

Tuition Incentive Program Fact Sheet Academic Year 2011-12

Description

The Tuition Incentive Program (TIP) is an incentive program that encourages eligible students to complete high school by providing tuition assistance for the first two years of college and beyond. To meet the financial eligibility requirement, a student must have (or have had) Medicaid coverage for 24 months within a 36-consecutive-month period as identified by the Michigan Department of Human Services (DHS). TIP provides assistance in two phases. Phase I covers tuition and mandatory fee charges for eligible students enrolled in a credit-based associate degree or certificate program at a participating Michigan community college, public university, degree-granting independent college, federal tribally-controlled college or Focus: HOPE. Phase II provides a maximum of \$2,000 total tuition assistance for credits earned in a four-year program at an in-state, degree-granting college or university. Award parameters are subject to legislative changes.

Application

Students are identified by DHS as having met the Medicaid eligibility requirement. The Department of Treasury will accept certification of Medicaid benefits received while in Michigan only and only from the Michigan Department of Human Services (DHS) for the purposes of verifying if a person is Medicaid eligible for 24 months within the 36 months before application. Students may be identified as TIP eligible as early as sixth grade, using the 36-month period immediately preceding enrollment in the sixth grade. Medicaid eligibility prior to that 36-month period is not counted. After being identified, the Office of Scholarships and Grants (OSG) will send the student an acceptance form. The student must then complete the acceptance form and return it to OSG **before graduation from high school or GED completion¹ and before their 20th birthday** to activate financial eligibility for the program. OSG will send the student an "eligibility letter" in their senior year of high school. The student should present this letter to their college financial aid office upon enrollment to receive payment. **The student is responsible for notifying OSG of a change in their college choice.**

NOTE: Identified students are encouraged to file the Free Application for Federal Student Aid (FAFSA) even though it is not necessary for establishing TIP eligibility. By filing the FAFSA, students will be considered for other federal and state financial aid programs and, if eligible, can use those additional funds to cover other educational expenses such as books, supplies, transportation or room and board. The FAFSA can be filed online at www.fafsa.ed.gov or students can receive a paper form by calling 1-800-4-FED-AID (1-800-433-3243).

Program Limits, Phase I:

Students must begin using TIP by enrolling at a participating college (see page 3) within four years of high school graduation. Eligibility ends within ten years of high school graduation or GED completion. Future awards are subject to available and approved funding.

Phase I covers the cost of tuition at the current in-district rate at participating Michigan community colleges (see page 3). For persons not residing in a community college district, the out-of-district rate may be authorized. Tuition at the lower level resident rate is covered at participating Michigan public universities. The amount that can be received at participating degree-granting independent colleges, federal tribally-controlled colleges or Focus: HOPE is \$84² per credit hour.

Mandatory fees cannot exceed \$250 per semester or term. The only billable fees for the TIP program are registration/enrollment fees, student activity/student services and technology fees.

Not all colleges and universities offer associate degree programs (see page 3). If the college or university does not offer two-year associate degree or certificate programs, the student will not receive TIP assistance for the first two years.

TIP benefits cannot exceed 80 semester or 120 term credits (24 semester or 36 term credits per academic year).

¹ A student has until August 31 of the academic year in which his/her class graduates.

² Amount is based on the average current in-district tuition rate at participating Michigan community colleges.
