CONTRACT FOR INTER-DISTRICT STUDENT TRANSFERS LAZBUDDIE INDEPENDENT SCHOOL DISTRICT

Inter-district transfers are a privilege granted by the receiving district, and not a right of students living outside of the district. Lazbuddie ISD retains the right to accept or reject any transfer application, based on an individual evaluation of:

- The availability of space and instructional staff;
- The student's disciplinary history, including violations of the Student Code of Conduct, violations of extracurricular activity rules, tardiness, ability to follow classroom rules, and completion of homework or other activities as instructed by teachers or coaches; and,
- Attendance records, including attendance at school (including compliance with State attendance laws), attendance at extra credit activities, required summer trainings, and other activities or events for inter-district transfer students as may be required by the Superintendent or designee.

Students transfers may be revoked for the next school year should any of the following situations occur:

- The availability of space and instructional staff;
- The student's disciplinary history, including violations of the Student Code of Conduct, violations of extracurricular activity rules, tardiness, ability to follow classroom rules, and completion of homework or other activities as instructed by teachers or coaches; and,
- Attendance records, including attendance at school (including compliance with State attendance laws), attendance at extra credit activities, required summer trainings, and other activities or events for inter-district transfer students as may be required by the Superintendent or designee.

Should any of these behaviors/situations occur, the Transfer Review Committee will determine the future status of the student's transfer. If the transfer is revoked, the parent and the district of the student's residence will be notified. The student will then be re-enrolled in the home district or another district of the parent's choice immediately. If the student and/or parent disagree with the Transfer Review Committee's decision, the procedures will then be followed as outlined in board policy.

I, _____, the parent/guardian of the transfer student accept the conditions of this contract.
