Students are required to be in school for the full day from first period through seventh period, or the combined equivalent of a full day if Tri Tech, Running Start or other course option is utilized. Please note writing requirements are required of all students, regardless of their program choices.

Enrollment

All non-resident students must have their Out-of-District Release form on file by the third day of school or may be denied admittance. All students must have a current registration form and health form on file in the office by the third day of school or be denied admittance.

Grading Periods

Report cards are issued at the end of every quarter, or four times in a school year additionally at the fifth week of the quarter, teachers provide a graded progress report. **Make up work that is not tied to an excused absence can be submitted to the instructor until 3:00pm on the closing day of each grading period (mid-term, quarter, mid-term, semester) for 50% of the original point value.*

If you would like to set up a conference, please call the student services coordinator at 545-8573, to make the arrangements.

Student Records

Permanent Records

This information serves to inform all parents and legal guardians, (this may include non-custodial divorced parents, unless the custodial parent shows the school a court order preventing the other parent from accessing the child's record) of their Buckley Amendment rights to, upon request, to access their student's records within a "reasonable time", and no later than 45 days, in fulfillment of the 1974 federal statute also known as the Family Emergency Rights and Privacy Act, or FERPA. Schools may charge a modest per-page copy fee for copying costs. These permanent record files are kept as confidential files by the school, with access to third parties only with parent consent. The rights of parents transfers to students when students reach the age of 18 or enroll in a post-secondary institution, 20 U.S.C. paragraph 1232g(d); 34 C.F.R. paragraph 99.5.

Student Directory Information

Columbia High School considers the following information to be directory (less private information) and will release this information without consent unless you object in writing to the school by September 13, 2013. We designate as directory information, - not limited to all or some of these categories: names, address, email address, photo, video tape, date and place of birth, participation in school activities and sports, weight and height of team members, dates of attendance, awards received, and most recent school attended. After you, the parents and/or legal guardians, have had the opportunity to object to release of some or all directory information about your child, this directory information will be released to third parties.

Classroom Visitations

Parents are always welcome to visit classes. Please contact the high school office at least a day in advance to schedule a visit. Visitors must request permission from the principal in advance and these visits are limited to class presentations.

Student Handbook, Section II

Attendance

The Constitution of Washington State, Article IX, section 1 states that it is the paramount duty of the state to make ample provision for the education of all children residing within its borders. Columbia School District #400 is dedicated to provide the best learning opportunities for every individual to achieve their highest performance standard. However, we cannot fulfill our mission when students do not attend on a regular and punctual basis. For this reason we use an attendance procedure. We ask that our students and their parents assist us in giving school academic achievement and attendance the needed priority.

As approved by Washington State Law RCW 28.A 225 and Columbia School District Policy (policy 3122), all students (ages 8-18) enrolled at Columbia School District schools are required to attend classes on a regular basis. Another section of this handbook explains the progressive discipline steps due to unexcused absences.

Absenteeism may affect the final grade a student receives in any class. All students are expected to be regular in attendance. A pattern of absenteeism is cause for disciplinary action and/or suspension (WAC180.40) Twenty (20) consecutive days of absences will result in a student being dropped from school (WAC 392.121.108). Unwarranted absences may result in a student being dropped from school. Due Process Procedures will be followed whenever it is determined a student will be suspended for attendance problems. Students in grades 9-12 who do not start attending school by Monday of the fourth week of school in a semester may be denied credit for that semester. Any week with three or more school days constitutes a week.

The school's obligation is to keep parents informed of student absenteeism and to set minimum attendance requirements in order to receive credit. In most circumstances, students missing more than twelve (12) days in any class in a semester may not receive credit for that course. On the thirteenth absence, credit will likely be denied (NC) and the student will have to repeat the class. The principal may, upon request by a parent, grant permission in advance for a student's absence providing such an absence does not adversely affect the student's educational progress.

Loss of Credit

The school's commitment is to discourage high absences and thus the connected loss of credit.

- All absences are available for viewing in the Parent Portal (call the HS office at 545 8573 if you don't have access)
- Cumulative absence numbers are included in each progress report and grade check.
- A twelve (12) day maximum absences applies to each class. A loss of credit will occur at the first absence after twelve. ANY type of absence, excused and unexcused, are included in the twelve day maximum.

Realizing that there are always exceptions, the following guidelines will be used with final approval from the principal.

- All school related activities (i.e. field trips, competitive events, student council meetings, etc.) will count as an attended class.
- Hospitalized and home-bound students are special cases.
- Special situations as they occur will be dealt with on an individual basis by the principal.

Excused absences

When a student is absent for any part or all of the day, the absence must be cleared by the parent and/or legal guardian with an excuse note, an email note, a fax, or a phone call within forty-eight (48) hours. These excuses become part of the student's Attendance Record. A pattern of absences may result in school authorities requesting a doctor's verification of illness. Students must pick up the class admit slip before school as it will not be issued during the school day. An excused absence is defined in CSD Policy 3122 and entitles the student to make up the work missed. It is the student's responsibility to arrange for all make-up work following an excused absence. After a student has been absent for two (2) days due to illness, the school office will assist in obtaining assignments. If this service is necessary, a request should be made to the office by 9 a.m. Please allow 24 hours for teachers to prepare materials. Excused absences are:

- illness of the student;
- medical or dental appointments, if non-school hours are not possible;
- family emergencies;
- religious observances, when requested by a student's parent(s);
- school-related and approved activities;
- pre-arranged family trips and college visitations;
- and as required by law, disciplinary actions and short-term suspensions shall be excused.

Make-Up work and Pre-Arranged Absences

Students are responsible to take a prearranged absence request form to their classes to (a) inform their teachers and (b) receive assignments they will miss during their absence. Make-up work is provided for all excused absences, at the rate of one make-up day per day of absence, except in participation/lab-type classes or in events of unannounced quizzes. In these cases, a student's grade may be affected because of the inability to make up the activities conducted during a class period. *Make up work that is no longer tied to an excused absence, or was not tied to an excused absence originally, can be submitted to the instructor until 3:00pm on the closing day of each grading period (mid-term, quarter, mid-term, semester) for 50% of the original point value.

