

The Positivity Project

Morrish Elementary is proud to be a Positivity Project School!

WHAT IS THE POSITIVITY PROJECT?

The Positivity Project is a 501c3 non-profit organization dedicated to helping America's youth build stronger relationships by seeing the character strengths in themselves and others. Our vision is to create citizens and leaders who will enhance our communities and country by internalizing the belief that "Other People Matter."

Positive psychology's 24 character strengths serve as the foundation of The Positivity Project's approach. We believe that character is more than just behavior – it's what is inside all of us. By partnering with schools across America, we are enhancing students' self-confidence and strengthening their relationships with each other.

In today's rapidly changing world, strengths of character must be intentionally cultivated at an early age. It is critical to ensure that our mental, emotional, and moral capacities grow alongside our advances in technology. And, we must make it a priority to educate our youth on how to tap into their character strengths – especially when times are tough.
