## Students explore the university world of robotics at UH

Laura Everett traveled with her Robotics and Rocketry students recently to visit the Cullen College of Engineering at University of Houston. They were treated to a day of memorable activities by students, staff and professors from the college.

The morning was spent completing engineering and robotics challenges, then the students enjoyed tours of two robotics labs on campus that afternoon. The first was a lab where UH is studying brain-machine interface systems that can be used to create robots to help people regain their ability to walk

and move. The second lab was the Swarm Robotics lab, with very small robots that can work together as a group, similar to bees or ants. The day was inspiring!

Visit the UH website for an awesome video of the trip at [www.egr.uh.edu/news/multimedia](http://www.egr.uh.edu/news/multimedia) > Coldspring Robotics Outreach.

## Basketball Playoffs: Lady Trojans vs. Newton Feb. 12

The Lady Trojans have battled their way to the first round basketball playoffs next week. They are set to faceoff against Newton at 6:30 p.m. on Monday, Feb. 12th, at the Livingston High School gym.

Playoff t-shirt order forms are available at any campus office, or at the COCISD administration office. The shirts are short-sleeved and available in Youth L—Adult 4XL, \$20 each. For information call 936-653-1115

Creating  
Opportunities

The vision of COCISD is Creating Opportunities for All!

## Did you know?

- The COCISD website is a great resource for parents, students, and staff. Visit [www.cocisd.org](http://www.cocisd.org) to explore a variety of information about the district. Each campus website has similar tabs that can help you view faculty pages, calendar items, the Parent Portal and other important resources.
- The COCISD Education Foundation is a non-profit organization created to support education by raising money for grants awarded to teachers, departments and campuses for innovative projects that would not otherwise be funded.

## Bond projects and CTE plans are moving forward

COCISD Bond projects and CTE plans are moving forward and making good progress.

Architects and administrators have been meeting with staff to work on final drawings for buildings, and construction has already begun on the high school track. It will be finished in time for the spring track season. Construction will begin on campus projects as soon as school releases for the summer.

Administrators traveled to Sam Houston State University on Jan. 19 for a meeting with university leaders that laid a foundation for future partnerships and Career and Technical Education (CTE) opportunities for our students.
