STEPS & STAIRS Ahead

Advancing Higher Education and Degrees

Scholarship Corner

We are pleased to announce Amber Soileau has been granted an \$8,800 scholarship to McNeese. Congratulations, Amber!

Katie Mhire

Katie is a senior at South Cameron High School. She is enrolled in STAIRS at SOWELA and also takes dual enrollment classes through McNeese. She enjoys dancing, outdoor activities and pole vaulting. Her hobbies include reading, pole vaulting, and working out. She also enjoys doing anything outside, like fishing and hunting with her dad.

Katie is a member of FBLA, FFA, BETA, FCA, and National Honors Society at her high school. After graduation, she plans to attend McNeese State University and pursue a degree in nursing. She plans on becoming a nurse practitioner after receiving her Master of Science in Nursing.

Katie enjoys helping others in any way she can, even if it is something little. This is one of the main reasons she decided to pursue a degree in nursing. She loves traveling and hopes that one day she will be able to work as a traveling nurse to help others and see the world at the same time.

Final Exams Week

April 30-May 3 (Mon-Thurs)

SPRING CAREER FAIR

For current and former students, Thursday, April 12, 2018 at 9:00 am-1:00 pm in the Sycamore Student Center

STUDY TIPS

1. Study in school. Good study techniques begin in the classroom as you take notes. Note-taking is a way of remembering what you were taught or what you have read.
2. Plan your study time. When you sit down to study, think about how much time you want to devote to each topic.
3. Study based on the type of test you are taking. Many teachers tell students ahead of time what the format of an exam will be. This can help you tailor how you study.
4. Resist the urge to procrastinate. If you are a procrastinator, one of the best ways to overcome it is by staying organized.
5. Start a study group. Study groups are helpful because you can work together to come up with ways to remember concepts and then test one another.
