

**GARVEY SCHOOL DISTRICT**  
Rosemead, California

Minutes of Regular Meeting  
May 16, 2013

The Garvey Board of Education met in regular session on May 16, 2013, at the Education Center, 2730 N. Del Mar Ave., Rosemead, California.

**CALL TO ORDER**

The meeting was called to order at 6:30 p.m., by Board President Tony Ramos.

**ROLL CALL**

Present at the meeting were Mr. Bob Bruesch, Ms. M. Janet Chin, Mr. Henry Lo (arrived at 7:45 p.m.), Mr. Tony Ramos Mr. John Yuen (arrived at 6:33 p.m.), and Superintendent Dr. Sandra Johnson.

Also in attendance were Mr. Genaro Alarcon, Mr. Robert McEntire, and Ms. Maria De La Cruz.

**VISITORS PRESENT**

Present as visitors were the persons listed on the attached Register of Attendance who signed the register and whose signatures were legible and which is hereby made an official part of these minutes.

**PLEDGE OF ALLEGIANCE TO THE FLAG**

Mr. Greg Isom led the recitation of the Pledge of Allegiance.

**COMMUNICATIONS/REPORTS FROM THE BOARD AND SUPERINTENDENT**

Dr. Sandra Johnson stated that this week she attended a luncheon with Dr. Mary Suzuki and seven Dewey School staff members that were being honored, along with other staffs from all schools in the Los Angeles County receiving Title I Achievement Awards, California Distinguished School Award, or the Blue Ribbon School Award. The luncheon was held at the Marriott Hotel, Burbank, California. Speakers at the luncheon were State Superintendent Tom Torlakson and L.A. County Superintendent Art Delgado.

Dr. Johnson shared with the Board a sample of the revised District letterhead adding the District's vision statement: *"Providing a premier education in a 21<sup>st</sup> century learning environment to develop tomorrow's responsible leaders."*

Dr. Johnson noted that Dr. Mary Suzuki was not attending tonight's Board meeting due to Dr. Suzuki's daughter receiving her doctoral degree..

Dr. Johnson gave an update on transitional Kindergarten next year. The State has added another month for transitional kindergarten for those children who turn 5 in October or November. Parents have been informed of this as they register their child. Janet Chin asked about the response from parents. Dr. Johnson stated there have been very positive comments about this change.

Janet Chin stated that the Los Angeles County School Trustees Association (LACSTA) will be holding elections on Monday, May 20, 2013 at the Proud Bird Restaurant near L.A. Airport. Ms. Chin stated she will forward to Dr. Johnson for distribution to Board members an e-mail regarding the Governor's overview on the Local Control Funding Formula and it contains some May Revise information. Ms. Chin commented on a free Webinar on May 22, 2013, at 4:00 p.m. to learn about a campaign from the National Council on Teacher Quality and findings from the commission on how to support local efforts on education equity including a discussion on poverty. Ms. Chin will forward this information to the Superintendent for distribution to Board members.

Bob Bruesch spoke of a Memorial Day Celebration on May 27, 2013, at 10:30 a.m. being held at the Savannah Memorial Park by the City of Rosemead. Mr. Bruesch stated that tomorrow he will be attending a CSBA representative delegates' assembly. He stated that a committee is looking at what everyone is doing to implement Common Core Standards and a new way of evaluating teachers. Dr. Johnson stated that according to information from the Governor's Office, an additional one billion dollars will be allocated as one-time funding to implement Common Core Standards.

Tony Ramos thanked Dr. Johnson for the continuous update to the Board on this morning's lock down of some of our schools. Bob Bruesch suggested that a letter of recognition from the Board be sent to school principals and the police chief of the local agencies involved. Dr. Johnson indicated that there was a detective placed at each of the campus and the police secured the perimeter of the schools.

Mr. Ramos shared an e-mail he will forward to Dr. Johnson regarding an in-service on pathway to college and internet safety by Azusa Pacific University. He hopes that the District will offer any help available. Mr. Bruesch stated that today the Kiwanis Club heard a report on Woodcraft Rangers receiving a grant of approximately \$500,000 for after-school programs related to STEM.

