School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

The mission of Valley Vista High School is to engage our students in their education while promoting mutual respect and providing ample opportunities for acquiring essential life skills. Our students participate in our Got My ACT Together program that documents their acquisition of 21st century skills that include personal accountability and achievement, effective communication and citizenship, use of technology and preparation for successful transitions throughout adult life. VvHS promotes opportunities that prepare all students for success as an individual, family and community member and global citizen. Our students will become productive self-directed achievers, effective communicators and collaborators, positive responsible contributors and creative strategic thinkers.

Students who have had difficulties at a comprehensive high school have an opportunity at VvHS to experience success in an alternative school setting. Students learn in small, structured classes and earn credits based upon the successful completion of course work taught by a credentialed teacher. In addition, VvHS offers a program for pregnant and parenting teens, A fully equipped child development center called the NEST provides on-site child care for the infants and toddlers of our students.

Academic goals include completing the district's requirements for a high school diploma from VvHS or returning to a comprehensive high school and graduating with his or her class, transferring to Huntington Beach Adult School at 18 years of age to pursue the Huntington Beach Adult School high school diploma or GED, preparing for community college, vocational training, joining the armed services or entering the workforce.

In elective courses, we offer acting, guitar, short story, consumer and family education, foods, wood shop, art, career exploration, technology applications and leadership. In addition, ROP classes offered at various sites are available after school.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Valley Vista High School is maintained by one full-time and one part-time School Utility Worker who handle most of the custodial and maintenance tasks. For the district-wide routine maintenance jobs like fertilizing or more complicated and/or large scale jobs , the District Office has a roving mobile maintenance crew and other workers who specialize in certain areas like HVAC. VvHS is very clean and repairs are quickly scheduled and completed. Every summer, the Principal and School Utility Workers review the tasks that need to be completed and establish a timeline for completing them during the vacation as well as other tasks to be completed during the academic year. In addition, as unplanned situations arise during the school year, the Principal meets with the full-time School Utility Worker to determine our course of action and needed level of support from the DO. At this time, the HVAC system, outside lights and security cameras need to be repaired and/or replaced to operate more efficiently.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
English Language Arts/Literacy	38	21	75	76	44	48
Mathematics	4		48	52	34	36

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group

Grades Three through Eight and Grade Eleven (School Year 2015-16)

Student Group	Grade	Number of Students		Percent of Students	
		Enrolled	Tested	Tested	Standard Met or Exceeded
All Students	11	135	125	92.6	21.0
Male	11	84	80	95.2	19.0
Female	11	51	45	88.2	24.4

English Learners	11	27	26	96.3	8.0
Students with Disabilities	11	14	13	92.9	8.3

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group

Socioeconomically Disadvantaged	11	62	59	95.2	
English Learners	11	26	24	92.3	
Students with Disabilities	11	14	13	92.9	

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2015-16)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Because of the open-entry enrollment throughout the academic year and the lack of proximity of our families to Valley Vista High School, our parent participation is limited. Tours of the campus for parents are conducted upon request. All new parents and students attend an orientation to the school that includes A Day in the Life at VvHS video, PowerPoint presentation and handbook available in both English and Spanish. In addition, other languages as well as hard of hearing translators can be made available. All forms and other school related materials plus verbal communication both over the phone and in person are readily available in other languages and/or disabilities can be accommodated as needed with pre-planning prior to the actual meeting. The School Site Council, which meets two times per year, includes parents, students, staff, and community members. There has been increased parental communication and support through the increased use of email by the teachers. Parents are invited to attend our Golden Eagle Awards assembly held in May and cap and gown graduation ceremony in June.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2016-17)

Valley Vista is a closed campus, and the school's circular design enables high visibility by principal, teachers, counselors and security staff. Students may only enter through the front entrance. All students are issued photo school I.D's. All visitors are required to check in the office and obtain a name badge to be worn while on campus. Two campus supervisors are on duty to ensure the safety of all students and staff. The site safety plan is updated each year during the Fall semester and may be revised as necessary. The School Safety Plan is presented at school Site Council held this year on December 14, 2016. The main areas addressed in our plan are the emergency preparedness procedures, disaster drills, crime reporting student discipline and forms and maps. Evacuations routes are posted in every room and in the central quad bulletin board. In addition, the route is available in the school handbook distributed to every family upon enrollment both for new students and for continuing students. Earthquake and fire drills are scheduled two times a year, reinforcing evacuation procedures. Some of these drills may involve communication with district, local fire and police personnel.

Professional Development (Most Recent Three Years)

The HBUHSD is recognized statewide for the quality of its curriculum, which is developed and continually updated by teachers in coordination with a staff of curriculum specialists who are experts in their fields. The resulting curriculum reflects CCSS goals, State Frameworks, teacher recommendations, community input, and the needs of all students as they pursue post-secondary goals.

In addition to on campus professional development activities which are attended by all instructional staff, the majority of VvHS teachers participate in off campus training programs or workshops. The teachers and other certificated staff attend specific workshops related to their position, technology applications, the new assessments, counseling and in-service training for identified at-risk student issues such as effective classroom management, reduction of truancy and meeting needs of students with an IEP or 504 Plan. Staff mentor one another by sharing information with their colleagues one to one, in department meetings and at general staff meetings. The Principal meets regularly with all staff to review pertinent student data, effective teaching strategies for at-risk students and California curricular goals. The HBUHSD also promotes staff development through partnerships with UC Irvine, CSU Long Beach and Fullerton, the community colleges, and a teacher training consortium in Huntington Beach. HBUHSD has developed an extensive professional development in-service training for all staff that may occur during summer, the contracted day or after school at the District Office or school sites or at the County Office of Education. The emphasis is on best practices and innovative instruction to support all students in acquiring college and career readiness skills that will assist them in reaching their greatest potential and becoming responsible citizens.

All new teachers participate in Beginning Teacher Support and Assessment (BTSA). Veteran VvHS teachers serve as support providers. BTSA participants and their support providers meet with the Principal to review and discuss progress related to the activities for Year 1 and Year 2.
