IMMEDIATE UPDATE

The Midland School District expected Air Quality Sampling results this afternoon. At 3:50 p.m. Midland School District was notified that the Lab, Test America, conducting the Air Sampling test, had suffered a failure in the computer network and would not be able to meet their expected delivery time. It is unknown when their IT department will be able to deliver the Air Quality results. Midland Schools will notify all stakeholders and members of the press when the results become available. The Midland School District will not resume school until the Air Quality Sample results are received by Test America. The Midland School District is committed to providing a safe and healthy environment for all staff and students.

IDEAL received the attached fax from EMLAB P&K A TestAmerica Company apparently they are not able to meet the turn-around-time as their system is down. As soon as IDEAL receives these results we will let you know.

If you have any questions, please contact me.

Thanks,

*Ann M. Skeate**Engineering Manager*

Hello Dawn,

We are experiencing a problem with our company computer systems. It is affecting all of our laboratory locations. Our IT department is currently working to correct the problem but we can not say when our systems will be restored.
