Matadors,

Late Thursday evening the Austin Independent School District Police Department (AISDPD) and I became aware of an alleged threat to our campus reportedly to occur today, Friday, March 23. AISDPD conducted a thorough investigation of the reports, including home visits. AISDPD investigators concluded that none of the reports are credible and that there are no threats to our campus.

Out of an abundance of caution, AISDPD will be conducting additional patrol of our building, and Murchison staff will be implementing additional measures to ensure the safety, security, and well-being of our students, staff, and campus.

I would like to personally thank the students and parents who have communicated these reports to us. We are a true community, and we must continue to work together for our common good.

Sincerely,

Brad Clark, Principal
