<sup>1</sup> For this report, high school completers include those who have earned diplomas or certificates of completion.

<sup>2</sup> DOE Honors Certificates are new beginning with the Class of 2016.

<sup>3</sup> Class of 2016 on-time graduation rate is reported as preliminary and will be finalized for the 2018 publication of the CCRI.

<sup>4</sup> State assessment proficiency rates are now calculated for the high school completers at each school.

<sup>5</sup> ACT results are calculated as a percent of test takers who scored at or above the ACT College Readiness Benchmark in each subject, excluding students with no score.

<sup>6</sup> Dual Credit participants are high school completers who took at least one credit course from the University of Hawai'i while they were still enrolled in high school.

<sup>7</sup> This rate represents high school completers who were CTE concentrators (finished a CTE program of study).

<sup>8</sup> First fall enrollment provided by the National Student Clearinghouse (NSC); NSC assumes UH Maui College to be 4-year, while UH assumes UH Maui College to be 2-year.

<sup>9</sup> Percent of high school completers who enrolled in postsecondary during the first fall after high school who also enrolled in postsecondary during the second fall.

<sup>10</sup> College credit earned from UH via dual credit, Advanced Placement or International Baccalaureate exams, or in the first summer after high school.
