*This act adds section 39831.3 to the California Education Code and amends Section 22112 of the California Vehicle Code. Both sections are defined below.*

### **California Education Code Section**

**39831.3.** (a) The county superintendent of schools, the superintendent of a school district, or the owner or operator of a private school that provides transportation to or from a school or school activity shall prepare a transportation safety plan containing procedures for school personnel to follow to ensure the safe transportation of pupils. The plan shall be revised as required. The plan shall address all of the following:

- (3) Boarding and exiting a school bus at a school or other trip destination.

*(b) A current copy of a plan prepared pursuant to subdivision (a) shall be retained by each school* subject to the plan and made available, upon request, to an officer of the Department of the California Highway Patrol.

### **California Vehicle Code Section**

**22112(a)** On approach to a school bus stop where pupils are loading or unloading from a school bus, the driver of the school bus shall activate an approved flashing amber light warning system, if the school bus is so equipped, beginning 200 feet before the school bus stop. The driver shall operate the flashing red signal lights and stop signal arm, as required on the school bus, at all times when the school bus is stopped for the purpose of loading or unloading pupils. The flashing red signal lights, amber warning lights, and stop signal arm system shall not be operated at any place where traffic is controlled by a traffic officer. The school bus flashing red signal lights, amber warning lights, and stop signal arm system shall not be operated at any other time.

**(b)** The driver shall stop to load or unload pupils only at a school bus stop designated for pupils by the school district superintendent or authorized by the superintendent for school activity trips.

**(c)** When a school bus is stopped on a highway or private road for the purpose of loading or unloading pupils, at a location where traffic is not controlled by a traffic officer, the driver shall do all of the following:

(1) Check for approaching traffic in all directions and activate the flashing red light signal system and stop signal arm, as defined in Section 25257, if equipped with a stop signal arm.

(2) Before opening the door, ensure that the flashing red signal lights and stop signal arm are activated, and that it is safe to exit the school bus.

**(d)** When a school bus is stopped on a highway or private road for the purpose of loading or unloading pupils, at a location where traffic is not controlled by a traffic officer or official traffic control signal, the driver shall do all of the following:

(2) Require all pupils to walk in front of the bus as they cross the highway or private road.

(3) Ensure that all pupils who need to cross the highway or private road have crossed safely, and that all other unloaded pupils and pedestrians are a safe distance from the school bus and it is safe to move before setting the school bus in motion.

**(e)** Except at a location where pupils are loading or unloading from a school bus and must cross a highway or private road upon which the school bus is stopped, the flashing red signal lights and stop signal arm requirements imposed by this section do not apply to a school bus driver at any of the following locations:

(1) School bus loading zones on or adjacent to school grounds or during an activity trip, if the school bus is lawfully parked.

(2) Where the school bus is disabled due to mechanical breakdown.

(3) Where pupils require assistance to board or leave the school bus.

(4) Where the roadway surface on which the bus is stopped is partially or completely covered by snow or ice and requiring traffic to stop would pose a safety hazard.

(5) On a state highway with a posted speed limit of 55 miles per hour or higher where the school bus is off the main traveled portion of the highway.

(6) Any location determined by a school district, with the approval of the Department of the California Highway Patrol, to present a traffic or safety hazard.

**(f)** Notwithstanding subdivisions (a) to (d), inclusive, the Department of the California Highway Patrol may require the activation of an approved flashing amber light warning system, if the school bus is so equipped, or the flashing red signal light and stop signal arm, as required on the school bus, at any location where the department determines that the activation is necessary for the safety of school pupils loading or unloading from a school bus.

## Designated “Escorted Crossing” Locations

Greenfield Union School District has designated the following bus stops as “Escorted Crossings”. This means that all pupils who enter or exit the school bus, and must cross the street that the bus is stopped on, *must* be escorted across the highway, street or private road by the school bus driver. All students who fail to abide by this law will be issued a “Notice of Unsatisfactory Conduct On A School Bus” report (bus ticket) by the bus driver. Continued refusal to obey the law may result in the suspension and or revocation of school bus riding privileges for the pupil. No bus stops, other than those listed below, in the Greenfield Union School District are designated as “Escorted Crossings”. Any student caught crossing the street at a non-designated “Escorted Crossing” bus stop will receive a bus ticket and may have his or her transportation riding privilege suspended or revoked.

Special

Transportation

Dear Parents:

The Transportation Department at Greenfield Union School District has prepared this information package to acquaint you with the rules covering your child's school transportation. We need your assistance and cooperation to maintain safe, timely, and reliable service. Your familiarization with and adherence to these rules will aid considerably in transporting your child with the maximum service, courtesy and safety. Please review the entire contents of this packet, sign the "Acknowledgement of Receipt" (page III-4), return the signed form to your child's bus driver, and keep this packet for future reference.

