any such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 60614, 60615; PPRa; 34 CFR 98; ESEA]

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

Pupil Records

You and your children over 18 have the right to review, get copies, and inspect their school records within five business days of a written or oral request or before any meeting regarding an individualized education program or a hearing. Those records are confidential, and privacy will be maintained, except in some instances such as when your child transfers to another school. In some instances information about your child may be released to District staff, foster agencies, after school program operators, summer camp operators, lawyers, law enforcement, state researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at each school site by office staff. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation 5125.3 sets forth the criteria by which school

officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for ten cents (10¢) per page. If you cannot afford the cost of copies they will be provided free of charge. You also have the right to file a written request with the superintendent challenging the records. You can challenge how your request was handled with the district or with United States Department of Education if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, comment not based on personal observation with time and date noted, misleading information, or violation of privacy rights. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

● Regulations Regarding Pupil Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

● Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.61]

● Release of Directory Information

The law allows schools to release "directory information" to certain persons or organizations including State and local law enforcement agencies, probation, adoption, child protective agencies, potential employers, public and private trade or professional schools, elected officials, military recruiters, news media in conjunction with activities, honors and awards, and parent groups such as PTA and PTSA. Directory information includes name, birthdate, address, telephone number, major course of study, participation in school activities, dates of attendance, awards and previous schools attended. You may have the district withhold any of this information by submitting a request in writing. Written notification received after the date specified will be honored, but the student's information may have been released in the interim. In the case of students with exceptional needs, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 56515; FERPA; ESEA; ne]

● School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, and disasters. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

STUDENT SERVICES

● Student Meal Program

Your child may be eligible to purchase breakfast and/or lunch free or at a reduced rate. The district may also offer a summer food service program. More information and an application is available in the school office, and may be sent to students' homes. [EC 49510-49520; 42 USC 1761(a)]

● Student Use of Technology

The Governing Board intends that technological resources provided by the district be used in a safe and responsible manner in support of the instructional program and for the advancement of student learning. All students using these resources shall receive instruction in their proper and appropriate use.

Teachers, administrators, and/or library media

specialists are expected to review the technological resources and online sites that will be used in the classroom or assigned to students in order to ensure that they are appropriate for the intended purpose and the age of the students.

The Superintendent or designee shall notify students and parents/guardians about authorized uses of district technology, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities in accordance with this Board policy and the district's Acceptable Use Agreement.

District technology includes, but is not limited to, computers, the district's computer network including servers and wireless computer networking technology (wi-fi), the Internet, email, USB drives, wireless access points (routers), tablet computers, smartphones and smart devices, telephones, cellular telephones, personal digital assistants, pagers, MP3 players, wearable technology, any wireless communication device including emergency radios, and/or future technological innovations, whether accessed on or off site or through district-owned or personally owned equipment or devices.

Before a student is authorized to use district technology, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement. In that agreement, the parent/guardian shall agree not to hold the district or any district staff responsible for the failure of any technology protection measures or user mistakes or negligence and shall agree to indemnify and hold harmless the district and district staff for any damages or costs incurred.

The district reserves the right to monitor student use of technology within the jurisdiction of the district without advance notice or consent. Students shall be informed that their use of district technology, including, but not limited to, computer files, email, text messages, instant messaging, and other electronic communications, is not private and may be accessed by the district for the purpose of ensuring proper use. Students have no reasonable expectation of privacy in use of the district technology. Students' personally owned devices shall not be searched except in cases where there is a reasonable suspicion, based on specific and objective facts, that the search will uncover evidence of a violation of law, district policy, or school rules.

The Superintendent or designee may gather and maintain information pertaining directly to school safety or student safety from the social media activity of any district student in accordance with Education Code 49073.6 and BP/AR 5125 - Student Records.

