

accomplished. There are 18 actions steps that are on going and progress is being made. We have one action item under Pupil Outcomes, action item #8 –engage in a book study as a school staff by reading a research based book connected to the changes and implementation of best practices regarding the new CCSS. We will move this action item to next school year 2015-16.

The site council was invited to attend the April 13, 2015 staff development regarding the effects of Trauma and student learning.

The site council will continue to review the goals and action steps at the next site council meeting.
