The goal of the counseling department of GHS is to schedule every student for success. The counselor, student, and family will consider student goals and aspirations, prior testing, past classroom performance, and level of courses in planning for each year's course of study.

A maximum of 40 credits may be taken in a semester.

If you would like to schedule an appointment with your son/daughter's counselor, please call the GHS Student Center (573-2453)

4 YEAR COLLEGE COURSE ENTRANCE REQUIREMENTS

The UC and CSU systems have identical entrance requirements which are known as the A-G requirements. They are as follows, for both systems:

- (A) requirement is two (2) years of history/social science
- (B) requirement is four (4) years of English
- (C) requirement is three (3) years of mathematics with at least Algebra 1, Geometry and Algebra 2
- (D) requirement is two (2) years of laboratory science (Bio and Chemistry or Physics)
- (E) requirement is two (2) years or level 2 of the same foreign language
- (F) requirement is one (1) year of visual/performing arts (drama, choir, music, oral interpretation, or art)
- (G) requirement is one (1) year of college prep elective

It should be noted that these are the **minimum** entrance requirements for both systems. The UC/CSU systems have always and will continue to recommend that students have an additional year of mathematics, science and foreign language. The UC also expects students to be enrolled in mathematics in their senior year.

The majority of **private universities** have the same eligibility requirements as the UC/CSU systems although some may recommend an additional year or two in foreign language, math or science. Students are encouraged to research the individual private university websites for their requirements and plan their high school courses accordingly. We encourage students to discuss their interest in private universities with their counselors as early as possible.
