School Description

Gifford C. Cole Middle School is located at 3126 East Avenue I in Lancaster, California. Gifford C. Cole is the only middle school in the Eastside Union School District, which encompasses approximately 240 square miles of Northern Los Angeles County. The surrounding area is rural to the east and suburban to the west. Students include English Language Learners (EL), educationally disadvantaged, GATE, Special Education/special needs, and students from historically under-served populations. The 662 students at Cole Middle School represent a variety of cultures and ethnic groups:

Hispanic or Latino: 60.12%
American Indian or Alaska Native: 0.30%
Black or African American: 28.10%
White 7.70%
Asian: 0.45%
Filipino: 1.51%
Native Hawaiian or Pacific Islander: 0.15%
Two or More Races: 1.66%

The number of students whose primary language is other than English has increased dramatically in the past ten years. Currently 19.03% identify as English Learners (EL). Although many of the EL students have attended the Eastside schools for several years, there is also a great amount of educational discontinuity due to a large number of transitory students. Gifford C. Cole Middle School serves a student population from the very low to middle socio-economic level. Approximately 88.52% of the students are Socioeconomically Disadvantaged.

The school consists of one principal, two assistant principals, one counselor, 31 certificated teachers, a part-time speech pathologist, a part-time district nurse, one school psychologist, and 21 classified staff members.

Vision:

We are here to inspire a love for learning and cultivate productive members of society.

Mission:

The mission of Gifford C. Cole Middle School is to maximize each student's potential, as they move through the critical transition period between elementary school and high school. We develop independent thinkers with the ability to reason, speak, read, write, perform mathematical procedures and problem solve effectively as demonstrated by sustained improvement in all academic areas and mastery of the California State Content Standards. Partnering with parents, we promote a strong sense of responsibility and confidence in our students as we equip them with the ability to succeed socially, physically, and intellectually. We begin preparing students to function in a technologically advanced society, prepared for the challenges of high school, the work place, and society as productive citizens and life-long learners.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

Every student has a set of textbooks for use in the classroom or to take home as necessary. This assures homework assignments can be done in a timely fashion. All instructional materials and textbooks utilized are aligned with state content standards and are selected from the state adoption list. The district follows the state's adoption cycle in reviewing and adopting new materials and textbooks. A complete list of instructional materials and textbooks currently in use is available upon request.

School Facility Conditions and Planned Improvements (Most Recent Year)

Gifford C. Cole Middle School contains four permanent structure buildings and 22 portable classrooms. The permanent structures include an administrative building, which houses the school library, administrative offices, counseling offices, and several classrooms--including several science classrooms. The building just south of this building houses five classrooms, which includes one large room for band. The school's gymnasium houses boys and girls locker rooms. The multi-purpose room is housed in the 400 building, which also includes two classrooms and a computer lab. The school features a grass field with full-sized soccer fields, and more than a dozen outdoor basketball

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments. Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Gifford C. Cole Middle School encourages parents to get and remain involved in their child's education. Parents are welcome to observe their child's classes and see learning occurring. Additionally, when students experience struggles and frustrations, we strongly advocate for parents to join with teachers, counselors, and administrators to meet together with their student(s), discuss learning strategies, create and implement a plan for student success.

We also involve parents and families through school sponsored functions, including family nights, family/principal meetings, Literacy Night, computer classes, English classes, parenting classes, ELAC Meetings, and School Site Council meetings. Our Parent Association will participate in various fundraisers and school functions.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

Our Safety Plan is a resource of information designed to assist our staff in dealing with crime and emergencies on campus. The plan supplies our staff with information that can be used in decision-making during the day to day operation of our school and during any emergency that may occur. It is designed to maintain consistency regardless of which staff member or administrator is dealing with situations on campus.

Our focus areas include increasing school safety while expanding and emphasizing school pride by reducing discipline referrals. For the safety off all students and staff, Fire/Evacuation Drills are held on a regular basis.

Adopted by School Site Council: February 18, 2016

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