## **REPORTS AND INFORMATION ITEMS**

- A. Mr. Greg Isom and Mr. Jason Yun gave a presentation on refinancing of General Obligation (GO) Bonds.

Mr. Isom stated that refinancing of outstanding bonds saves tax money for property owners. Mr. Yun gave a background on GO bonds issued in 2000 and in 2004 for \$15 million and \$30 million respectively. The District has an opportunity to re-finance the remaining funding of the 2004 bonds similar to the refinancing in 2011. The analysis of potential savings shows \$349,000 depending on the chosen refinancing structure of refinancing the outstanding bonds funds of 2000 or combining the two debt issues (2000 and 2004).

Mr. Isom spoke of the timelines for this refinancing opportunity hoping for an approved Board resolution at the next Board meeting. Dr. Johnson spoke of the moral and ethical obligation to our community whenever there is an opportunity to refinance bonds and how this could help us pass another bond in the future. Mr. Isom gave updated information on the District's bond capacity and shortly he will provide information on how soon it would be advisable to pursue a future tax measure. Mr. Ramos requested that the bond resolution be brought to the Board at the next Board meeting.

- B. Robert McEntire, Genaro Alarcon, and Dr. Sandra Johnson clarified District information related to safety concerns, employee complaint due process, and changing requirements to the master schedule of classes in the 2013-14 school year.

Mr. McEntire gave a presentation on classroom and office safety and the shorter summer cleaning periods. He discussed some of the major causes for accidents and preventive actions, as well as, State and County earthquake safety requirements for classrooms. Mr. McEntire showed photos of examples that could present a safety problem in case of fire or earthquake.

Mr. McEntire addressed safety needs related to issuing keys to school personnel, a focus on staff training, and having a risk management department conduct annual inspections at every site, along with a safety committee that will address safety concerns and solutions to having a safe environment.

Bob Bruesch asked if there was a written policy about having maintenance or vendor trucks driving across the fields. Dr. Johnson stated there was no written policy; however, staff has been directed

not to do so. Mr. Bruesch asked for this matter to be brought up as a future agenda item for discussion.

Mr. Bruesch addressed the need for storage space in portable classrooms. Dr. Johnson stated that a walkthrough has been completed by Mr. Art Reynolds to create a list of all the furnishing in every classroom. Mr. Bruesch hopes for a continued dialogue as a community to find a balance in the classroom environment, especially at a time when new textbooks are being considered for adoption and the licensing costs of electronic textbooks. **Regarding the requirement of 20 percent wall covering, Mr. Bruesch stated that he does not want sterile classrooms; he totally believes this does not enhance education.**

Henry Lo asked whether or not this discussion related to preventive work or if the District had been cited for safety violations. Mr. McEntire stated that this is a continued effort to reinforce some real safety protocols that the District has had in place. The District has been working with Merge-Risk Management Joint Powers Authority (JPA) to obtain insurance and liability policies that include staff training and annual inspections throughout the year. The safety audits have been sent to principals for corrective action, and this year there is an effort to reinforce the next level of training about fire, earthquake, lock down and active shooter procedures; at the same time, the District is preparing for a short summer in order to clean all the schools. Mr. Lo reminded everyone that besides safety in the classroom, there is the reality of limited space and storage capacity needs for teachers that should include teachers in this discussion. Dr. Johnson spoke of the workers compensation rate and our District having the worst worker's compensation expense in the JPA.

John Yuen spoke of the need for the community to understand and for people to be informed of the actions taken and justification for these actions. Janet Chin commended the efforts and safety protocols as the next step that would ensure the safety of teachers and students in the classroom.

Dr. Johnson talked about the steps needed to develop a model classroom for the 21<sup>st</sup> Century and the need to consider available new technology so we don't have to lose student's work. Henry Lo asked for another presentation on the need for pursuing another bond to improve the classrooms in the District, to redesign classrooms, and address the safety concerns. Mr. Bruesch spoke in opposition to having classroom libraries disappear and not allowing elementary school kids use a variety of literacy (fiction and non-fiction) books in school.