District Superintendent	Mr. Ramon Hendrix	837-6000
Director of Maintenance, Operations and Transportation	Mr. Jesse Avalos	837-6030
Transportation & Safety Supervisor	Mrs. Rebecca Patton	837-6038
Dispatcher / Trainer	Mrs. Julie Johnson	837-6038
Transportation Office Hours	6:00 A.M. – 4:00 P.M.	

**Special Education Classes: Student Illness:**

Please notify the Transportation Office when you do not intend to send your child to school. Advance notice of this is extremely helpful and in many cases saves Transportation unnecessary miles. The Transportation Office may be contacted by phone at 837-6038.

Please be aware that if your child does not ride the bus for three (3) consecutive school days, and you have **not** notified our office in advance, he or she will be removed from the route and you will need to contact the Transportation Office to have him or her re-assigned to the route (which may take several days).

**Weather Conditions**

Kern County presents one major weather condition, which may cause a major delay or cancellation of your child's pick-up time. Fog can affect areas differently. Therefore, the bus driver has the discretion to discontinue the route if he/she feels it is unsafe to proceed. It may be foggy in areas other than your immediate location. We encourage you to listen to your radio and / or local television stations every morning during fog season. You will listen for a delay or cancellation for the **GREENFIELD UNION SCHOOL DISTRICT**. You may also watch for delays / cancellations at the following web site: <http://alertline.kern.org>.

### **Route Changes**

Parents should be prepared for **CHANGES** in drivers, buses, routes, and time of pick-up *throughout* the school year as a result of additions or withdrawals of students in the program. Overall route travel time will vary from route to route dependent upon class times and student pick-up locations. After an initial adjustment period at the beginning of school or upon reorganization of routes, the pick-up and delivery time should be consistent within approximately 15 minutes. Buses may run late during days of unfavorable weather conditions.

### **Parent Request for Bus Stop Changes**

Any request for changes in pick-up and or drop locations by the parent or legal guardian **MUST** be in writing and approved by the Support Services Office. After approval, that office will forward the request to the Transportation Office. Please make such requests at least **ONE WEEK** in advance so your child's transportation will not be interrupted. Do **NOT** call the Transportation Office to make such requests as we cannot make changes that are not in writing.

### **Bus Stop Locations**

If your child does **not** require curb-to-curb service, please refer to the list of bus stops for the school attendance area in which you live. If your child goes to a school not serviced by transportation from your area, your child may be picked up and dropped on a corner close to your residence. Decisions will be made on an individual basis by the Support Services and Transportation Offices together.

### **Parking for Loading / Unloading**

Drivers are instructed to load / unload students at the curb or the side of the street and are **not** permitted to stop in private driveways. Drivers are also **prohibited** from honking the horn for students / parents.

### **Medications**

**MEDICATIONS** shall **NOT** be carried on the bus. Parents must give all medications directly to school personnel. There are few exceptions to this rule, such as, but not limited to, Epi-Pens for severe allergic reactions to bee stings, wasp stings, insect bites, food allergies, etc. If your child has severe allergies that could cause him / her to have a severe allergic reaction that would require an immediate dose of epinephrine, please notify Support Services and supply the bus driver(s) with an Epi-Pen in case of an emergency.

## Pick Up Procedure

All children must be ready for pick-up at the scheduled time. These times may vary as much as five to fifteen (5 - 15) minutes before or after the scheduled time. Drivers may **NOT** honk the horn. It is encouraged that children capable of **WAITING OUTSIDE** for the bus do so. Many children and classes are affected by bus schedules; therefore, drivers will wait **one (1) minute** after arriving for the pick-up then proceed on their route. Parents are responsible for getting their child **TO THE BUS** and drivers are responsible from that point on. Drivers will **NOT** go to your door to pick up children. Most students will be transferred from the bus that picks them up to a different bus that will take them to their school of attendance. Drivers and Aides will ensure they get to their transfer buses safely. The transfers take place at one of the districts' schools.

## Bus Stop Drop Procedure

Children capable of being left unattended will be dropped at their assigned bus stop.

## Drop At Home Procedure

There **MUST** be a parent or other responsible adult (at least 18 years old) at home (*and visible to the driver*) to receive students who require curb-to-curb transportation service, or there must be an **“Authorization To Leave Child Unattended”** form on file in the Transportation Office. The form must be signed by the parent or legal guardian **and** approved by Greenfield Union School District's Support Services. Under no circumstances will a student at or below the third (3<sup>rd</sup>) grade level be left unattended when curb-to-curb service is required.