Note: Excused absences are counted toward the twelve (12) allotted absences each semester.

Unexcused Absences

A student is considered unexcused when he/she misses all or part of a class period without teacher or office permission or fails to report to where he/she is directed. A student whose absences are unexcused may not be allowed to make up work for days missed. All graded activities shall be treated as if the student had chosen not to participate in them. Parent(s) and/or guardian(s) may be contacted. Students missing their bus must make every effort to get to school by their own means.

A missed bus, missed ride, or car problems is not a valid excuse for an absence or a tardy. Transportation to and from school is a student's responsibility.

Compulsory Attendance

In accordance with the state's mandatory "BECCA" attendance laws and district attendance policies, if a student is absent without legitimate excuse for one-half of the student's educational program day on five (5) or more occasions in a calendar month and/or ten (10) in a school year, the school district will file a petition with the juvenile court seeking the court's jurisdiction over the student's attendance in school. Any parent found to have violated the law may be fined per day of unexcused absence and the student will be ordered to attend school. The court may also order the parent and/or guardian to provide community service at the student's school in lieu of imposing a fine. A student who fails to comply with a court order to attend school may be found in contempt of court and may be placed in juvenile detention or receive alternative sentencing from the court.

In addition to disciplinary action for non-attendance, unexcused absences may adversely affect a student's grade if the teacher: (a) has shown a relationship in writing between attendance and instructional goals and objectives of the course; (b) advised the student and the parent(s) and/or guardian(s) in writing and by posting at the beginning of the school year; and (c) obtained approval from the principal for guidelines to be used in classes in which attendance may adversely affect grades or credits.

BECCA Violations

In the Columbia School District, a BECCA violation is defined as missing one-half of the student's educational program day without permission of the school or parent and/or guardian, or for reasons other than illness. Prior to suspension or expulsion, students are subject to the Compulsory Attendance Law (RCW 28A.225-BECCA BILL) and school authorities will confer with the parent(s) and/or guardian(s) of the student to analyze the student's absenteeism. (WAC 180.40.245)

In an effort to deter students from missing school, all attendance violations are CUMULATIVE for one school year at Columbia High School.

A. FIRST BECCA VIOLATION

After one truant absence during the current school year, the parent(s) and/or guardian(s) will be notified and the student may be assigned detention.

B. SECOND, THIRD, FOURTH, FIFTH AND SIXTH BECCA VIOLATION

The parent(s) and/or guardians will be notified and the student may be assigned detention. Supplemental aids and services will be provided following this process:

- Schedule a parent conference
- Take steps to reduce the student's absence.
- Adjust the student's school program or course assignment, if appropriate.
- Assist parent(s) and/or guardian(s) in obtaining services that might reduce/eliminate the cause of absences, if appropriate.
- Provide the parent and student a copy of the BECCA Law (RCW 28.A.225)

C. SEVENTH BECCA VIOLATION

The parent(s) and/or guardians will be notified that a BECCA Petition with Walla Walla County Prosecutor's Office will be filed. If the allegations in the fact-finding hearings are established by a preponderance of the evidence, the court shall assume jurisdiction until the end of the current school year, and may extend jurisdiction longer. The District is responsible for reporting any additional unexcused absence to the court. The student may be assigned detention.

Supplemental aids and services will be provided following this process:

- Schedule a parent conference
- Take steps to reduce the student's absence
- Adjust the student's school program or course assignment, if appropriate
- Assist parent(s) and/or guardian(s) in obtaining services that might reduce/eliminate the cause of absences, if appropriate
- Provide the parent and student a copy of the BECCA Law (RCW 28.A.225)

Tardiness

Tardiness implies that a student is not in class at the starting bell, if a student misses more than the first ten minutes of a class he/she will be considered absent rather than tardy. The only excuse accepted for tardiness to school will be when there has been an unusual circumstance or an emergency (over-sleeping or missing the bus does not constitute an unusual emergency) and the school has been notified by the parent(s) and/or guardian(s). Tardiness is tracked in each class by the instructor. At the first tardy in a semester the instructor will meet with the student to review expectations, and will document the discussion. At the second tardy the instructor will meet with the student to explain the potential disciplinary actions associated with the further accumulation of tardies. At the third tardy the instructor and student will contact the parent to discuss timeliness of attending class. At the fourth tardy the student and instructor will contact the parent to explain potential disciplinary actions associated with the further accumulation of tardies. At the fifth tardy, and any subsequent tardies through the semester, the student will be assigned "Academy" time.

Illness or Accident

All students must have on file a "Parent Consent for Emergency Care" form filled out by the parents or guardians, indicating actions to follow in case of illness or accident. In case of illness or an accident, a student is required to report to the office and notify the secretary. Parents will be called to pick up their student. If parents cannot be contacted, a plan outlined in the "Parent Consent for Emergency Care" form will be followed. No student may leave school during school hours in case of illness or accident without notification. This rule, like all others, is made to protect the student. If the student leaves anyway, the absence is unexcused.

Vehicles, Parking and Driving

Driving to school is a privilege, not a right, for which parents and other agencies assume responsibility. However, parking on school grounds is the school's privilege to award. Unregistered vehicles, vehicles inappropriately or illegally parked, or vehicles creating a safety hazard may be subject to impounding/towing at owners' expense. A search of a motor vehicle may be made based on reasonable suspicion when related to a possible school violation.

Immunization

In order to protect children against a number of childhood diseases, Washington Law (RCW28A.210.060) requires that all children admitted to public and nonpublic schools be immunized against diphtheria, tetanus, pertussis, polio, measles, rubella, mumps, and Hepatitis B, as appropriate. Students may be excluded if they do not meet the requirements of the law.