Genaro Alarcon addressed the process that has been used for a long time with the existing Board Policy 1312.1 in response to complaints, filed against District employees. He addressed the process of conducting investigations and carefully following due process entitled to every employee. He addressed the issues of confidentiality and protecting the privacy of students and employees. Mr. Alarcon stated that many times complaints are resolved at the first level where there would be no need to conduct investigations. Any action that presents a risk or liability for student safety or District property is done in consultation with legal advice from the District's legal counsel or law enforcement agencies.

Bob Bruesch asked about actions that required immediate attention when a threat to a child or employee is reported. Mr. Alarcon described the process for handling complaints and mentioned the need for common sense required to determine the appropriate actions when an investigation is being conducted. Board members discussed at length issues related to the definition of inappropriate behavior and having an annual Board report or a list on the most frequent types and number of complaints filed.

Dr. Sandra Johnson gave an update on the changing requirements for master schedules and explained some of the changes being made. Dr. Johnson talked about the Equal Access Law, Ed Code Section 200, "to afford all persons in public schools equal rights and opportunity in educational institutions of the State." Dr. Johnson indicated this does not mean equal treatment to all students, only equal access to their education. Dr. Johnson spoke of the required core subjects and the need for an ELD class for

beginning, intermediate, and long-term English language learners. She spoke of intermediate schools current master schedule having a 7-period day that needed to change. Dr. Johnson described the changes being considered to address these needs.

Dr. Johnson noted a large number of students that had neither science nor social studies classes. Currently, the District cannot extend the school day due to contractual requirements that require negotiations to change. Next year, the District will be going to six periods, 54 minutes long, with a 3-minute passing and having all subjects and except Read 180 being one-period long.

John Yuen recommended that teachers be involved in the discussions relating to constraints and requirements under the law, with the understanding that it is for the best interest of students to work together.

Bob Bruesch asked for clarification on the Read 180 class and the intervention class with an AB Schedule. Dr. Johnson described the concept of a wheel with alternating classes or alternating days for intervention classes in math and language arts with two different teachers. Mr. Bruesch asked about academic vocabulary, language, and STEM classes that are called for in Common Core Standards. Dr. Johnson stated that the District will continue to work on revising the pacing guides to include Common Core Standards as the District transitions. She also noted a large influx of new-comer students who speak no English and are in great need of a separate new-comer class for acculturation and full immersion in English.

Janet Chin was shocked with the large number of students with no science or social studies classes, and stated she is grateful for the corrective action that the District is taking. Dr. Johnson stated that we still have an obligation to provide understanding of our government and U.S. history and science. Ms. Chin asked about staffing or additional hiring needs. Dr. Johnson indicated that the principals are gathering the data necessary to develop the master schedule and determine the teachers that will be needed.

Tony Ramos asked about the effects the master schedule will have on the teachers' planning period. Dr. Johnson stated that this schedule does not make changes in the planning period.

## **MOTION TO EXTEND THE MEETING**

On the motion of Janet Chin, seconded by Henry Lo, and carried by a vote of 5 to 0, the Board extended the meeting to 11:00 p.m.

## **REPORT FROM UNION REPRESENTATIVES**

- **Garvey Education Association (GEA)**

Michael Drange, president of GEA, addressed the Board regarding the master schedule stating that the schedule was given to teachers without explanation or input. Mr. Drange applauded the police action during the recent lock down situation at two schools, Monterey Vista and Hillcrest. Mr. Drange cited safety concerns for other District schools in the area that were not placed in lock down, e.g., Bitely Elementary School, and Garvey Intermediate School.

Mr. Drange spoke of the safety presentation by Mr. McEntire and some of his concerns about implementation. Mr. Drange indicated that while the bond refinance seems like a great thing, if the District goes forth with another bond, that teachers will oppose and campaign against the bond because of the way the District is operating.

Henry Lo asked about the middle school schedule. Mr. Drange stated that GEA had previously had a conversation with Anita Chu, former Assistant Superintendent of Instructional Services, regarding

students not having social studies and science classes and ways to deal with this, thus the 7-period day was instituted. Mr. Drange indicated that teachers have come up with the idea of an 8-period day.