**PARENTS** are responsible for children needing assistance from the bus into the home. Children will **NOT** be dropped at any location other than the home address, unless a **WRITTEN REQUEST** is submitted and approved. If your child would like to bring a friend home, the request **MUST** be in writing by the parents of both students and submitted to the School Principal for approval.

## Unable To Deliver Student

The procedure to be followed in the event that a responsible adult is **NOT** at home and an authorization to leave the child unattended is **NOT** on file will be as follows.

1. Driver is to notify the dispatch office of the situation.
2. After completion of their route, the driver will take the child back to his/her school where the parent will be required to pick up the child.
3. If the child has not been picked up by the close of School Office hours, an Administrator from the District Office will make the decision as to calling a local law enforcement agency which will hold the child until parents are contacted.

***CONTINUED PROBLEMS WITH THE DELIVERY OF YOUR CHILD MAY RESULT IN SUSPENSION OF TRANSPORTATION SERVICES (until other arrangements can be made).***

The Greenfield Union School District's Transportation Department would like to thank you in advance for your understanding and cooperation in these matters.

- Refrain from unnecessary noise (whistling, singing, loud conversation, yelling, screaming, etc.)
- Be courteous to all other passengers
- Cross the street in front of the bus

### **PASSENGERS MAY NOT:**

- Fight with or threaten other students
- Carry hazardous articles or weapons (including pens, pick combs and sharpened pencils)
- Use profanity
- Touch or play with the bus controls
- Chew gum, eat, or drink on the bus
- Use personal articles on the bus (hair spray, cologne, perfume, body deodorant, etc.)
- Bring pets, reptiles or insects of any kind onto the bus
- Change seats unless authorized to do so by the bus driver
- Cross the street without being escorted by the bus driver

## Authority of the Driver

**CALIFORNIA ADMINISTRATIVE CODE, TITLE 5 Section 14263.** "Pupils transported in a school bus shall be under the authority of, and responsible directly to, the driver of the bus. The driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across the street, highway or road. Continued disorderly conduct or persistent refusal to submit to the authority of the bus driver shall be sufficient reason for a pupil to be denied transportation. A bus driver shall not require any pupil to leave the bus enroute between home and school or other destinations".

## Discipline Procedures

Failure to follow the rules listed above will result in a "Notice Of Unsatisfactory Conduct On A School Bus" report (bus ticket) being written by the bus driver and given to the School Principal/designee, within two school days, for necessary action to be taken. After evaluation of the child's misconduct, the Principal/designee will take the appropriate action using the policy as indicated below.

**First Ticket:** Warning! Parent contact – Possible bus suspension \*\*

**Second Ticket:** Parent Contact – Possible Bus Suspension (*1-3 days*) \*\*

**Third Ticket:** Parent Contact – Possible Bus Suspension (*3-5 days*) \*\*

**Fourth Ticket:** Conference with Principal/Driver/Parent – Bus suspension (*5-10 days*) \*\*

**Fifth Ticket:** Parent Contact – *One of the following actions will be taken:*

1. Bus suspension for a *minimum of 20 days*
2. Bus Expulsion *for the remainder of the school year*
3. School suspension (in addition to a minimum of 20 days' bus suspension)

\*Passenger Restraint System: Lap / Shoulder Belt System (Seat Belts) on buses so equipped

\*\* *Minimum action will be taken by the School Administrator / Designee. Additional action MAY be taken, at the Administrator's / Designee's discretion, up to, and including, permanent expulsion from the bus for the remainder of the school year, dependant upon the severity of the infraction, and, or, the age of the student. Middle School students will be held to a higher standard of conduct than younger students which will result in stronger disciplinary actions.*

***Bus tickets must be signed by the students' parent/legal guardian and returned to the bus driver.*** Failure to return the signed copy of the bus ticket will be considered an act of defiance, which will result in an additional bus ticket being issued and regarded as a separate incident.

For the safety of all students, any student who shows up at a bus stop in the morning ***will be provided transportation to school.*** Under no circumstances will a student be denied transportation by the bus driver and left unattended at the bus stop. If a student has been suspended from transportation (by school administration) and tries to board the bus ***at the school to go home,*** that student will be removed from the bus by school staff and taken to the office. The parent will be contacted and will be required to pick the student up from school. In no event, will the student be permitted to walk to school, or home from school, unless authorized (in writing) to do so by the parent/guardian. Transportation will ***ONLY*** be denied after the Principal/designee has determined the appropriate length of suspension required, and then ***ONLY*** after the parent/guardian has been notified, either by mail, phone call, or both. ***Bus drivers do NOT have the authority to deny transportation to students.***

A student who rides ***ANY*** G.U.S.D. bus while on a transportation suspension, will receive an additional bus ticket, which will result in an additional five (5) days of transportation suspension.

