I DATA AND ACCESS

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

Stipe Elementary is a pre-college program located on a hillside in the Oak Grove School District. The student body reflects the rich diversity of the Bay Area. The school is staffed with qualified teachers and staff who collaborate to meet the students' varied and diverse needs and build positive relationships with students, families, and the community.

Stipe Elementary School is a diverse community of students, parents and staff with rigorous expectations for all. We provide a solid academic foundation within a safe environment that fosters positive, inquisitive, resourceful, and independent minds. We are dedicated to empowering students by developing the 21st Century skills of communication, collaboration, critical thinking and creative thinking.

Stipe Elementary School has 75.4% of student who qualify for Free and Reduced lunch, making us a Title I School. We are one of four Title I Schools in the District.

The school program offers kindergarten through sixth grade with a majority of traditional classrooms as well as one bilingual class per grade level in kindergarten to third grade. Extra services are also offered for Gifted and Talented students, special education students, and children with special needs. We offer an integrated instructional program to prepare students for lifelong learning and a rewarding future.

Our vision is to teach an engaging, technology rich curriculum that validates each student's race and culture in a safe learning environment. Our professional learning community is committed to academic excellence, continuous improvement and achieving each student's potential to create a positive impact on the world.

A. CONDITIONS OF LEARNING

STATE PRIORITY: BASIC

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

As per the Williams’ settlement, all Oak Grove schools are maintained in a manner that assures a clean, safe, and functional site as determined by periodic evaluation.

Measure P: On November 4, 2014 the voters in Oak Grove School District approved the issuance of Measure P. Measure P authorized the issuance of \$89.8 million in bonds to benefit the Oak Grove School District. The funds are meant to be used to renovate, repair, acquire, construct and modernize classrooms and facilities, and increase student access to computers and technology.

During the summer of 2015, 2016 and 2017, ten school sites (Anderson, Bernal, Davis, Del Roble, Edenvale, Oakridge, Parkview, Herman, Hayes and Sakamoto), had over approximately 38 million dollars of HVAC and Roofing renovations completed.

After the successful completion of the Measure Q Bond program, the Oak Grove community approved Measure S in November 2008 that authorized an additional \$125 million General Obligation Bond to continue needed school modernization projects, construct two new intermediate school gymnasiums, and consider solar technology systems throughout the district. Combined with local Routine Repair funds and State Deferred Maintenance funds, future facility improvements will insure that critical services continue to be provided for our students for years to come.

B. PUPIL OUTCOMES

STATE PRIORITY: PUPIL ACHIEVEMENT

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17

Mathematics (grades 3-8 and 11)	29%	22%	42%	42%	36%	37%

NOTE: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2016–17)

Student Groups	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded

NOTE: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

NOTE: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

NOTE: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. ENGAGEMENT

STATE PRIORITY: PARENTAL INVOLVEMENT

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement - (School Year 2017-18)

Stipe has monthly meetings of the Cafecitos and FEIP (Family Involvement) to keep parents up to date on school curriculum and current event planning. In addition, School Site Council meets a minimum of 5 times yearly to review and analyze student data, gather community input, develop Single Plan for Student Achievement (SPSA) and School Safety Plan, and monitor implementation of the plan and budget. Academies for Gifted learners and parent involvement meetings occur throughout the year to support Stipe's GATE program. Activities for families include Weekly Community Gatherings on Mondays, Harvest Festival, Las Posadas, Family Movie Nights, SEAL Gallery Walks, Cinco de Mayo, Talent Show and the Walk-a-thon. Parent workshops are offered to parents 2 or 3 times a year. School fundraisers are also a helpful addition to the school's budget.

STATE PRIORITY: SCHOOL CLIMATE

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan – Most Recent Year

Providing a safe school is a top priority for Stipe School. To this end, there are continuous improvement processes and collaborative efforts that provide comprehensive health education and a strong academic foundation within a safe and secure learning environment that ensure success for all students.

Prevention education at Stipe includes supplemental programs and policies including Stipe's Learning Environment Plan (Positive Behavior Intervention Support), bullying, peer mediation, conflict resolution, conflict/peer mediation, positive discipline, refusal training for students and parents, drug, gangs, alcohol, substance abuse, harassment, graffiti, tobacco prevention education, developmental assets, and the Wellness Policy including physical education and nutritional education.

Attendance is closely monitored and students with unexcused absences of 10% or more receive law/school district/partnership intervention. Truancy abatement is a common goal of the school/district and other agency collaborative partnerships. Currently Stipe has instituted an Attendance Incentive Program, which is targeting attendance and tardies.

In order to reduce the number of incidents of bullying and harassment among students and to ensure that students feel neither intimidated nor threatened by bullying or harassment, Stipe has trained the staff and students and implemented the PBIS BullyProofing. The entire student body and staff are trained in a common language (offender, victim, bystander, and adult) and the procedures that each role plays when a problem behavior occurs. We also have ongoing classroom instruction and use social settings inside and outside the classroom to focus on the life skills of empathy, anger management, and problem solving.

Each year staff is educated, trained, and practices the concepts of the National Emergency Management System which includes fire drills, earthquake evacuation, first aid procedures, communicable disease action plan, and emergency evacuation maps.

We balance the school discipline plan with positive incentives, as well as appropriate alternative consequence plans. School-wide behavior expectations are posted in each classroom. Positive incentives are offered for positive behavior/attitude, good attendance, positive wellness, and practices, academics. Alternatives reviewed as options to positive discipline include campus clean-up, campus projects, incentives, community services, behavior plans/contracts, site or off-site group or individual counseling, and/or alternative placements.

We strive to improve the system of publications to students, staff, and community which will include or focus on student awards/recognition, rewards, school activities, achievements, acknowledgments, and announcements.

We have Little Heroes to our campus. This program has helped to teach students how to play games following rules, include all students in the games and encourage each other, even if they fail. This positive addition to the Stipe Campus has improved all aspects of play and behavior throughout the day.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Our school provides extensive training for teachers in the implementation of standards, development of effective assessment, and understanding the Closing the Achievement Gap Plan. There are numerous opportunities for participation in district in-services, site-based professional development, workshops, and committees. Currently much emphasis at the site level has been dedicated to implementing Common Core State Standards, technology-rich instruction and 21st Century skills, Culturally Responsive Teaching, Systematic English Language Development (ELD) and Positive Behavior Intervention Support (PBIS). We have a leadership team/continuous equity improvement team (CEIT) that leads site staff development around analyzing student work, developing effective culturally responsive strategies for the classroom, PBIS and using grade level time to improve instruction. Kinder - Grade 5 teachers are participating in the Sobrato Early Academic Literacy (SEAL) Training. Site Professional Development opportunities are provided in the areas of Writer's Workshop, Math Fluency, computer based assessments, and standards alignment. Teachers also attend outside workshops to continuously improve their practice.
