

Chestnut Ridge School District
Bring Your Own Device (BYOD) Guidelines & Registration Form

1. Teachers may allow the use of student owned devices in their classrooms. Students may only use the device at school when granted permission by a teacher and only for educational purposes.
2. When a device is not needed for school work, it should be stored securely in the student's district provided locker.
3. Students must register their electronic device for BYOD. Device must have a minimum 7" visible screen when measured diagonally. Devices also must have anti-virus software installed.
4. Cell phones no longer qualify for BYOD and may only be used in designated *open technology areas*, i.e. High School Cafeteria.
5. Students will not use the device to take pictures or videos while on school grounds or on the school bus without permission from a teacher.
6. Students may not use the device at times or in ways that, in the teacher's judgment, may be expected to interfere with learning. Students will comply with teachers' directions to turn off the device or to put it away. Refusal to comply shall, or may, result in disciplinary action.
7. The District is not responsible for any lost, damaged, or stolen property. The District is not responsible for any data plan charges on mobile devices.
8. BYOD is a privilege that may be revoked if a student does not comply with these guidelines or the school's behavior and technology use expectations. The school's disciplinary and acceptable use policies apply to all student behavior including when using a personal device.
9. Teachers are facilitators of instruction in their classrooms and cannot spend time troubleshooting technical difficulties with student owned devices in the classroom. Similarly, the district's IT staff does not have the resources to provide this service. This responsibility will reside at home with parents/guardians. Personal devices need to be charged prior to bringing them to school.
10. Printing from personal devices will not be possible at school.

11. **All devices must be charged at home.**

I understand and will abide by the above policy and guidelines. I further understand that any violation is unethical and may result in the loss of my network and/or computer privileges as well as other disciplinary action.
