

## Jason Edric Ulep

I chose to draw this picture because it shows how much I believe in God. Showing my beliefs can also encourage others to learn more about it and be able to be a follower like me. The cross symbolizes Jesus dying for us, to take away all our sins to be holy again. We try to become better people because we could have a higher chance to be in heaven with God. Showing this drawing to others will also show others who I am and the reason why I chose to be this person or child of Christ that God created me to be.