Student Handbook Section III

CHS Code of Conduct

Why do we need a code of conduct? Schools have the duty to address known or reasonably foreseeable dangers and to provide a peaceful, safe and harassment free educational environment. Courts have held that schools are within their authority to institute a code of conduct as long as the policies furthers educational goals and is reasonably related to those goals.

Relevant Federal and State Laws

1. Requires that the rules of a district governing pupil conduct and discipline be interpreted to insure an optimum-learning atmosphere in the classroom. Optimum learning atmosphere shall be defined as the climate in which each student has the maximum opportunity to learn and the conduct of students that interferes with that climate is kept at an absolute minimum as determined by the classroom teacher.
2. Requires students to comply with rules established for the governing of the school.
3. Requires the students to pursue his or her course of study and make reasonable progress.
4. Requires students to submit to the authority of teachers, subject to such disciplinary action, as school officials shall determine.
5. Empowers each teacher to hold pupils on a strict accountability for disorderly or antisocial conduct while under a teacher's supervision, and to make recommendations for the suspension of a student for cause.
6. Makes a crime to willfully create a disturbance on school premises during school hours or at school activities or meetings.
7. Provides that students who damage property while under school jurisdiction may be suspended and punished. The student, parent(s) and/or guardian shall be liable for damages.
8. Allows teachers to temporarily exclude students from classroom instructional or activity area.
9. Prohibits harassment with intent, or is likely to produce, a substantial educational disturbance on the basis of race, national origin, gender, age, religion, marital status, sexual orientation or disability.
10. RCW 28A.635.090 makes it a crime to interfere by force or violence with any staff member or student who is in the peaceful discharge of his or her duties or studies.
11. RCW 28A.635.100 makes it a crime to intimidate or use threat of violence against any staff member or student who is in peaceful discharge of his or her duties or studies. Violation of this policy will be subject to disciplinary action, in-school or out-of-school suspension, or expulsion.
12. The State of Washington Minor in Possession Law calls for withholding of the driver's license if a minor is convicted of the use and/or possession of alcoholic beverages or dangerous drugs.

In this handbook, any discipline offense marked with an asterisk (*) has been determined to be an exceptional misconduct offense by the Columbia School District pursuant to WAC180-40-245(2) and 265(2)

STUDENT DRESS

Procedure No. 3224P

Socially appropriate dress is fundamental to a student's success in school and for future employment success. In support of the transition from child to young adult, the following K-12 attire-related rules are in place beginning August 2011.

The dress code procedure will be reviewed with building staff on a yearly basis. If the student’s dress or grooming is objectionable under these provisions, the staff shall request the student to make appropriate corrections. If the student refuses, the staff shall take appropriate corrective action including disciplinary action for a dress code violation. Staff may grant exceptions for occasional special events and activities. Students who violate provisions of the dress code relating to extracurricular activities may be excluded from the extracurricular activity until proper attire is worn.

****Rule of 3 – a student who has 3 or more instances of potential gang attire (i.e.—blue checkered sweatshirt, long blue t-shirt, blue shoelaces) is subject to a dress code violation.**

Prohibition of Harassment, Intimidation and Bullying

The District is committed to a safe and civil educational environment for all students, employees, volunteers and patrons free from harassment, intimidation or bullying. “Harassment, intimidation or bullying” means any intentionally written message or image, including those that are electronically transmitted, a verbal, or physical act, including but not limited to one shown to be motivated by any characteristic in RCW 9A.36.080(3), (race, color, religion, ancestry, national origin, gender, sexual orientation or mental or physical disability), or other distinguishing characteristics, when an act:

- Physically harms a student or damages the student’s property; or
- Has the effect of substantially interfering with a student’s education; or
- Is so severe, persistent or pervasive that it creates an intimidating or threatening educational environment; or
- Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation or bullying. “Other distinguishing characteristics” can include but are not limited to: physical appearance, clothing or other apparel, socioeconomic status, gender identity and marital status. Harassment, intimidation or bullying can take many forms including: slurs, rumors, jokes, innuendos, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images. “Intentional acts” refers to the individual’s choice to engage in the act rather than the ultimate impact of the action(s). This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the educational environment. Many behaviors that do not rise to the level of harassment, intimidation or bullying may still be prohibited by other district policies or building, classroom or program rules.

This policy is a component of the district's responsibility to create and maintain a safe, civil, respectful and inclusive learning community and is to be implemented in conjunction with comprehensive training of staff and volunteers, including the education of students in partnership with families and the community. This policy is to be implemented in conjunction with the *Comprehensive Safe Schools Plan* that includes prevention, intervention, crisis response, recovery and annual review. Employees, in particular, are expected to support the dignity and safety of all members of the school community.

Depending upon the frequency and severity of the conduct, intervention, counseling, correction, discipline and/or referral to law enforcement will be used to remediate the impact on the victim and the climate and change the behavior of the perpetrator. This includes appropriate intervention, restoration of a positive climate and support for victims and others impacted by the violation. False reports or retaliation for harassment, intimidation and bullying also constitute violations of this policy.

(*) HARASSMENT

No one should be subjected to harassment at school for any reason. Columbia School District is committed to a positive, safe and productive educational environment, free from discrimination and harassment. Forms of harassment include ethnic and racial forms for the specific intent to cause a disturbance of the educational process. Harassment is prohibited and shall be grounds for disciplinary action.

(*) Harassment – Sexual

Sexual harassment includes all unwanted, uninvited and non-reciprocal sexual attention as well as the creation of an intimidating, hostile, or offensive school or work environment. This can include:

- Sexually suggestive looks or gestures
- Sexual jokes, pictures or teasing
- Pressures for dates or sex
- Sexually demeaning comments
- Deliberate touching, cornering or pinching
- Attempts to kiss or fondle
- Threats, demands or suggestions that favors will be granted in exchange for sex or tolerance of sexual advances.

