Why prep for the SAT?

Standardized test scores are one of the top 3 factors in college admissions.

Answering just five more questions correctly could raise your score by as much as 100 points.

A great score on the SAT can lead to merit-based scholarship opportunities.

What our Families say:

“Alice was AMAZING! Emily was a nervous test taker. She needed reassurance even more than information. Alice was kind, nurturing, supportive, positive, and helpful! She was the PERFECT solution for Emily!!”
— Melanie B., Cypress, CA

“Both tutors helped to relax our student. They taught her the basic processes of each part of the SAT. The math tutor helped with geometry topics which were not taught in high school. She really knew her material. The English teacher helped her tremendously in the writing portion of the SAT, as well as in the English section. Our student liked both tutors very much, great fit.”
— Debra D., Natick, MA

“Both James and Erica were excellent tutors!...Both provided excellent advice and strategies on each section of the test. This wonderful preparation prepares you for anything the College Board could possibly throw at you!”
— Karen C., Guilderland, NY