Whenever a student is found to have violated Board policy or the district's Acceptable Use Agreement, the principal or designee may cancel or limit a student's user privileges or increase supervision of the student's use of the district's equipment and other technological resources, as appropriate. Inappropriate use also may result in disciplinary action and/or legal action in accordance with law and Board policy.

The Superintendent or designee, with input from students and appropriate staff, shall regularly review and update procedures to enhance the safety and security of students using district technology and to help ensure that the district adapts to changing technologies and circumstances.

Internet Safety

The Superintendent or designee shall ensure that all district computers with Internet access have a technology protection measure that protects against access to visual depictions that are obscene, child pornography, or harmful to minors and that the operation of such measures is enforced.

To reinforce these measures, the Superintendent or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities.

Harmful matter includes matter, taken as a whole, which to the average person, applying contemporary statewide standards, appeals to the prurient interest and is matter which depicts or describes, in a patently offensive way, sexual conduct and which lacks serious literary, artistic, political, or scientific value for minors.

The district's Acceptable Use Agreement shall establish expectations for appropriate student conduct when using the Internet or other forms of electronic communication, including, but not limited to, prohibitions against:

1. Accessing, posting, submitting, publishing, or displaying harmful or inappropriate matter that is threatening, obscene, disruptive, or sexually explicit, or that could be construed as harassment or disparagement of others based on their race/ethnicity, national origin, sex, gender, sexual orientation, age, disability, religion, or political beliefs
2. Intentionally uploading, downloading, or creating computer viruses and/or maliciously attempting to harm or destroy district equipment or materials or manipulate the data of any other user, including so-called "hacking"
3. Distributing personal identification information,

including the name, address, telephone number, Social Security number, or other personally identifiable information, of another student, staff member, or other person with the intent to threaten, intimidate, harass, or ridicule that person

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting one's own personal identification information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. [BP 6163.4 November 2016; EC 49073.6, 51006, 51007, 60044; PC 313, 502, 632, 653.2; 15 USC 6501-6506; 20 USC 6751-6777; 47 USC 254; 16 CFR 312.1-312.12; 47 CFR 54.52]

● School Accountability Report Card

The School Accountability Report Card is available on request, and is available annually by February 1st on the Internet at www.hbcasd.us. It contains information about the district and school regarding the quality of programs and its progress toward achieving stated goals. A copy will be provided upon request. [EC 33126, 32286, 35256, 35258, 51101]

● Services to Disabled Pupils

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, tell or write the school. Your child will be evaluated to determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

● Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student's education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family's ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging of fees or deposits. These exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like as woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal, and may be filed anonymously.

HEALTH SERVICES

● Immunizations

A pupil may not be admitted to a classroom setting in school unless he/she has been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, tetanus, and varicella (chickenpox). Students must be immunized for varicella or provide proof from a doctor stating child has had the disease. All advancing students, new students, or transferring students in grades 7 through 12 must be fully immunized, including a required booster against pertussis (Tdap). They shall not be admitted without the Tdap booster.

It is this district's policy that there be no "conditional" admittance to schools. Documented proof that immunizations are up-to-date is required before admission to school is granted. This requirement does not apply in at least the following instances:

- If note from physician is supplied saying physical or medical condition does not allow vaccination.
- If a homeless or foster child is enrolling.

The required immunizations are available through a usual source of medical care, County Health Department, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school.

If an outbreak of a communicable disease occurs at a school, the non-immunized student will be excluded for his/her own safety until such a time as directed by health officials or district administration.

Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying the County Health Department listed in this section. ● Physical Examinations

For each child enrolling in the District for the first time in kindergarten or first grade, the parent or guardian must present a certificate, signed by a physician, verifying that the child has received a physical examination within the last 18 months. If your child does not receive this exam, you must file a waiver with the school district stating the reasons you are unable to obtain such services. You may have your child immunized at the same time that the physical examination is conducted. [EC 49450; HSC 124085, 124100, 124105]

These services may be available to you at no cost through the Child Health and Disability Prevention Program (CHDP). For information, you may contact:

AltaMed
8041 Newman Avenue
Huntington Beach, CA 92647
(714) 842-2829

If you want your child to be exempt from physical examinations at school, file a written statement annually with the school refusing such an exam. However, when there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451; PPRA]

● Kindergarten and/or First Grade Oral Health Assessment

Many things impact a child's school progress and success, including health. Children must be healthy to learn, and children with cavities are not healthy. Baby teeth are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good

about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school.

