

Richard Mann Elementary School Health Office
SUNSCREEN TO BE USED AT SCHOOL
2017-2018 School Year
Parental Written Permission

Student Name: _____

Grade/Teacher: _____

Sunscreen must be an FDA approved topical sunscreen product!

I give permission for my child to self-carry and self-administer sunscreen at school for the 2017-2018 School Year in accordance with New York State Law:

[Use of Sunscreen-Article 19 Section 907](#) - Allows students to carry and use topical sunscreen products approved by the FDA with the written permission of the parent or guardian of the student. A record of this permission must be maintained by the school. A student who is unable to physically apply sunscreen may be assisted by unlicensed personnel when directed to do so by the student, if permitted by a parent or guardian and authorized by the school. (8/2013)

Sunscreen is allowed at Richard Mann Elementary School if:

- *The child has written permission from the parent or guardian.
- *The written permission form will be kept in the health office and will need to be renewed every year.
- *The over the counter medication permission slips that many families have already signed this year DO NOT include sunscreen so a separate note from the parent or guardian will be required.
- *A doctor's note is NOT required for sunscreen.
