The Sky is the Limit!

Bringing our history into the 21st Century

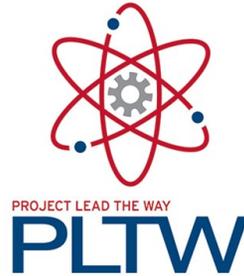

Dual Immersion

At HUSD it is an educational model that will blend both English and Spanish speakers in the same class, learning together.

Program Goals

- * K-5 program in Spanish/English, beginning with K in 2017.
- * Native English speakers and Spanish speakers who complete the Dual Language Immersion Program from kindergarten to fifth grade will possess strong reading, writing, and speaking skills in both languages.
- * Scholars will strive to be academically proficient in the core academic content areas.
- * Scholars will be able to demonstrate positive cross-cultural attitudes and behaviors, attain high levels of self-esteem, and become more globally aware

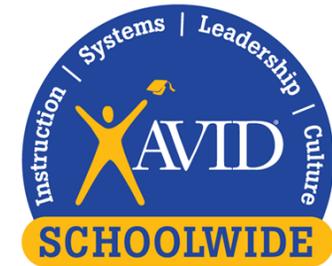

STEAM & Project Lead the Way

STEAM and PLTW are all about innovation and inspiring, engaging, and empowering scholars in their learning.

Program Goals

- * TK-5 curriculum in interdisciplinary and includes core standards that address language arts, math, social studies and science.
- * Scholars will experience lessons that are hands-on in computer science, engineering and biomedical science.
- * Scholars will become creative, collaborative problem solvers .
- * Scholars will, beginning at a young age, be exposed to a variety of college and career pathways.

AVID

AVID elementary is designed to be embedded into the daily instruction for every Hemet Elementary scholar.

Program Goals

- * Staff will support all scholars in developing a growth mindset.
- * Scholars will utilize organizational skills both inside and outside of the classroom.
- * Scholars will be instructed using strategies that support life long learning.
- * Utilizing a collaborative learning environment.
- * Promote scholarly inquiry