Parents or guardians must have their child's oral health assessed by May 31 of the student's first school year (kindergarten or first grade). Assessments within the 12 months before the child enters school also meet this requirement. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

● Vision, Hearing, and Scoliosis Screening

An authorized person will check your child's vision upon enrollment (unless the student enters the District in grade 4 or 7) and in grades K, 2, 5, and 8. Hearing tests will be conducted when your child is enrolled or first enters a District school. Between grades 6 and 8, your child may be screened for scoliosis (curvature of the spine). These tests will/may be administered unless you annually present to the school a certificate from a physician or optometrist verifying prior testing, or submit a letter denying consent. [EC 44878, 49451, 49452, 49452.5, 49455]

● Medication

Children may take medication (doctor-prescribed or over-the-counter), which is prescribed by a physician, and get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the medication name, method, amount, and time schedules by which the medication is to taken; and
2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. This includes allowing a school staff member to volunteer to identify the need for, and administer glucagon, epinephrine, and epilepsy seizure medication to a student. The letter gives permission to a district representative to communicate with the health care provider, pharmacist and acknowledge understanding of how the medication will be administered. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine. The District will have a supply of epi-pens at each school site. [EC 49414(d), 49414.7, 49423, 49480]

For your child's safety, we need to know if your child is taking medication on a regular basis.

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

A select list of Board approved over-the-counter products are available for administration in the school Health Offices and on the District website with a signed parent consent.

☰ ● Allergies

An allergy table will be provided at designated lunch times for all students with food allergies upon request. Please notify school staff during the enrollment period if your student has an allergy and needs to eat at a designated allergy table. Students may not share food at school to ensure safety.

☰ ● Sun Protection

Students when outdoors can wear sun protective clothing, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor's note or prescription, however, a signed parent authorization is required. [EC 35183.5, 35291, 35294.6; ne]

☰ ● Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49472]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital

expenses. Some pupils may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 49471]

Enrollment in a Health Care Plan

All children enrolling in kindergarten, first grade, or transferring into the district and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at www.coveredca.com. [EC 49452.9; PPACA]

School-Sponsored Athletics

If student participates in school-sponsored athletics other than regular physical education or an athletic event during the school day, parents/guardians and the student athlete are required to; (1) complete a concussion awareness form annually, and (2) sign an acknowledgement that CIF cardiac arrest information posted on the California Department of Education website was read. If a student participates in an athletic activity governed by the CIF, the school shall collect and retain a copy of the sudden cardiac arrest information sheet. [EC 33479, 49475]

☰ ● Drug, Alcohol, and Tobacco Use Prevention

The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs, alcohol, or any form of tobacco product on District premises or as a part of any District activity is strictly prohibited. Beginning in January 2017, "tobacco product" is defined as (i) any product made or derived from tobacco or nicotine that is intended for human consumption, regardless of how consumed; (ii) an electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device (commonly known as "e-cigarettes"); or (iii) any component, part or accessory of a tobacco product. Except for members of the military, possession of tobacco by those under 21 is illegal and can lead to a \$75 fine or 30 hours of community service. It is illegal to possess synthetic marijuana. School districts may adopt no smoking policies that are not part of the TUPE program. The District has adopted a policy banning electronic-cigarettes (e-cigarettes) and other vapor delivery devices. [EC 48900, 48901; HSC 11357.5, 11375.5; BPC 22950.5(c); PC 308]