RCW 28A.640.020, WAC 392-190-056 to 058 and Columbia School District Policy # 8700 prohibit this type of conduct. Violators can face short term/long term suspensions or a permanent expulsion from Columbia High School. Students are to report such violation of their right to be free of intimidation or manipulation promptly to the office. Offenders will be dealt with according to the discipline matrix.

Aggressive Student Behavior

1. ***(*) AGGRESSIVE BEHAVIOR***
Aggressive or reckless behavior, including horseplay, which jeopardizes the health, safety, or welfare of other students or staff members, will be subject to discipline, detentions, in-school suspension, or suspension.
2. ***(*) ASSAULT***
A student shall not intentionally cause or attempt to cause physical injury or intentionally behave in such a way, as could reasonably cause physical injury to any person. Any student involved in an assault will be subject to long-term suspension or expulsion.
3. ***(*) FIGHTING***
Fighting will be defined as a physical altercation causing a disruption of the educational process. A student shall not intentionally cause or attempt to cause physical injury or intentionally behave in such a way, as could reasonably cause physical injury to any person. Any student involved in fighting or promoting fighting shall be subject to disciplinary action. Fights are cumulative throughout the student's secondary school years. Fighting may constitute a crime and legal authorities may be notified. Students will be suspended for fighting.
4. ***(*) THREATS***
A person shall not communicate to any person any actions he/she shall take to punish or harm another person. Students threatening others may be subject to discipline, suspension, or expulsion.

(*) Hazing

Students shall not participate, or conspire for others to participate in harassing acts that may injure, degrade, disgrace, or put others at risk in any way. Hazing may result in suspension or expulsion.

Alcoholic Beverages and Drugs

Columbia School District supports abstinence by all students so that these substances will not impair them in attempting to reach their full intellectual, emotional, social, and physical development. Student use of alcohol and other mind-altering drugs is harmful, illegal, and will not be tolerated. Out of concern for student health, there are to be no pills at school unless under the direction of the school nurse/trained designee. Violations of the Alcoholic Beverages and Drugs Regulations are cumulative throughout the student's secondary school years.

The use and/or possession of alcoholic beverages or dangerous drugs is prohibited by law to minors, and the Columbia School District will uphold the Minor in Possession Law. The State of Washington Minor in Possession Law calls for withholding of the driver's license if a minor is convicted of the use and/or possession of alcoholic beverages or dangerous drugs.

In addition, Columbia School District Policy 3241 and Procedure 3241P applies to student violators while they are in school, on school grounds, bus stops, or at school-sponsored events. Any student subject to disciplinary action under the categories listed below may be subject to emergency expulsion if the student's presence poses an immediate and continuing danger to the student, other students or school personnel, or an immediate and continuing threat of substantial disruption of the educational process.

- ❑ (*) The selling and/or distribution (including the intent to sell or distribute) of any alcoholic beverage, marijuana, hallucinogens, amphetamines, inhalants, barbiturates, narcotics, cocaine, legend or party drugs, and dangerous or controlled substance or any "look-alike" substances purported to be such is a major violation of the cited laws and policy. In addition, non-prescription and/or over-the-counter medications such as, but not limited to, diet pills, caffeine pills, pain killers, cold medicines and herbal supplements are prohibited unless under the direction of the school nurse/designee.
- ❑ (*) Students using, in possession, or under the influence of any and all categories cited above are subject to the discipline matrix 3241 P CSD. Parents and legal authorities will be notified.

() Tobacco and Comparable Use/Possession*

Law and Regulations

The Columbia School District fully enforces the RCW 28.A210.310 that students of any age are prohibited from smoking or using tobacco products or having tobacco products, including all forms of tobacco plus vapor devices, in their possession at any time during the school day or at any school sponsored activities. Before or after school, students are not to use tobacco products on or adjacent to the school grounds and/or visual distance from the school grounds. Violations of tobacco regulations are cumulative on a one-year basis. School policy 3241P requires staff to alert law enforcement any time drug, alcohol, tobacco, vapor devices or similar contraband are found.

RCW70.155.080

A person under the age of eighteen who purchases or attempts to purchase, possesses, or obtains or attempts to obtain cigarettes or tobacco products commits a Class 3 civil infraction under Chapter 7.80 RCW and is subject to a fine as set out in Chapter 7.80 RCW or participating in community services, or both. The court may also require participation in a smoking cessation program.

Cheating/Plagiarism

Plagiarism is the taking of language, ideas or thoughts from another person or source and representing them as original work. Students who use plagiarized papers or projects or are involved in any other form of cheating will be subject to reduction in grades and/or disciplinary action of the first offense. For a second offense a student may be subject to removal from class and/or a failing grade.

Communications: Telephones

If you need to call home because of illness or have another emergency, the office phone may be used with the secretary's permission. Cell phones are not to be used during the school day (7:45 a.m. – 2:35 p.m.).

Communications: Electronic Devices

Students in possession of telecommunications devices, including, but not limited to, pagers, beepers and cellular phones, while on school property or while attending school-sponsored or school-related activities shall observe the following conditions:

1. Telecommunication devices shall be turned on and operated only before and after the regular school day and during the student's lunch break, unless an emergency situation exists that involves imminent physical danger or a school administrator authorizes the student to use the device.
2. Students shall not use telecommunication devices in a manner that poses a threat to academic integrity, disrupts the learning environment or violates the privacy rights of others.
3. Students shall not send, share, view or possess pictures, text messages, emails or other material depicting sexually

explicit conduct, as defined in RCS 9.68A.011, in electronic or any other form on a cell phone or other electronic device, while the student is on school grounds, at school sponsored events or on school buses or vehicles provided by the district.

