

# Kiski Area School District

## Dental Preference

200 Poplar Street, Vandergrift, PA 15690

The Pennsylvania School Health Law requires that each student have a dental examination in grades K/1, 3, and 7, and in other grades if no record of a dental examination is on file.

The best interests of your child are served by having a continuous relationship with a family dentist. If you prefer, however, the examination can be done by the school district dentist.

**Please check one of the areas below:**
