The Pamlico County Schools district recognizes the value of substitute teachers to its education program. When a teacher is absent from a class, for whatever reason, the substitute teacher assumes a substantial responsibility of the educational experiences of a classroom full of students. It is the substitute teacher who ensures an uninterrupted program in the absence of the regular classroom teacher.

OUR STUDENTS NEED YOU!

Requirement: In order to serve as a substitute teacher, an individual must be at least 18 years old and hold a high school diploma or its equivalency (GED).