4. When a school official has reasonable suspicion, based on objective and articulable facts, that a student is using a telecommunications device in a manner that violates the law or school rules, the official may confiscate the device, which shall only be returned to the student's parent or legal guardian.
5. By bringing a cell phone or other electronic devices to school or school-sponsored events, the student and his/her parent/guardian consent to the search of the device when school officials have a reasonable suspicion, based on objective and articulable facts, that such a search will reveal a violation of the law or school rules. The scope of the search will be limited to the violation of which the student is accused. Content or images that violate state or federal laws will be referred to law enforcement.
6. Students are responsible for devices they bring to school. The district shall not be responsible for loss, theft or destruction of devices brought onto school property or to school sponsored events.
7. Students shall comply with any additional rules developed by the school concerning the appropriate use of telecommunication or other electronic devices.
8. Students who violate this policy will be subject to disciplinary action, including suspension or expulsion (3245).

(Dangerous Weapons on School Premises (RCW 9.41.280)*

Columbia School District Board of directors recognizes the expectation of students, staff, parent(s) and/or guardian(s) and patrons to be safe on school district premises and at school district activities. Accordingly, it is a violation of district policy (District Policy No. 3241) for any person to carry on to school premises, or school-provided transportation, or other facilities being used for school activities

- Any firearm; or
- Any dangerous instrument or weapon of any kind such as, but not limited to, a sling shot, sand club, blackjack, billy club, metal knuckles; or
- Any device commonly known as "throwing stars" which are multi-pointed objects designed to embed upon impact from any aspect; or
- Any device commonly known as "Nunchaku sticks" consisting of a length of wood, metal, plastic, or similar substance attached to wire, rope, or other means; or
- Any air gun, including any air pistol or air rifle designed to propel a BB, pellet, or other projectile by the discharge of compressed air, carbon dioxide, or other gas; or
- Any disabling or incapacitating items such as electronic stunning/shocking devices; or any object used in a threatening manner and/or used as a weapon which could reasonably be perceived, given the circumstances, as having the ability to cause bodily harm even though not commonly thought of as a deadly or dangerous weapon, such as laser pointers, starter pistol, flare gun, cayenne pepper, mace, pepper spray, ice pick, elongated scissors, straight razor, or other disabling agents; or
- Any object which looks like a weapon, such as a toy or "dummy" gun, knife or grenade.
- Pepper spray is considered a dangerous instrument and may not be brought on campus unless the student has written parental consent on file at CHS.

The principal/designee must promptly notify law enforcement and the student's parent(s) and/or guardian(s) regarding any allegation or indication of such violation.

Unless otherwise provided by law, in cases involving the possession of a fire- arm or an air gun the principal/designee shall, without exception, expel the student. In cases involving other weapons, the principal/designee shall place the student on the designated disciplinary steps as defined in District policy 3241 and procedure 3241.

(Disruption of the Educational Processes:*

Students must obey the reasonable instructions of school district personnel. Conduct that interferes with the educational process is prohibited and may result in disciplinary action. Students who shall willfully create a disturbance on school premises during school hours or at school activities shall be guilty of a misdemeanor (RCW 28.A.635.030) and will be subject to discipline, suspensions, or expulsion.

Multiple offenses of a less serious nature by themselves are often a greater impact of the educational process than is a single major offense. Multiple offenses are cumulative throughout the student's secondary school years no matter what school district the student has previously attended.

Freedom of Expression

The free expression of student opinion is an important part of education in a democratic society. Students' verbal and written expression of their own private opinion on school premises is to be encouraged so long as it does not substantially disrupt the educational process or interfere with the rights of others in the unique circumstances of the educational environment. Such

speech activity by students is solely their own expression of views and the District does not intend to promote, endorse, or sponsor any expressive activity that may occur. However, distribution of written material, oral expression, or any other expressive activity (including the wearing of symbols, clothing, hairstyle, or other personal effects) may be restricted where a substantial disruption of the educational process is likely to result, or does result from such activity. Substantial disruption includes:

- Inability to conduct classes or school activities, or inability to move students to/from class or other activities.
- Breakdown of student order, including riots or destruction of property.
- Widespread shouting or boisterous conduct.
- Substantial student participation in a school boycott, sit-in, stand-in, walkout, or similar activities.
- Physical violence, fighting, or harassment of any kind among students.
- Intimidation, harassment, or verbal conduct (including swearing, disrespectful insulting speech to students, teachers, or administrators) creating a hostile educational environment.
- Defamation or untrue statements.
- Statements that attack ethnic, religious, gender or racial groups, or that tend to provoke a physical response, including gang symbols or apparel, insults, or fighting words that could reasonably be anticipated to provoke a physical or otherwise disruptive response.
- Speech likely to result in disobedience of school rules or health and safety standards (such as apparel, advertising alcohol, illegal drugs, tobacco, etc.)

Official student publications (such as The Spirit or the yearbook), and student expression that occurs under circumstances where it is sponsored or endorsed by the school (such as speech at student assemblies or dramatic productions), are not private speech of students. Rather, they are public communicative activities of the school district, which the District retains control over to the extent permitted by the First Amendment and WAC 180.42.215.

Such speech shall be subject to regulation not only under the standards set forth in the paragraph above, but also for any other legitimate educational reasons as determined by the District. Students who violate the standards for verbal or written expression shall be subject to corrective action or punishment, up to and including suspension or expulsion.

Forgery

The forging of parent(s) and/or guardian(s) or another student's signature on any letter to the school or any school document will result in discipline and/or suspension. Falsely representing a parent and/or guardian in any way will result in disciplinary action. Self-signed student notes will not be accepted in lieu of parent signature.

(Insubordination*

Students are required to obey the reasonable requests of all staff members. Willful disobedience will result in suspension or expulsion. Students are required to identify themselves to all staff members of Columbia High School. Failure to do so shall be construed as insubordinate and a threat to school security.

(Insults or Abuse*

Students are required to show respect for authority and any verbal abuse of staff will result in discipline or suspension.

