The CIF Los Angeles City Section is committed to providing quality support services in a respectful and gracious manner. We aim to enhance member schools' abilities to manage safe and fair interscholastic athletic programs. Our goal is to promote healthy, safe, and fair interscholastic competition and develop programs that will raise academic achievement in all student-athletes.

- Gatorade Trainer Award
- Important Dates

Franklin High School won its first City football title since 1989 and its fifth overall with a 27-18 victory over Reseda in the Division III championship.

Polytechnic won its first girls volleyball championship since 1997 and second overall with a 3-1 win over Wilson for the Div. II championship.
At the September 26 Board of Managers meeting, the league representative governance structure was passed and will become effective as of the 2017 fall semester. Between now and the fall semester, there will be several required activities for each league to complete for the selection process of your league representatives. First, information will be distributed and discussed at your league meetings to include the application process, the three positions that are being voted on by each school, the requirements of the position, and the responsibilities of the league BOM representatives. Applications must be received by the Section Commissioner by February 1, 2017, and league elections held in March or April to select a league coach, AD and administrator as your league representatives. Because the terms are required to be staggered, your league will identify the terms- one year, two years, or three years for each representative. Nomination process will reoccur annually to replace the term ending representative.

Each league will have a share of the overall BOM votes. The calculation is based on the number of sports teams and enrollment of all schools in the league. This calculation will use the prior year’s figures from the CBEDs and number of sports offered by each school to determine the years voting share. The CBEDs are released in mid-to-late May and the share of votes for the following year for each league will be approved at the last BOM meeting each year. The new format is a departure from the individual decision making process that the Section has used for numerous years. The new method will allow for each school to have a voice and vote at the league level for all decisions that impact the league and/or Section decisions. Your participation in your league structure will only strengthen the design and direction of your league and the Section.

Congratulations to all of our Fall champions and best of luck to the winter coaches and athletes!

Wishing everyone a great holiday season!

John Aguirre, Commissioner
Congratulations to the following schools who have been recognized as the 2016 Fall Academic Team Award winners based upon their overall team grade point average!

These teams represent the best in our Section with their student-athletes being successful in the classroom while competing in sports.

**Boys Water Polo:** Santee High School – 2.80 GPA

25 Team Sports

55 Championships

142 Schools

39,121 Student-Athletes
On September 28th before more than 200 supporters at the Stadium Club in Dodger Stadium, four CIF LA City Section athletes were honored as the 2016 Positive Coaching Alliance Los Angeles Triple-Impact Competitor award winners.

Each student earned a $2,000 scholarship towards the college of his or her choice.

Leslic Diaz (Alliance Neuwirth- soccer), Xavier Jackson (San Pedro- track and field), SaraJoy Salib (Venice- water polo, swim/diving) and Samantha Vasquez (Northridge Academy- volleyball) received medals as part of the first-ever Positive Impact Awards for youth community sports.

Hosted by the Positive Coaching Alliance Los Angeles and sponsored by the LA84 Foundation, the four student-athletes were recognized for their accomplishments. Triple-Impact Competitors make themselves, their teammates and the game better.

Congratulations to our four recipients!

SUGAR HELPS FUEL YOUR GAME

Sugar is a form of carbs, and carbs help to keep you fueled during activity. So, inside every sip of Gatorade® Thirst Quencher is the sugar you need to help keep you and your game running strong.

FACT #1
Sugar provides the energy you need to perform throughout the game.

FACT #2
The sugar found in Gatorade Thirst Quencher—glucose & sucrose—fuels your muscles & mind.

FACT #3
You don’t need a lot of sugar. The recommended amount of sugar for athletes is 30-50g per hour of activity. That’s why every bottle of Gatorade® Thirst Quencher is formulated to help deliver the proper carb intake, plus the fluids to help support hydration.

For more info about the role of sugar in performance, visit GATORADE.COM
