

USE OF STUDENTS IN DISTRIBUTING INFORMATION

PURPOSE:

This policy is established by the North Kingstown School Committee to provide for a proper and orderly process and procedure for the dissemination of information about community activities which may be of interest to parents and students of the North Kingstown School Department.

PHILOSOPHY:

The School Committee endorses the philosophy that appropriate and pertinent information about the schools and the efforts and activities of its students should be readily and timely disseminated to the parents and citizens of the Community. To insure the purpose and philosophy of this policy, the Committee sets forth the following statement.

POLICY STATEMENT:

The distribution of flyers, circulars, or notices by school children shall be strictly controlled by Superintendent of Schools. The Superintendent of Schools may reject if, in his/her judgment, the content is:

1. Political
2. Religious in nature
3. Controversial or in poor taste
4. For the purpose of collecting money or donations for non-school related items

The content of any information disseminated via students must be related to student activities and of special interest to them and/or their parents.
