

SAISD Bad Weather Procedures

In the event of inclement weather, the Superintendent may close or delay the start of school. The Director of Transportation will report on road conditions and make a recommendation to the Superintendent. The Superintendent will make the decision as to whether:

1. School will be held as scheduled.
2. The start of school will be delayed. (We try to use a 2 hour delay system.)
3. School will be cancelled.

SAISD will make every effort to inform our parents and employees of school closures or delays in a timely and effective manner. If a decision is made to close or delay school, the District will notify parents and employees through our "Blackboard Alert" call out system.

Information concerning the start of school will also be given to our local radio and news stations, Center Broadcasting and KTRE. Parents and students should also visit the District's website at www.saisd.us for current and accurate weather-related postings.

Parents: Please contact the office at your child's school with updated telephone numbers so that SAISD is able to contact you if the need arises.
