

Collaboration Summary 11/18/16

The elementary ELD teachers met with director Lindi Dreibelbis to finalize the revised reclassification criteria. They invited Carrie Hetzel to provide more in-depth information regarding appropriate grade level cutpoints especially related to the District Writing Assessment and the new Fountas and Pinnell reading assessments. The finalized recommendations will be presented to the elementary principals and submitted to the Governing Board for approval. We also discussed some successful iPad apps for newcomers at the higher elementary grades.
