

+ SGT #3 Staff Support Goal Update

Establish an environment that will attract, build, and retain a highly skilled staff by establishing gold standards and explicit procedures that foster professional development and personal growth.

Objectives In Progress:

Develop a plan to recruit a well-qualified staff that includes focus on skills, diversity, and potential

Increase employee satisfaction through programs and services that support short- and long-term personal and professional goals.

Implement standardized policies and procedures; and develop strategies to maximize employee compensation.

Completed:

- Funding for the Professional Pathways for Teachers Compensation program was requested through the LAR process
- Subgroups leaders are meeting with their respective groups, brain storming to determine best practices and review
