

Pamlico County Primary School

December 6, 2017

Dear Parents/Guardians:

We provide regular updates to you about your student's academic progress by sending home a Report Card. Once a year, we provide you with updates on our school's achievements through the North Carolina School Report Card.

This Report Card includes important information about class sizes, attendance, school safety, instructional resources, and teacher quality. There also is information about how our school measured against federal Annual Measurable Objectives (AMO) targets and the number of suspensions and expulsions in our school. Report data is also available for our school district and for the state's education system as a whole.

I have enclosed with this letter a summary of our Report Card called the Report Card Snapshot. Our school's full Report Card can be found on the NC School Report Cards' website at <http://www.ncpublicschools.org/src>. Our school district's report also is available on the Report Card website. School Report Cards are provided for regular public schools, charter schools, and alternative schools that were open during the 2013-14 school year.

The numbers only tell part of the story. Pamlico County Primary School has a state of the art morning news show which broadcasts every morning produced by our students and our Media Specialist. Document cameras, Promethean Boards, and LCD projectors are in every classroom and allow teachers to engage students and keep them excited about learning. We have an active PTO and we have quarterly events for our parents and students. Pamlico County Primary School also teaches students about PRIDE, a school-wide behavior initiative.

State and local education leaders are committed to providing parents with more information about schools. Well-informed parents who participate in their children's education and school enhance the learning environment for students and educators alike. In addition, the federal Elementary and Secondary Education Act (ESEA) requires schools to issue Report Cards.

At Pamlico County Primary School, your involvement is very important to the success of our school! I encourage you to review our Report Card carefully. Then, feel free to contact me directly to discuss any questions or concerns you may have regarding the Report Card. I also welcome your feedback regarding other interests you have in our school.

Thank you for allowing me to share this Report Card with you and thank you for supporting our efforts to provide your child with a high-quality education.

Crystal Dixon, Principal
