## School Improvement Council Supports the RES STEAM Core Commitments

- 1) Increase student achievement and growth in STEAM subjects
- 2) Incorporate problem-based learning throughout the curriculum with expanded focus on all areas of STEAM
- 3) Provide STEAM related experiences and opportunities to increase family and community involvement
- 4) Deliver continuous Professional Development in STEAM-specific content knowledge and instructional practices
- 5) Develop partnerships with individuals and businesses in the local STEAM communities to support and advocate our program

## Report to the Community 2017

Dr. Jennifer Faulkner, Principal  
2410 East Blackstock Road  
Roebuck, South Carolina 29376  
(864) 576-6151

<http://rbe.spartanburg6.k12.sc.us/>

Dear Parents and Students,

Our motto, "RES Leading the Way," is reflective of our dedication to preparing students to be college and career ready. The faculty and staff at Roebuck believe children always come first. Our teachers create engaging and challenging learning experiences by focusing on creativity, curiosity, critical thinking, collaboration, and problem solving skills. Our children are the leaders of tomorrow and every moment prepares them for the future. This Annual Report to parents and community members highlights our commitment to learning that extends beyond the basics as we strive to prepare our students for success in a global society.

Sincerely,  
Dr. Jennifer Faulkner

## AdvancED STEM Certification

*Roebuck Elementary School (RES) achieved AdvancED STEM Certification in the Spring of 2016. This prestigious recognition signifies the commitment of the RES faculty and staff to a research-based framework and criteria for self-awareness, continuous improvement, and assessment of a high quality, rigorous, and substantive STEM educational program. AdvancED STEM Certification is a mark of STEM distinction and excellence for schools that earn this international, five year certification.*

*RES will continue to strengthen, grow, and improve our STEAM program. We believe engaging our students at a young age in STEAM education prepares them for success in middle school, high school, and beyond.*
