

April 9, 2019

The regular meeting of the Le Roy Central School Board of Education was called to order on April 9, 2019 at 6:04 p.m. by President Jacalyn Whiting in the Board of Education conference room.

The following members were present:

Mrs. Denise Duthé
Mr. Richard Lawrence
Mr. Peter Loftus
Mr. William MacKenzie
Mr. Lloyd Miller (via remote videoconferencing)
Mrs. Jacalyn Whiting

The following administrators were also present:

Mr. Merritt Holly, Superintendent of Schools
Mr. Brian Foeller, School Business Administrator
Mr. Tim McArdle, High School Principal
Mrs. Carol Messura, Elementary Principal
Mr. Robert Blake, Director of Curriculum, Instruction
& Technology
Ms. Chelsea Eaton, Director of Special Education
& Student Services
Mr. James Clark, Elementary Assistant Principal
& Athletic Director

Guests present included a large number of community members, parents and students gathered in support of Le Roy's music program, several members of the media and Josh Englerth, his family and Zac Condidorio, wrestling coach.

During the "Something Special" segment of the meeting, the Board of Education honored Josh Englerth for his Section 5, Class BB wrestling championship in the 132 lb. division. His coach, Zac Condidorio, was present to award the certificate.

During "Open Forum", the following community members addressed the Board of Education to voice their appreciation of the music program at Le Roy Central Schools,

the benefits of a strong music education and to urge the Board of Education to retain all six music teaching positions in order to preserve music offerings for students: Mrs. Rita Pencille (Vice President of Music Boosters Club), Ms. Megan Privatera (current senior and President of Music Council), Miss Aubrey Puccio (current sixth grade student) and Mr. Matthew Austin (parent of Le Roy students).

Mrs. Whiting, on behalf of the Board of Education, assured the guests present that the administration and Board of Education value our music program, the music teachers and students and hold the program only in the highest esteem. She explained that the budget process is a long, involved process that looks at all programs, not just the music program, and reviews them in light of opportunities provided to students and budgetary constraints. Mrs. Whiting informed the group that the vocal music position is included in the budget being presented to the Board of Education tonight for consideration. She thanked them for their passion and their support of music education.

Superintendent's Report: Mr. Holly addressed the issues surrounding the New York State ELA testing that took place last week and part of this week. He reiterated that the District goal was to have 100% participation in the assessments by students. Grades 3-6 testing was computer based and ran into a number of glitches with New York State. He was disappointed that many of this year's computer problems were encountered last year as well and clearly had not be rectified by the State. Mr. Holly was very impressed with the students and faculty for their calm patience in response to these problems. Grades 7-8 testing did not encounter similar issues because testing is still done with paper and pencil. Mr. Holly reported that the district had approximately 27 students opt out of

the testing, which was a significant decrease from the past which numbered in the mid-70's. The Math assessments are upcoming in May.

Mr. Holly's "One Minute or Less with the Superintendent" last week focused on the first responder onsite training at Le Roy Schools taking place on Monday-Wednesday of this week. Chief of Police Hayward and Officer Kellogg joined Mr. Holly on his broadcast. This training allows practice for the first responders to various scenarios and, also, familiarizes the responders with the District building layout to be better prepared in case of an emergency response to the campuses. This is the second year this training has taken place and the District looks forward to working with first responders to provide district facilities for this training on an annual basis.

Mr. Holly reported that he and Mr. Foeller attended the Utica Insurance Safety Conference on March 27th and was pleased to announce that Le Roy Central School District is one of 150 school districts in New York State to receive a safety award. The school was awarded the titanium with honors designation.

Acting upon a recommendation of the Superintendent and on a motion given by Mrs. Duthe and seconded by Mr. Lawrence, the Board of Education approved the following consent items, as listed:

1. Minutes of the March 26, 2019 regular meeting, as presented.
2. Warrants for the following accounts and bills contained thereon, as presented:

| GENERAL ACCOUNT | - | \$ 663,708.35 |
| CAFETERIA ACCOUNT | - | \$ 969.28 |

3. Recommendations of the Committee for Special Education, as presented

Voting: 6 Yes, 0 No. Motion carried.

PRESENTATION: The Budget and Finance Committee met on Thursday, April 4th to review the newly passed New York State budget and its impact on Le Roy's 2019-20 financial planning. The District did receive an additional \$61,000 in foundation aid. Mr. Holly reiterated that the committee, the administrative team and the Board of Education went to great lengths to review each and every program and department to ensure that the district is providing the best opportunities and challenges for our students while continuing to be fiscally responsible to the taxpayers of the community.

Mr. Holly stated that extra consideration was given to review of the special education department and it was determined that in order to meet the increasing number of students with special needs and to meet the requirements of each student's IEP, a full-time special education teaching position needed to be added at the elementary level. That is included in the budget being considered tonight. In addition, as discussed at previous meetings, a full-time reading teaching position is also added at the primary level. Mrs. Messura indicated that research indicates that if a student is not reading at grade level by grade three, that student will continue to fall further and further behind. Mr. Holly discussed that if we are to graduate students "college and career ready" that begins with reading at the primary level. Mrs. Messura also stated that early intervention is the key and currently the district does not have the staffing in place to make that difference. The Leveled Literacy Intervention Program, which is designed to be a 6-8 week intervention program, has turned into a landing ground for many students. In years' past, the district had a reading teacher at every level, however, with the large budget cuts a while back, the

district needed to abolish a reading position. This position will allow the district to better assist students to achieve reading goals.

Mr. Holly also reported that in the budget is the addition of a 0.50 FTE business teaching position at the high school. Currently, the district shares a business teacher through Genesee Valley Educational Partnership, splitting his time between Le Roy and Elba. This will increase that 0.50 position to a full-time teaching position with the District. Mr. McArdle explained that this will allow an offering of electives to include computer science and agricultural business. In addition, through scheduling changes and the staffing increase, the career and financial planning class will be available to more students. When meeting with alumni of the district, Mr. McArdle reported that they often convey to the school that more classes in computer science would be most beneficial and that every student should take the career and financial planning course. Presently, there are approximately 140 students taking business classes at the high school and Mr. McArdle only sees that number increasing with the additional class offerings this position will provide.

Mr. Foeller presented the final draft of the 2019-20 budget proposal. This budget includes the 2.5 additional teaching positions that Mr. Holly discussed earlier. The total budget proposal is \$25,909,998 which is a budget increase of \$710,770 or 2.82%. The largest increase in budget comes from the professional/teaching salaries, followed by an increase in BOCES services. There is a modest decrease in district contribution rates for the New York State and Local Retirement System and the Teachers' Retirement System. Other notable changes from last year's budget include a 3% increase in health insurance rates, increases in special education placements and program costs, and increases to

transportation costs due to athletic schedule and potential of busing students in grades 1-3.

The levy will increase \$288,701 or 2.89%. This is below the allowable tax levy limit of 3.45%. Mr. Foeller reiterated that the tax rate is not set until the final assessment figures are received in the summer. At this time, his best estimate would be a 2019-20 tax rate of approximately \$23.85.

The Annual Public Budget Hearing is scheduled for Tuesday, May 14th at 6:00 p.m. in Memorial Auditorium.