Littering

Students may eat lunch in the commons and outdoors in approved areas on nice days, provided the areas remain litter-free. Eating in hallways or classrooms (unless it is part of a lesson) may not be allowed and students are expected to pick up litter following lunch and leave their lunch area clean. Hallways and outdoor areas have garbage cans, which should be used to dispose of litter. Failure to keep your school litter free may result in discipline.

(Possession/Distribution of Drug Paraphernalia*

The use, possession, advertisement in any form, delivery, or sale of controlled substances and illegal drugs or drug paraphernalia (regardless if residue is absent) is in violation of RCW 69.50 and CSD Policy 3241 and 3241P. The first violation will result in a short-term suspension and legal authorities will be notified. In addition, violators will take an assessment by a state certified drug/alcohol agency [at the parent(s) and/or guardian(s) and/or student(s) expense], which meets the Columbia School District's criteria for assessment. If a treatment plan is indicated, the student has to make measurable progress or face a long-term suspension (the remainder of the semester.) Subsequent violations are addressed in the progressive discipline matrix of the district's policy. Please note: Starting with the first violation and continuing with subsequent violations, the student may be denied participation and attendance at all activities/athletics and placed on probation for a period of up to ninety (90) school days from the date of settlement. The possession or distribution of any material, which symbolizes, glorifies or advocates the use of alcohol, tobacco or any drug, may result in discipline. All materials are confiscated.

(*) School Property and Vandalism (RCW 28.A635.060)

Students who damage school property at school or while under school jurisdiction may be suspended and/or disciplined. The student, parent(s) and/or guardian(s) shall be liable for damages. All students are expected to respect and care for all property of the school, including building facilities, desks, white boards, books, lavatories, lockers, etc. Any student or students losing or found damaging or defacing school property will be required to pay for the damage or loss. Student grades, transcripts, and diplomas will be withheld until all costs from damages have been paid.

(*) Technology

Students may not bring any computer applications, including games, to school for any reason. A specific district guideline for technology usage is distributed to every student every school year. If parents/guardians do not want their student to have access to the internet and/or CSD network the parent/guardian must notify the school in writing. This handbook section establishes general technology regulations for CHS.

Any vandalism (destroying or changing files, illegal copying, etc.) intentional copyright violations or attempted access to unauthorized data will result in disciplinary action, which may include restitution, suspension or expulsion. Possession or distribution of passwords other than the student's own is prohibited. Distribution of knowledge (such as passwords or techniques) that may assist another person in damaging the network, or inappropriately accessing material will be subject to discipline, suspension or expulsion.

The inappropriate use of the Internet connection, district network, or an individual workstation is prohibited. Examples of inappropriate use include the accessing, downloading and distributing of inappropriate materials, materials that belong to another person, vandalism, or any other use incompatible with district policies.

Any violation as related to the Internet, district/building network, school hardware or software may result in the removal from class, withholding of computer access and/or discipline, suspension, or expulsion.

(*)2013/14 Columbia School District Internet and Network Use:

In recognition of the importance the Internet and use of the K-20 network plays in our daily tasks, an "opt-out" procedure regarding student network accounts for the 2013-2014 school year has been implemented.

All high school students will be issued a school district network and also an e-mail account to begin the school year. As parent or guardian of a Columbia School District student, you will need to contact us if you DO NOT wish for your student to use the Internet, school network, or e-mail. Elementary students normally use computers through teacher-accessed accounts and will not be issued an *individual* account unless there is a specific request from teacher and parent.

All students using the school network and internet access via the K-20 system will be required to read and sign off that they have read and understand the District Acceptable Use Policy. Violation of the policy will result in the student losing their access rights for a period of two weeks on the first offense and up to the entire year for a subsequent offense. Obviously, loss of network access can adversely affect grades and the ability to complete class objectives.

We have asked our teachers to discuss the network acceptable use guidelines, as they appear online at:

<http://www.csd400.org/CSD/technology.php> with their students. The students will then be asked to sign a sheet stating they have read and understand the guidelines. This student list will be turned in to Mr. Kramer. New students or those who miss the "class" presentation of the guidelines will be able to sign and turn in a separate form after having read the guidelines independently.

It should be pointed out that in accordance with CIPA (the Children Internet Protection Act), Columbia SD has implemented a district-wide Internet filter system. It must also be known that these measures are by no means 100% successful.

Parents wishing to "opt-out" of giving their student school internet and network access should contact: Mr. Kramer, 547-2136 or andrew.kramer@csd400.org

In addition, this same "opt-out" policy will be used in regard to the use of a student's name and photo on the district web pages. If it is your wish to NOT have your child's name and/or photo appear on our school web pages – you need only to contact us at the phone numbers listed above.

In both cases, if it is more convenient, you may just send a note conveying your wishes to the High School office.

Thank you for your continued support of Columbia School District technology.

Technology Director

() Theft or Destruction of School Property*

Theft may result in suspension from a single class or from a full schedule of classes for a period up to ninety (90) school days with possible loss of credits for a semester. The student will be required to replace or pay for the stolen item(s). Appropriate law enforcement authorities may be contacted. Any student involved in a theft while under the school jurisdiction, including shoplifting during school related trips, will be denied participation in school activities for a period of up to ninety (90) school days.

() Trespass*

Students are not to enter or loiter on the campus of Columbia High School without proper authorization. A charge of trespass, with notice to police authorities, may be given to any person who creates a disturbance on school property and whose continued or reoccurring presence may result in a real and substantial disruption to the school environment or pose a threat to the safety and well being of property or person. Students on campus while on suspension and/or expulsion are subject to additional disciplinary action and arrest for criminal trespass. Violators may be subject to disciplinary, suspension, or expulsionary action and arrest for criminal trespass.

() Time to Teach program*

In the spring of 2011 Columbia HS, and the CSD Board of Directors, adopted the Time to Teach program as our standard classroom management system. The Time to Teach program is a very natural progression from the Make Your Day program that is used at the Middle and Elementary Schools.

