New Health Insurance Marketplace Coverage Options and Your Health Coverage

When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the **Health Insurance Marketplace**. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment based health coverage offered by Lucia Mar Unified School District. Please note that this notice is informational only.

What is the Health Insurance Marketplace?

The Health Insurance Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one stop shopping" to find and compare private health insurance options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Health Insurance Marketplace begins in October 1, 2013 for coverage starting as early as January 1, 2014.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, **but only if your employer does not offer coverage, or offers coverage that does not meet certain standards.** The savings on your premium that you are eligible for depends on your household income.

Does Employment-Based Health Coverage Affect My Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that meets certain standards, you will **not** be eligible for a tax credit through the Health Insurance Marketplace and may wish to enroll in your employer's health plan, if you are eligible. (*Just because you received this notice does not mean you are eligible for the Lucia Mar Unified School District health plan.*) However, you may be eligible for a tax credit that lowers your monthly premium, or a reduction in certain cost sharing, if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If your cost for self-only coverage under the Lucia Mar Unified School District health plan is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard set by the Affordable Care Act, you may be eligible for a tax credit. An employer sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such cost.

What happens to my school district contribution if I purchase insurance through the Health Insurance Marketplace?

If you purchase a health plan through the Health Insurance Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer offered coverage. Also, this employer contribution - as well as your employee contribution (if any) to employer offered coverage is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Health Insurance Marketplace are made on an after-tax basis.
