Dear Parent/Guardian:

Your child has expressed an interest in becoming a participant of the Boys and Girls Club of the Los Angeles Harbor, Teen Center's *College Bound Program*. In this program your child will receive one-on-one case-management and be advised on taking the correct classes to fulfill High School graduation and A-G university admission requirements. Moreover, the student will receive **FREE** resources and guidance in Financial Aid, test preparation (SAT/ACT/PSAT), and college admissions. Through our weekly College Bound Workshops, Princeton Review courses, writing courses, college/career exposure, and tutoring, your child will be able to make a decision on his/her plans after High School.

Parent participation is vital, and we are asking that each parent fills out the attached application for his or her child to be part of the *College Bound Program*. This application will allow us to get in contact with you for weekly workshops and updates on your child's progress. It will also give us the necessary permission to contact your child through email, phone calls, and text messages, and to advocate on your child's behalf with school administration, and college/university admission representatives. Because we will help your child with federal/state funding and private/public scholarships, we will need access to personal information such as financial information, school records, account passwords and anything to help with the assistance of your child.

Such personal information will not be sold to or shared with any entity for marketing purposes. The information will only be shared with schools, government agencies and/or scholarship committees for the purpose of securing resources and admission. The Boys and Girls Club of San Pedro is as committed to your privacy as we are to your child's education.

Please retain this letter for your records.

Karina Dorado
College Bound Coordinator
Wilmington Boys and Girls Club