The main Time to Teach beliefs include:

- Strong Positive Approach to Discipline is the first way to show students that you care about them.
- Good Disciplinary work is about timing.
- Conflict is a part of the growth process and is healthy; it is how boundaries are defined.
- Students are a product of their parenting and conditioning as well as their DNA.
- Problem behavior is captivating in nature. It feeds itself and grows.

The time to teach program includes goals directed toward students and goals directed toward staff.

- Goals for the student include:
 - To be trained and taught what is needed to be successful in the classroom and learn the hidden rules of school implicitly.
 - To be allowed to learn and grow, make mistakes and move on
- Goals for the staff include:
 - Build consistency and become predictable in dealing with student behaviors.
 - Create a supportive learning environment free from frustration allowing more energy for teaching.
 - Decreasing the time spent on correcting behaviors and having elevated conversations that hold back learning for all students.
 - Allow for Unconditional Positive Regard for students and mutual respect.

Within the Time to Teach structure, off-task behaviors are placed into one of three categories; Absolutes, Critical Decisions, or Refocusing. The term *Absolute* refers mainly to student behaviors for which the district's disciplinary matrix (3241P) would apply; behaviors that must never occur for a safe school environment that is nurturing for students' growth. *Critical Decisions* are those, typically very few, behaviors that would imply some investigation and/or parent contact and follow up. The *Refocus* is a tool utilized in the classroom for decreasing 'off-task' time and increasing 'on-task' time. The *Refocus* process includes prompting of students to re-engage with the work at hand either through an in class refocusing session or a refocusing session outside the classroom if necessary.

All instances of refocusing are reviewed weekly, any student who receives four or more refocus sessions in any week is assigned a session in Academy after school. Should a student skip an academy session, they are assigned to a Community Service session after school the following day. Should a student choose to skip a community service session, the result is suspension.

Student Handbook Section IV *DUE PROCESS*

Students will be expected to follow the laws of the state and rules of the district. Students at school and students at school-sponsored, off-campus events shall be governed by school district rules and regulations and are subject to the authority of the school district officials. Students suspended or expelled from any district in the State of Washington may be denied attendance at Columbia High School.

Constitutionally and legally sound procedures of due process are outlined below and specified in Chapter 180.40 WAC will be followed in the administration of discipline.

Disciplinary authority shall be exercised with fairness.

Every effort shall be made by administrators and faculty members to resolve problems through effective utilization of school district resources in cooperation with the student and his parent(s) and/or guardian(s).

In case of the application of disciplinary action or recommended short-term suspensions (defined as a suspension for any portion of the calendar day up to and not exceeding fifteen consecutive school days) that exceed one school day, the student and parent(s) and/or guardian(s) shall be notified of the suspension.

If the student and parent(s) and/or guardian(s) desire, they may request an informal conference concerning the discipline with the building principal or designee. Should further grievance beyond the building level be desired by the student or his/her parent(s) and/or guardian(s), the following procedure will be carried out:

The District Hearing Officer must be contacted within two (2) school business days for the purpose of presenting a written and/or oral grievance.

Should the grievance not be resolved, the student or parent(s) and/or guardians have the right to present a written and/or oral grievance to the Board of Directors during the Board's next regular meeting.

During this process, the student will remain out of school.

In cases where long-term suspension (a suspension which exceeds a short-term suspension) or expulsion (indefinite time period) is recommended, a written notice shall be delivered to the student and his/her parent (s) and/or guardian(s). The notice shall specify the charges made, recommended sanctions to be imposed, and set forth the student's right to a hearing.

Students given a long-term suspension for disciplinary infractions which have been ascertained to have been related to drug/alcohol use may have the suspension reviewed at any time following the tenth business day of the suspension if the student can provide evidence of having completed an assessment by a state certified drug/alcohol agency which meets the Columbia School District's criteria for assessment, and evidence of having taken steps to follow the recommendations based on the assessment. After the review, the student may be readmitted on a probationary basis for the balance of the suspension period or the student's educational opportunities may be continued in some other appropriate way.

If the student and his/her parent (s) and/or guardian(s) desire a formal hearing, they shall reply in writing to the notice within three (3) school business days of receipt. If such reply is not made within the three-day period, the pupil and his/her parent (s) and/or guardian(s) shall be deemed to have waived this right to a hearing and the long-term suspension or expulsion may be imposed. If an appeal is filed from a long-term suspension or expulsion action, the student shall remain in school until the hearing officer issues a decision.

In cases where emergency expulsions are applied (immediate removal from school) the pupil and his/her parent (s) and/or guardian(s) will be notified by telephone or in person.

A certified letter will be mailed within 24 hours of the expulsion. The letter will explain the reasons for the expulsion and set forth corrective action. The parent (s) and/or guardian(s) and/or student(s) has the right to request a hearing on or before the tenth school business day after receipt of the letter. The student shall remain out of school during the appeal process unless the emergency expulsion action is either rescinded or modified by the hearing officer.

If a hearing is requested by the student, the following procedural guidelines will govern the hearing:

Parent (s) and/or guardian(s) shall be present at the hearing.

Counsel may represent the student, his/her parent (s) and/or guardian(s).

The student shall be permitted to inspect twenty-four (24) hours in advance of such hearing, any affidavits or exhibits that school authorities intend to submit at the hearing.

The district has the same opportunity to inspect affidavits or exhibits students intend to submit at hearings at least twenty-four (24) hours before the hearing.

The student shall have the opportunity to present his/her version as to the charges and make such showing by way of affidavits, exhibits, and such witnesses as desired, as well as the opportunity to question witnesses. However, a school district witness may not appear if the hearing officer for good cause excuses the nonappearance. To show good cause, the district must either show that it made a reasonable effort to have the witness appear to testify but was unable to produce the witness at the time of the hearing or that it is not advisable for the witness to appear based on an expectation and fear by responsible district official(s) or the student witness of retaliation.