Bob Bruesch stated he heard that teachers were asked to clean up their rooms, and asked if substitute teachers were hired during the cleaning period. Dr. Johnson stated that there were some immediate safety issues but the employee had a Worker's Compensation claim regarding his back. The teacher's students were placed in another classroom and a substitute custodian was called for assistance. This was a situation where classrooms materials were still in the room from a teacher that had retired three years ago.

- **California School Employees Association (CSEA)**

Olivia De Leon, president of CSEA, Chapter 292, addressed the Board minutes of April 25, 2013, regarding her comments on Assembly Bill 1908 signed by the Governor that includes a 60-day notice requirement for intent to lay-off classified employees. Ms. De Leon asked the Board to amend the minutes reflecting this requirement. Ms. De Leon asked the District to comply with the required 60-day notification using June 30, 2013 as the employees' last work day.

Dr. Sandra Johnson spoke of the difficulty she and Mr. Alarcon had had in meeting with GEA. She stated that two or three negotiation dates had been given to GEA each month but they had not met all year. The District would like to reinstate these meetings and have the opportunity to talk.

Dr. Johnson spoke regarding the safety concern for the recent lock down of Monterey Vista and Hillcrest Schools. Our staff was told by the Monterey Police Department to place the schools on lock down only as a precautionary effort, as the real danger was at the southwest corner of Monterey Park by East Los Angeles College. Staff contacted the Sheriff's Department and they said there were no threats or safety concerns for the other schools in the District. Principals were told to be extra vigilant and keep classroom doors locked. The principals and the District were in constant communication until the police department called to say that the suspect was captured.

Dr. Johnson spoke of the classified reductions and/or reduced work year. These items have not been negotiated as Marie Alexander has been out of town in Sacramento on CSEA business. The District will need to meet with Keesha Woods, L.A. County Director of Head Start to determine the reductions needed.

Terry Skotnes asked to address the Board regarding Dr. Johnson's comments about collaboration with GEA. His request was out of order to speak at this time. John Yuen stood and stated the Board was there to hear both sides, but everyone needs to follow the structure that is set in the meeting. He asked that everyone try to work together and if anyone wants to speak, the individual should follow the right procedures. Mr. Skotnes left the Boardroom. Ms. Chin noted that Mr. Yuen did not attempt to stop anyone from speaking or escort anyone out of the room.

#### **REPORT FROM HEAD START REPRESENTATIVE**

Carolyn Wong, Director of Head Start/Preschool, addressed the Board regarding the non-Federal share of \$90,383 for April 2013. She stated that services included 4,381 hours provided in 29 classrooms.

Ms. Wong spoke of the monitoring and deadline for completing Facilities issues, enrollment, and a few record keeping issues to ensure that files are in order in Human Resources. Ms. Wong stated that the 15 hours of professional development have been met by all employees because of professional development for teachers and instructional assistants during the summer and in the months of October, December, March, and

next week. All of these items need to be completed by May 31<sup>st</sup>, no later than June 30, 2013, when the current grant ends.

Ms. Wong indicated that they are focusing on being fully enrolled 30 days before classes start on July 8, 2013. Currently, three of five classes are fully enrolled, and one class is filling up. Staff is working closely with LACOE to figure out a plan to meet this deadline. Ms. Wong reported that the Self Assessment was sent to LACOE for submission to the California department of Education. The report shows improvements in language and literacy requirements. Ms. Wong indicated that LACOE is providing our District three smart tables with 270 programs appropriate for child development classes. Teachers will be identified for training and maintenance of the smart tables that will belong to the District until told otherwise by LACOE staff.

Ms. Wong stated that staff is working on a number of items in preparation for the upcoming accreditation on May 27 through June 14, 2013.

Janet Chin asked for a copy of the Head Start flyer from Dr. Johnson so she can forward to Channel 3 Cable News. Dr. Johnson noted today's Board approval of \$100,000 grant from LACOE for Head Start playground equipment.

#### **Action Items**

- A. Board Policy/Administrative Regulation 3280 (Sale, Lease, Rental of District-Owned Property First Reading and possible approval of BP3280 and AR 3280.

