*Turned the floor to Principal Sagers who turned the floor to Stephanie Rowley to introduce WiFi for Journeys reading Curriculum

- This is new the new curriculum
- Each student gets on a computer during class
- K-6 brand new reading program
- Strong online components

Floor returned to Principal Sagers, she discussed the following:

- more students coming to our school with the border change
- Base plan for next year at 42,000 should be safe
- Right now we pay for 6 aides 2 Americorp

- \$16,250.00 is the cost to have cable installed Principal Sagers applied for a grant.
- The school district won't go for what was proposed at the last meeting but we as the community council feel what Jim wants to do will not make a big difference and we will then be out the money with no improvements
- Principal Sagers is concerned we won't be able to utilize the Journey reading curriculum if we don't do something about our WiFi
- discuss not re-wiring building but getting computers in classes
- If we get computers the teachers at that grade will decide how to disperse the computers and where to put them
- Principal Sagers has \$6,000.00 in separate account from previous fundraisers to use for the kids
- Journey is a 6 year contract

*Trevor Cottrell is going to set a meeting up with the Superintendent for us as parents to go and talk about getting the devices for the class rooms and express our feeling on this matter and our 90 day plan from last meeting.

PLAN A:

We purpose keeping the plan we had last year with the 6 Aides and 2 Americorp aids and that we wait on wiring the building. In the meantime we talk to our Superintendent and see if we can do it on our own.

- Harmony Crowton asked all in favor, everyone approved
- Harmony Crowton adjourned meeting at 6:59 pm
