Dear Parent,

Your child's school has been chosen to take part in the State of Hawaii, Department of Health, Hawaii Smiles Program to learn about the health of children's teeth in your county and across the State. As you know, a healthy mouth is an important part of overall health and a child's ability to learn. "Hawaii Smiles" will help us plan future dental health programs.

If you give permission, a dentist or dental hygienist will take a quick look at your child's teeth using a mouth mirror. The screening will take about one minute. No x-rays will be taken and no dental treatment will be provided. Even if your child has been to a dentist recently, we encourage you to participate in the program. The information collected will help guide planning decisions that will benefit all of Hawaii's children. Your child's information will be kept confidential.

Please complete and sign the consent below, and return it to your child's teacher. If you check YES and return the form, your child will receive the free dental screening and get a special reward with a letter describing the results of the screening. To show our appreciation and to help support your child's dental health, please accept the dental goodie bag sent home with this letter. If you have any questions regarding the program, please call your assigned public health nurse (listing attached).

Sincerely,

Danette Wong Tomiyasu
Chief, Family Health Services Division