*Note: Suspension or exclusion from bus service does not excuse a student from school. Parents/guardians are responsible for getting the student to and home from school. Any absences due to a transportation suspension will be considered unexcused and the student may be considered truant.*

### **Availability of Transportation**

Students must provide a note signed by a parent/legal guardian and school office staff for any of the following reasons: 1) When a student is enrolled in the ASSP, and on a particular day is not going to attend the program, and he/she is going to ride the bus home from regular-day classes; 2) When a student who usually does not ride the bus is going to ride the bus for a specific reason; 3) When a student is going to ride a bus other than his/her regular assigned bus or if he/she is going to use a bus stop other than his/her regular assigned bus stop.

Greenfield Union School District does **NOT** provide transportation for Inter-district or Intra-district transfer students. Parents must provide transportation for these students. The district may revoke a transfer agreement if it is determined a student is riding any of the districts' school buses to school or home from school.

### **Activity Trip Rules**

All bus rules previously listed apply on activity trips as they do for home-to-school and school-to-home transportation. Drivers have been instructed to take the bus back to the school in the event the students are too noisy or uncontrollable. All students must stay with their group at the trip destination. There must **ALWAYS** be an adult present (other than the bus driver) to maintain control of the pupils while they are on the bus. No pupils are permitted to enter or stay on the bus while at the activity trip destination.

Any pupil who continues to cause problems while on the bus, or refuses to submit to the authority of the bus driver, will NOT be permitted to use the transportation services of Greenfield Union School District on any future activity trips for the remainder of the school year.

### **Safety Instruction**

**California Education Code Section 39831.5(a) (4):** "Prior to departure on a school activity trip, all pupils riding on a school bus or school pupil activity bus shall receive safety instruction that includes, but is not limited to, location of emergency exits, and location and use of emergency equipment. Instruction may also include responsibilities of

passengers seated next to an emergency exit”. This means before **EVERY** activity trip, the information described by this section **MUST** be given to all passengers by the school bus or school pupil activity bus driver.

### **Personal Articles**

For safety reasons: large toys, glass objects, insects, animals, plastic bags, knives, or any other articles which may cause an injury, will **NOT** be allowed on the bus. The use of personal articles such as hairspray and perfumes are prohibited on a school bus. The District’s Transportation Department assumes **NO** liability for **LOST ITEMS**. However, every effort will be made to locate the item. Please put your child’s name on all items that could be easily lost. You may call Transportation (837-6038) concerning lost items.

### **Passengers**

***All passengers are under the authority of, and responsible directly to, the driver of the bus.***

***NO*** unauthorized persons are permitted to ride a school bus. When going on activity trips, it is the responsibility of the adult in charge of the students (teacher / coach) to obtain permission slips from all pupils and to make sure there are no “friends” riding along. All passengers must be students enrolled in Greenfield Union School District, teachers of the district or chaperones approved by the teacher. Due to SISC (insurance) Policies, no parents (except chaperones on trips) or siblings may ride the bus.

### **Standees**

All pupils must remain seated, and use the Passenger Restraint System\* (if the bus is so equipped), at all times while the bus is in motion. Failure of students to use the Passenger Restraint System\* (when so equipped) will result in a bus ticket. Parents / teachers may change seats, only if requested to do so by the driver, for the correction of disciplinary problems. Adults are not permitted to walk around while the bus is in motion unless authorized by the driver. Students are not permitted to change seats unless authorized by the driver, and never while the bus is in motion.

### **Audio/Video Recording Equipment**

All GUSD school buses are equipped with audio and video recording devices. The microphones and cameras are situated so as to record all seats, the entrance door, and through the front windshield. No passenger inside, or any person standing in close proximity to any GUSD bus should expect any degree of privacy, as all conversations and actions are being recorded and may be reviewed by district administration/management at any time. These recordings may be used in disciplinary proceedings and, or, prosecution of unlawful acts.

### **No Child Left Behind**

Students falling asleep en-route on a school bus is a common occurrence. Children being left on a school bus unattended may lead to injury or death. It is the responsibility of the bus driver to methodically check each seat and the floor around each seat, from the front of the bus to the back of the bus, after every route and trip to insure that no students remain on the bus. The driver shall put the hand-held stop sign in the rear window of the bus after completing the check to signify that the bus has been checked and that there are no students left on the bus.