Either a tape-recorded or verbatim record shall be made of the hearing. The Hearing Officer shall state in writing, his findings as to facts, conclusions, and the disposition to be made, and if any, by way of disciplinary action.

The student and his/her parent (s) and/or guardian(s) shall be made aware of their right to appeal the decision of the hearing authority within three (3) school business days to the School Board. If the hearing officer upholds a long-term suspension or expulsion, and no appeal is filed within the three-day period, the long-term suspension or expulsion may be imposed. If an appeal is filed, the student may be excluded from school for up to ten (10) school days during the appeal period or until the Board acts on the appeal, whichever occurs first. If the hearing officer upholds an emergency expulsion, the student shall remain out of school during the appeal process.

The student and his/her parent (s) and/or guardian(s) shall be made aware of their right to appeal the decision of the School Board to the Supreme Court within thirty (30) days of the Board's decision.

Any student who has been placed on long-term suspension or on expulsion may make a written application to be readmitted to school. The application is to be made through the District Superintendent of Schools or his/her designated representative.

Student Handbook Section V

Qualified Disabled Students (WAC 392-172)

The Columbia School District complies with the requirements of the Individuals with Disabilities Education Act (WAC 392-172) and Section 504 of the Rehabilitation Act. Students with disabilities qualifying under either statute are not subject to the imposition of a discipline sanction that substantially and adversely impacts the educational program of the student until it is determined that the misconduct is not the direct result of

- An inappropriate program or placement OR
- A manifestation of the disability, which qualifies the student for services under either statute.

A substantial adverse impact is presumed to occur when a student is given a suspension of more than ten (10) consecutive school days in duration. It can also occur when there is a pattern of short-term suspensions that collectively viewed constitutes a pattern of exclusion.

It is the responsibility of the IEP team to make the determination if a specific sanction constitutes a substantial adverse impact.

A qualifying student may be assigned to an Alternative Educational Setting if the student's action falls into the exceptional misconduct category, i.e. bringing a deadly weapon to school.

A qualifying student is also subject to the imposition of discipline sanctions up to and including short-term suspensions for violations of school rules without the involvement of an IEP team or manifestation meeting review. A complete explanation of the rights is available through the Special Services Department.

Student Handbook Section VI

SCHOOL SAFETY

Emergency Procedures and Drills

Emergency procedures may require us to evacuate the building and/or the campus. Parents are contacted from our evacuation point of designation. In case of a building evacuation, CHS meets in the commons of our middle school. For district wide evacuation, CHS assembles at the Burbank Fire Station on Humorist Road. Parents who wish to pick up students from the fire station must go through the high school secretary, to log the student's name on the roll sheet.

Fire drills are held periodically. It is important that these drills are taken seriously and the building evacuated in a prompt and orderly manner. Each classroom will have instructions for evacuation posted near the exit.

Lockers

Each student is assigned a locker with combination locks; both are school district property. Although the student has responsibility for locker contents, the school has the right of assignment and the right to inspect lockers at any time. A damage fine will be assessed for lockers that require repair. For security purposes, students are advised not to keep valuable items in their lockers and not to "jam" their lockers. The school is not responsible for lost or stolen items.

Affirmative Action Statement

Columbia School District does not discriminate in any programs or activities on the basis of sex, race, creed, religion, color, national origin, age, veteran or military status, sexual orientation, gender expression or identity, disability, or the use of a trained dog guide or service animal and provides equal access to the Boy Scouts and other designated youth groups. Inquiries regarding compliance procedures may be directed to the school district's Title IX Officer, Joan Dove or Section 504/ADA Coordinator, Zac Carpenter at Columbia School District, Maple Street, Burbank WA 99323, (509) 547-2136.

Clubs and Organizations

The clubs and organizations currently operating and members of the ASB are Music, FBLA, FFA, FCCLA, International Club, National Honor Society and Drama Club.

FBLA-Future Business Leaders of America

FBLA is a vocational business organization for students interested in business or business education careers. The purpose of FBLA is to give students a chance to learn about the competencies that will enable them to pursue careers in business or business education. CHS has a very active FBLA chapter.

Advisor: Mrs. Aune

FFA

FFA is part of the agriculture program and is available to students enrolled in agricultural classes. Students participate in various FFA contests and fund raisers.

Advisor: Mrs. Espinosa

FCCLA – Family Career, Community Leaders of America

FCCLA is a club open to all students. FCCLA encourages the development of the leadership skills that are so necessary for success in the family and in communication and cooperation and community service. Dues are collected for state and national levels. FCCLA activities:

Advisor: Mrs. Williams

Music

Band and choir are courses in our regular curriculum. High school band is much more than a class. The band performs at a variety of sporting events as well as performing at concerts and contests. Students enrolling in band are taking part in a demanding and vital part of our school. They also raise funds for equipment, apparel, and travel. Choir also performs at various concerts and contests during the year.

Advisor: Mr. Horstman

Key Club

The mission of the Key Club is to show that we cherish the uniqueness and respect the individuality we each bring to school. Our encompassing vision is to demonstrate unity and harmony in our common bond as humans and to provide positive service to our school and community.

Advisors: Mr. Drew Gale

Knowledge Bowl

Knowledge Bowl students enjoy knowledge games. They practice regularly and compete in meets against students from other schools. Interested students should talk to the advisors.

Advisor: Mr. Sloan/Mr. Gale

National Honor Society

Membership in this club is based on entrance qualifications. Criteria include academic excellence, leadership, character, and service.

Advisor: Mrs. Frasure-Caldwell

Drama Club

Drama club offers wonderful experiences for both the aspiring actors and others wishing to participate in other capacities.

Advisor: Ms Webber-Gray

Athletics

Athletics is a privilege. Thus students have to be eligible to play sports. Eligibility requirements are detailed in the Athletic Code, available from the athletic director, Mr. Aune, or the coach, and are strictly adhered to. Athletes must be completely familiar with the code. As ambassadors of CHS, our athletes know that their conduct is especially scrutinized.
