

BBL's eLearning Applications Showcased!

Dr. Ted Swartz, our Director of Professional Development, and Dr. Arthur Powell, our consultant for Gattegno Mathematics, are honored to co-present at Teachers College prestigious Winter Roundtable Conference.

They will showcase our school's two digital learning games: iSpellBetter and iCountBetter.

The 2016 conference theme is: "**Cultural Competence in the Digital World: Trending #Apps, #Games, and #SocialMedia**"

The Winter Roundtable will continue its tradition of bringing together scholars, practitioners, researches, social change agents, and students interested in the intersections between race, ethnicity, social class, gender, sexual orientation, disabilities, and religious affiliation in psychology and education.