Bob Bruesch requested that staff ask CSBA for their actual legal version with notes on the rationale for the language of BP3280 and AR 3280. Dr. Johnson stated that the final policy will be discussed with the Surplus Property Committee.

Janet Chin moved, Henry Lo seconded, and the motion carried by a vote of 5 to 0, to approve the first reading of Action Item A as presented.

- B. Board Policy/Administrative Regulations 3260 – Fees and Charges Second Reading and possible approval of BP3260 and AR3260.

Dr. Sandra Johnson described the changes made to BP/AR 3260, regarding insurance for student laptops as an optional charge and the parent's responsibility for loss or damage.

Tony Ramos moved, Bob Bruesch seconded, and the motion carried by a vote of 5 to 0, to approve the second reading of Action Item B. as presented.

- C. Board Policy/Administrative Regulations/Exhibit 1312.1 – Complaints Concerning District Employees

Bob Bruesch moved, Janet Chin seconded, and the motion carried by a vote of 5 to 0, to review and discuss Board Policy/ Administrative Regulation/Exhibit 1312.1 – Complaints Concerning District Employees.

Janet Chin suggested adding a space to write the e-mail on the complaint form, page 5. Board members discussed any additional changes to BP/AR/E 1312.1. Dr. Johnson clarified that some issues in a complaint may be perceived as union contract violations. Bob Bruesch asked for clarification on the grievance levels 2-4 or situations that would warrant the removal of a teacher from the classroom. Dr. Johnson reminded the Board that administration is bound by confidentiality and privacy concerns for investigations at all levels of the complaint procedure. Henry Lo asked if the language of the policy is written according to CSBA recommendations. Mr. Bruesch commented that the policy is to include steps suggested by CSBA for school districts to avoid violating employees' civil rights. Mr. Bruesch suggested Dr. Johnson call CSBA for the best language that would avoid legal liability for the District.

Board members asked to continue discussion of the policy at the next Board meeting.

D. Classification of Education Protection Account (EPA) Fund Expenses

On the motion of Bob Bruesch, seconded by Tony Ramos, and carried by a vote of 5 to 0, the Board approved classification of EPA Fund expenses to Teacher Salary and Benefits only.

E. Expulsion of Student

On the motion of Tony Ramos, seconded by Henry Lo, and carried by a vote of 5 to 0, the Board waived the District's policy regarding disclosure of the student's name in public for Action Item E.

On the motion of Bob Bruesch, seconded by Tony Ramos, and carried by a vote of 5 to 0, the Board approved the recommendation to expel student 12-13-03, for the period ending June 14, 2013. The student is an 8th grader at Temple Intermediate School, for violation of the conditions of his suspended expulsion and violation of the following Education Code:

48900(c): unlawfully possessed, used, sold, or otherwise furnished, or been under the influence of, a controlled substance.

**PUBLIC AGENDA ITEMS:** None

**FUTURE MEETINGS**

Bob Bruesch asked for information on the percent of students who received laptops in the middle schools, and the percent of laptop damages and repairs to see the effectiveness of the program.

Tony Ramos asked for continuation of classes on cyberbullying and internet safety.

Dr. Johnson stated that staff is planning to bring back a discussion on common core standards at the June meeting.

Henry Lo asked for a possible joint Board meeting with the Alhambra Unified School District, possibly on a Tuesday to discuss issues of common concern for both Districts. Dr. Johnson asked for the opportunity to bring back potential discussion topics.

Tony Ramos noted the need for another special Board meeting to discuss the District's core values as part of the District's vision.

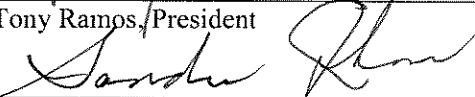

The following are future Board meetings and agenda topics. Public session will begin at 6:30 p.m., and closed session to begin at 7:00 p.m.

Meeting Date	Agenda Topic
June 6, 2013	
June 27, 2013	

**ADJOURNMENT**

There being no additional items, the meeting was adjourned at 10:43 p.m.
