School Accountability Report Card

Reported Using Data from the 2016-17 School Year

Published During 2017-18

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

SCHOOL DESCRIPTION

At Coast High School, an alternative school of choice, coursework is comparable in length, content, and rigor to a traditional high school and students have the opportunity to learn through one of two options. Both options are strategically aligned to cutting edge state standards and include A-G college preparatory courses implemented by highly qualified teachers leading to a fully accredited high school diploma. Advanced Placement courses and NCAA approved curriculum options are also available.

OPTION 1: DAILY INSTRUCTION

Students enrolled in Daily instruction attend the Coast High School campus for traditional direct instruction courses with very small class sizes in a more personalized learning environment every day Monday through Friday. Courses are A-G approved college preparatory courses delivered face to face by highly qualified teachers.

OPTION 2: INDEPENDENT STUDY

Students enrolled in Independent Study complete much of their coursework from home and meet with teachers face to face throughout the week to receive individual instruction and support, ask questions, and take proctored exams. This option is for students who need a more flexible schedule and/or who have a more independent and autonomous learning style. For this option students meet with highly qualified teachers through face to face meetings in addition to lab time, credit monitoring, email, and telephone as they complete A-G college preparatory courses.

MISSION STATEMENT

The mission of Coast High School is to empower students to cultivate respect for self and others by offering opportunities for lifelong academic and social development in a supportive environment while establishing and achieving educational, personal, and college and career goals through a personalized learning model.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Coast High School has been fortunate enough to move into a brand new state of the art building in the Huntington Beach Union High School District. CHS shares this facility with the Huntington Beach Adult School. The site was completed in 2010 so the mechanical aspects of the school are in excellent condition. The campus is free of any safety hazards and is kept very clean by the custodial staff. At this time, there are no repairs needed.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17
English Language Arts/Literacy (grades 3-8 and 11)	80	55	76	78	48	48
Mathematics (grades 3-8 and 11)	21	22	52	52	36	37

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016-17)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	88	69	78.41	55.07
Male	38	32	84.21	46.88
Female	50	37	74	62.16
Black or African American	--	--	--	--
American Indian or Alaska Native	--	--	--	--
Asian	--	--	--	--
Hispanic or Latino	19	15	78.95	60

Socioeconomically Disadvantaged	20	16	80	43.75
English Learners	--	--	--	--
Students with Disabilities	--	--	--	--
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group
Grades Three through Eight and Grade Eleven (School Year 2016-17)**

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	90	65	72.22	21.54

Socioeconomically Disadvantaged	22	15	68.18	26.67
English Learners	--	--	--	--
Students with Disabilities	--	--	--	--
Foster Youth	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Science for All Students
Grades Five, Eight, and Ten**

Subject	Percent of Students Scoring at Proficient or Advanced					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16
Science (grades 5, 8, and 10)	57	41	73	70	60	56

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

Career Technical Education Programs (School Year 2016-17)

Coast High School is an Alternative School of Choice and therefore not able to offer as wide a variety of CTE courses as a typical comprehensive high school. However, our students, including students with disabilities, are given access to CTE courses at their home school that allow them to explore career options while still attending Coast HS. Coast also offers a Careers class and many of the core classes have embedded project-based learning and applications to real world problems that prepare them for post-secondary life and careers. In addition to the CTE offerings, we work closely with Coastline Regional Occupational Program (ROP) to offer ROP classes on the Ocean View High School campus and a wide variety of ROP classes throughout Orange County. All of our students are encouraged to participate in these programs as a means to diversify their schedule and explore potential college and career options. To support students as they prepare to enter the world of college and career, a school counselor is available to assist students in investigating career options, applying for college or CTE certificate programs and financial aid, inform them of District College visits, College Days, College and Career fairs, College testing, and introduce them to all of the CTE program options that are offered by our Adult School on the same campus as Coast High School.

Career Technical Education Participation (School Year 2016-17)

Measure	CTE Program Participation
Number of pupils participating in CTE	57
% of pupils completing a CTE program and earning a high school diploma	0%
% of CTE courses sequenced or articulated between the school and institutions of postsecondary education	0

2016–17 Pupils Enrolled in Courses Required for UC/CSU Admission	64.36
2015–16 Graduates Who Completed All Courses Required for UC/CSU Admission	18.48

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2017-18)

School site council, Back to School Night, Open House, STEAM, ASB, and LCAP team all have opportunities for parental participation and involvement. Teachers and staff make frequent contact with parents to monitor and report student progress. Parents are encouraged to call their students' teachers and visit the school. Parents receive weekly updates of their student's academic progress.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates; and
- High school graduation rates.

School Safety Plan (School Year 2017-18)

Coast High School shares its campus with the the Huntington Beach Adult School. Each year, representatives from each school serve on a site safety committee to review and revise the school safety plan. The Plan is shared with Coast High School's school site council each school year where input is asked of its members and the plan is approved. The current Safety Plan was reviewed and approved In Spring of 2017. The Plan outlines emergency procedures for evacuation for a variety of emergencies, lock downs, and shelter-in-place, school rules and discipline, and school policies.

Professional Development (Most Recent Three Years)

HBUHSD is recognized statewide for the quality of its curriculum, which is developed and continually updated by teachers in coordination with a staff of curriculum specialists who are experts in their fields. The resulting curriculum reflects State Frameworks, teacher recommendations, community needs, and the needs of all students as they pursue post-secondary goals. Coast High School provides both online instruction and daily traditional instruction using Edgenuity curriculum, a UC-approved curriculum which aligns with the HBUHSD curriculum.

In addition to on campus activities which are attended by instructional staff, all CHS teachers participate in off campus training programs or workshops. The HBUHSD also promotes staff development through partnerships with Simon Youth Foundation, UC Irvine, CDE, OCDE, and a wide variety of District-sponsored professional development workshops and trainings. CHS teachers also participate in staff development related to independent study and online instruction. All new teachers participate in Beginning Teacher Support and Assessment (B TSA). The emphasis is on continual improvement of curriculum and instruction and student support so that all students graduate college and career ready and with the soft skills to be successful in independent life. Staff review and analyze student data on a regular basis to inform instruction.