This district often seeks funding to support student programs; the district qualifies for Tobacco Use Prevention Education (TUPE) grant money. Money for the grant comes from Proposition 99 (1988) that added a 25¢ tax on each pack of cigarettes. In grades 6-12, TUPE funds support health education efforts aimed at the prevention and reduction of tobacco use by students and

provide intervention and cessation services to students currently using tobacco. All recipients will adopt tobacco free district policies as well as post “Tobacco Use Is Prohibited” signs at all property entrances. [HSC 104350, 104420, 104460]

● Fluoride Treatments

Children are eligible for fluoride treatments through a program organized by the county health officer. Parents will get a record that the treatment was applied. The county health officer will determine how to pay for the program. Parents or a student 18 years old or more have the right to refuse this program using the form provided by the school district. This program is not meant to replace regular profession dental care. [HSC 104855]

● Confidential Medical Services

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil’s parent or guardian. [EC 46010.1]

STUDENT BEHAVIOR AND SAFETY

● School Rules

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office. [EC 35291, 48980, 51101]

● Cell Phones, Pagers, Electronic Signaling Devices

Districts may regulate the possession or use of any cellphone, pager or electronic signaling device while pupils are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. Use is allowed if essential to student’s health as determined by a licensed physician or surgeon. [EC 48901.5]

● Safe Place to Learn

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites and school activities based on actual or perceived characteristics: race, color, ancestry, nationality, national origin, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or association with a person or group with one or more of these actual or perceived characteristics at any school sponsored activity. shall be made known. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. DISCIPLINE

● Parent Responsibility

Parents or guardians are liable for all the damages caused by the willful misconduct of their minor children that result in death or injury to other students, school personnel, or damage to school property. Parents are also liable for any school property loaned to the student and willfully not returned. Parents’ or guardians’ liability may be as much as \$19,200 in damages and another maximum of \$10,600 as adjusted annually by the California Department of Education for payment of a reward, if any. The school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child’s classroom. Civil penalties may also be enforced with fines up to \$25,000. [EC 48900.1, 48904; CC 1714.1; GC 53069.5]

● Impersonation on the Internet

Pretending to be another pupil or real person other than yourself on the Internet or through other electronic methods to harm, intimidate, threaten or defraud is

punishable by a \$1,000 fine or imprisonment for up to one year. [EC 48900; PC 528.5]

● Grounds for Suspension or Expulsion

A pupil shall not be suspended from school or recommended for expulsion, unless the superintendent of the school district or the principal of the school in which the pupil is enrolled determines that the pupil has committed an act as defined pursuant to any of subdivisions (a) to (r), inclusive:

- (a) 1. Caused, attempted to cause, or threatened to cause physical injury to another person; or
2. Willfully used force or violence upon the person of another, except in self-defense.
- (b) Possessed, sold, or otherwise furnished a firearm, knife, explosive, or other dangerous object, unless, in the case of possession of an object of this type, the pupil had obtained written permission to possess the item from a certificated school employee, which is concurred in by the principal or the designee of the principal.

● **Closed Circuit Television Camera Surveillance**

According to Administrative Regulation (AR) 3515 the District is committed to providing a safe environment for its students, staff, and community. It is also important to protect District property from damage or theft. To promote a safe environment for its students, staff and community, the District uses closed circuit television camera surveillance systems. The cameras also protect District property. Places where there is a reasonable expectation of privacy will not be monitored. Videotapes may be used as evidence. [BP 3515]

● **Student Search**

The school principal or designee may search the person of a student, the student's locker, backpack or purse if there is a reasonable suspicion to believe the student may have a concealed weapon, narcotics, stolen property, or contraband. [U.S. Supreme Court Case: New Jersey v. T.L.O. (1985) 469 U.S. 325]

● **Release of Student to Peace Officer**

If a school official releases your child from school to a peace officer for the purpose of removing him/her from the school premises, the school official shall take immediate steps to notify you or a responsible relative of your child, except when a student has been taken into custody as a victim of suspected child abuse. In those cases, the peace officer will notify the parent or guardian. [EC 48906; PC 11165.6]

