

CABRI™ JR. BASICS: EXPLORING THE MENUS

ACTIVITY OVERVIEW:

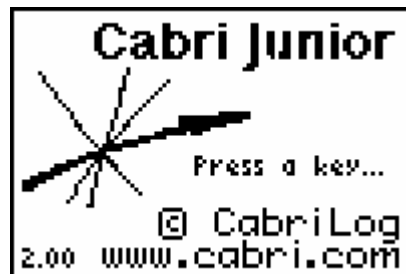

In this activity we will practice

- Accessing the Cabri™ Jr application
- Navigating the menus
- Exiting the APP

Turn the calculator ON and press **[APPS]**.

Move down the list using **[↓]** until you find Cabri Jr. Press **[ENTER]** to select the application. (Or simply press the number to the left of Cabri Jr.)

Press **[ENTER]**, or any key, to begin using Cabri Jr. Explore the F1 menu by pressing **[Y=]**. F1 is mainly for file management and Help. F2, F3, F4, and F5 are for construction tools and options.

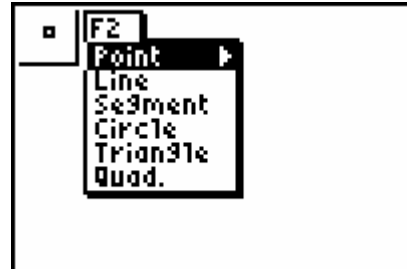

You can exit the APP at any time by selecting Quit from the F1 menu or by pressing **[2nd] [MODE]** for **[QUIT]**.

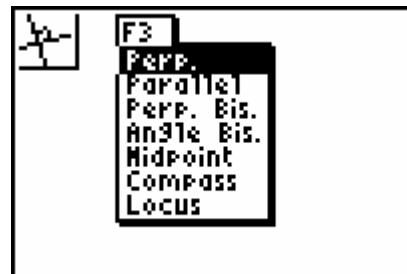

The keys on the top row of the calculator are called “soft keys” when using an APP. We will use practice using the keys $\boxed{Y=}$ \boxed{WINDOW} \boxed{ZOOM} \boxed{TRACE} \boxed{GRAPH} to access menus in Cabri™ Jr.

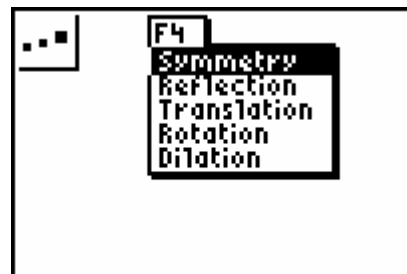

Press \boxed{WINDOW} to access the F2 menu. This menu is for basic constructions.

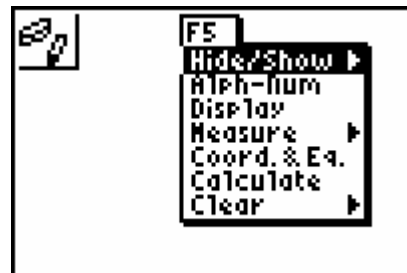

Press \boxed{ZOOM} to access the F3 menu.

Press \boxed{TRACE} to access the F4 menu.

Press \boxed{GRAPH} to access the F5 menu.

Exit the APP using F1 and selecting Quit, or by pressing $\boxed{2nd}$ \boxed{MODE} for [QUIT].
