

FCPS Freshman Get College and Career Ready

February is National CTE (Career Technical Education) Month. In celebration of this event, UNITY was demonstrated among the CCTE Academy and the Freshman Academy during the Freshman Tour of CCTE on Friday, February 24th. Over 200 FCPS 9th grade students visited CCTE classrooms and shops. Nekita Peoples organized this event so 9th graders could get a snapshot of each CCTE program of study prior to declaring a major for the next 3 years. Kiffany Swift and Alicia Thompson worked hard behind the scenes to ensure that this event was organized and beneficial for our youth of FCPS. TEAMWORK makes the dream work every time!

Kudos to our newest CCTE teachers, Shannon Lindsey in Welding and Rhea Taylor in Agriculture, assisting with the Freshman Tour!
