

Dear Parent/Guardian,

Studies show when schools and families work together to support learning, children do better in school. Gananda continues to strengthen the important home - school partnership by providing parents with information that they need to help their students be successful.

We are proud to announce that Gananda Central School District will provide parents/guardians of our students with access to essential information about their students work at school. Gananda families will now be able to access information regarding their student(s) progress through the Internet. We use a student management program called Infinite Campus that includes a Parent Portal. When you, as a parent or guardian, log-in you have access to information about all of the students for which you are associated. Health Immunizations and attendance records are available for all students. Class schedules, assignments and grades can be viewed for middle and high school students. Elementary assignments and grades are not kept in Infinite Campus, and therefore are not accessible via the Parent Portal. Schools may also post announcements to the Portal. By using the Infinite Campus Online Parent Portal, the Gananda Central School District provides an online communication tool which can help you as a parent or guardian stay current with your student's progress. From an Internet connection at home, the workplace or any public library, you can view up-to-date information about your student's attendance and grades.

Once you have registered, you will be able to log-in and retrieve information on your child. Registering for the Parent Portal is easy:

1. In order to begin, go to <https://ic.gananda.org/campus/portal/gananda.jsp?section=activate>
2. Enter your activation key. (If you need an activation code or a password reset, please contact mnims@gananda.org.)
3. Once you have signed up, you will no longer need this number. No matter how many children you have in school, you will only have to register once. If you do not wish to sign up for the Parent Portal, please just discard this letter.

We believe that the Infinite Campus Parent Portal can be a powerful tool to assist parents and teacher in working together for student success. Please feel free to contact Missy Nims mnims@gananda.org with questions.
