### School Description

Webster Elementary School, a 2004 California Distinguished School, serves approximately 550 kindergarten through 6th grade students. Webster Elementary is located in a residential area 10 miles east of the city of Madera and 10 miles northwest of the city of Fresno. The Golden Valley Unified School District was established in 1998 and is led by a five-person school board. Webster is one of two elementary schools in the District. Webster's students feed into Ranchos Middle School and then into Liberty High School.

Webster Elementary is more than academics, we instill in our students the values that make Madera Ranchos an ideal place to live and raise children. In 2014, The Bonner Center for Character Education and Citizenship based at Fresno State's Kremen School of Education and Human Development, recognized Webster Elementary for its character education program. The recognition reads Webster is being recognized "For Exemplary Commitment to the Character and Virtues Education of Its Students." The Webster staff and community are committed to educate the whole child. We emphasize and reward students for displaying positive character traits in the classroom, on the hallway, and the community. We believe that victory without honor is no virtue. We aspire to achieve with character.

### Mission

The Webster community works collaboratively to create a positive school climate. We strive to develop good character and focus on achieving personal and educational goals. We take pride in increasing student achievement through exemplary practices and resiliency.

### Vision

Achievement with Character.

### Belief Statements

We believe that:

Learning is contagious in a respectful environment.

Learning is relevant, authentic, and appropriate.

Character development is essential to a well-rounded education.

Competition creates perseverance, pride, and motivation.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

White	34	31	91.2	64.5
Socioeconomically Disadvantaged	45	42	93.3	50.0
Students with Disabilities	20	16	80.0	37.5

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

	<b>5</b>	20	18	90.0	5.6

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**C. Engagement**

**State Priority: Parental Involvement**

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2016-17)

Webster Elementary School is very fortunate to enjoy the benefits of concerned, involved parents who show strong support for the school. The Webster Parent Teacher Club meets monthly with a focus on providing classroom supplies and resources over and above what the District supports, so there can be a richer academic environment. The School Site Council meets to advise on the School Site Comprehensive Plan, which is updated each May. The English Language Advisory Committee meets to address the needs of English Language Learners at Webster. This committee looks at how state and federal funds are used to support children and the supplementary materials utilized to address student needs. Numerous opportunities exist for parents to get involved at the school site. Among the opportunities are participation on the School Site Council (SSC) and the English Language Advisory Committee (ELAC). Other activities for involvement include helping teachers and students in classrooms, working in the library, attendance at sports' events, drama presentations, and musical performances. For more information on how to become involved, please contact Principal Lalo Lopez at 559-645-3540.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

Webster Elementary School has a Safe School Plan that is reviewed and updated annually. Plans are reviewed with staff annually often at the beginning of each School Year. Our WES School Site Council (SSC) approves our Safe School Plan. Emergency drills are conducted to prepare students and staff in the event of an emergency. We strive to maintain a safe, clean, respectful and orderly school campus that encourages positive attitudes in students and staff. A joint effort between students and staff help keep the campus clean and litter free. Site maintenance staff surveys their campus as the first order of business each day. They insure the campus is clean, any vandalism is corrected, and that the campus is presentable and representative of the priority Golden Valley Unified School Board sets on safety and appearance. Webster Elementary School's comprehensive safety plan was reviewed and updated in September of 2016 by the WES faculty. These changes were approved by the Golden Valley Unified School District Board of Trustees on October 25, 2016.

#### Professional Development provided for Teachers

Over the last three years, the primary mode of enhancing teacher's pedagogical practice has been through weekly two hour grade level collaboration and staff development sessions to identify and implement effective teaching strategies to better meet the needs of students. During grade-level collaboration, our professional learning community has been hard at work on the Cycle of Inquiry (COI) using State assessment and Core Curriculum Benchmark data dis-aggregated in School City to identify and address students' strengths and weaknesses within each classroom and across grade levels. During this time, teachers and paraprofessionals discuss the performance of both individual students as well as student-groups. Through the Cycle of Inquiry, the staff has been able to continually monitor student progress and reteach essential standards to ensure that all students are growing academically. The Learning Lab also has disseminated data to identify those students who have tested out of the lab, so that other students may get additional support. In short, our focus has been to unwrap content standards, develop units and lessons as a team, adhere to the Explicit Direct Instruction model when delivering instruction, evaluate student learning by analyzing achievement data and modify the instructional plan to better meet the need of all students.

#### Types of Services Funded

Title I funding supports Webster's after school tutorial program and reading intervention during the school day.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
