Office of Research and Evaluation  
Form G - Assent Form for Children Ages 7 to 17

**Title of the Project:** \_\_\_\_\_

I agree to be in a participant in the project titled: \_\_\_\_\_.  
This project was explained to my (mother/father/parents/guardian) and (she/he/they) said that I could be in it. The only people who will know about what I say and do in the project will be the people in charge of the project (modify if information will be given to parents, teachers, doctors, etc.).

(Provide here an overview, from the child's perspective, of what he or she will do in the project. Write this so that a child of seven can understand it, e.g., "In the study I will be asked questions about how I solve problems. I will also be asked how I feel about my family and myself.")

Writing my name on this page means that the page was read (by me/to me) and that I agree to be in the project. I know what will happen to me. If I decide to quit the project, all I have to do is tell the person in charge. I can say no to being in the project and I can quit at any time. If there are any questions I do not want to answer, I can choose not to answer them. I will not get in trouble with my teacher or parents if I do not agree to be in this project.