DISCRIMINATION, PROTECTIONS, COMPLAINTS AND PROCEDURES

All pupils have the right to participate fully in the educational process, free from discrimination and harassment. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

The District is primarily responsible for compliance with local, state and federal laws and regulations and has procedures to address allegations of unlawful discrimination, harassment, intimidation, or bullying against any protected individual or group including actual or perceived sex, sexual orientation, gender, gender identity, gender expression, ethnic group identification, race or ethnicity, ancestry, national origin, nationality, religion, mental or physical disability, age, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any district program, or activity that receives or benefits from local, state and federal financial assistance.

● **Nondiscrimination/Harassment Policy**

The Board of Trustees desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying of any student based on the student's actual or perceived race, color, ancestry, national origin, nationality, ethnicity, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression; or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, includes physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also shall include the creation of a hostile environment when the prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who files or otherwise participates

in the filing or investigation of a complaint or report regarding an incident of discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion for behavior that is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal. [BP 5145.3 May 2016; EC 200-262.4, 48900.3, 48900.4, 48904, 48907, 48950, 48985, 49020-49023, 51500, 51501, 60044; CC 1714.1; PC 422.55, 422.6; 5 CCR 432, 4600-4687, 4900-4965; 20 USC 1681-1688, 12101-12213, § 504; Title VI; Title VII; Title IX; 42 USC 6101-6107; 28 CFR 35.107; 34 CFR 100.3, 104.7, 106.8, 106.9]

● **Sexual Harassment Policy**

The Board of Trustees is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits sexual harassment of students at school or at school-sponsored or school-related activities. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages any student who feels that he/she is being or has been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult to immediately contact his/her teacher, the principal, or any other

available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the principal or a district compliance officer.

Complaints regarding sexual harassment shall be investigated and resolved in accordance with law and district procedures specified in AR 1312.3 - Uniform Complaint Procedures. Principals are responsible for notifying students and parents/guardians that complaints of sexual harassment can be filed under AR 1312.3 and where to obtain a copy of the procedures.

The Superintendent or designee shall take appropriate actions to reinforce the district's sexual harassment policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even where the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. Information about the district's procedure for investigating complaints and the person(s) to whom a report of sexual harassment should be made
6. Information about the rights of students and parents/guardians to file a civil or criminal complaint, as applicable

Disciplinary Actions

Any student who engages in sexual harassment or sexual violence at school or at a school-sponsored or school-related activity is in violation of this policy and shall be subject to disciplinary action. For students in grades 4-8, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Any staff member found to have engaged in sexual harassment or sexual violence toward any student shall

be subject to discipline up to and including dismissal in accordance with applicable policies, laws, and/or collective bargaining agreements.

The Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools. [BP 5145.7 May 2016; EC 200-262.4, 48900, 48900.2, 48904, 48980; CC 51.9, 1714.1; GC 12950.1; 5 CCR 4600-4687, 4900-4965; FERPA; 20 USC 1221, 1681-1688; 42 USC 1983; Title VI; Title VII; 34 CFR 106.1-106.71]

District's Uniform Complaint Process

You may contact your school's office or the District office to obtain a free copy of the district's complaint procedures. The complaint procedure can be used for a variety of issues not mentioned above including but not limited to employee issues and policies and procedures of the district. Confidentiality and privacy shall be respected in all complaint investigations. Complaints alleging discrimination may be filed by a person on their own behalf or on behalf of another person or group of people within six months of the occurrence or when facts became known. Complaints regarding a special needs student or pupil fees may be filed within 12 months of the occurrence. Complaints regarding LCAP may be filed anonymously. Staff dealing with complaints are knowledgeable about the laws and programs they are investigating. The complaint may be dismissed if complainant obstructs or does not provide all information. If the District acts in the same manner, the finding may be affected.
