What should I expect in my child's Kindergarten?

AM/PM allows for two teachers in the room, for part of the day, working with differentiated groups.

Small-group instruction meets the varying needs of our students in all subject areas.

Example:

one group might be working on writing sentences in their journals, while another group might draw pictures.

A Snapshot Of Our Day

- **Morning session** runs from 8:05 to 11:25
- **Afternoon session** runs from 11:30 to 2:50
- Every Wednesday – afternoon students arrive early 10:00 and all students are released at 1:20.
 - Children arrive for class & line up on the playground side
 - End of Day – children are released at the front door (facing the 1st Grade wing)
 - 20 minute snack-recess – 10 min. eating/10 min. play
 - Separate, enclosed playground for kindergarten only with teachers (not yard duties) supervising the children.

Intra-District Transfer Within the District

If you are thinking of having your child attend a school other than your home school—

- Register at your home school first
- Request an **INTRA**-district transfer form from the District Office.
- Return the Intra-district application to the District Office before **March 1**
- You will be notified in late August if space is available in the school you have requested

Inter-District Transfer Policy Outside of USD

- Contact your home district and request an **inter-district transfer**.
- Until that request is approved by the home district, no other action can occur.
- Once approved by the home district, you may then apply to attend one of our district schools.
- Parents will be notified in August if their application was approved. Please note that an inter-district transfer provides you with a placement in Union District, but may or may not be at the particular school that you request.
