### Principal's Message

Grover Beach Elementary is an International Baccalaureate (IB) World School and has the privilege of educating a diverse group of students in a community-centered setting. Our school offers a wide variety of school-based services for our students and their families. The entire school staff works diligently to ensure the needs of all students are met, with each staff member doing his or her part to promote student achievement and excellence in learning. The school's motto, "To engage, challenge, and inspire through the power of learning" reflects the IB philosophy of developing well-rounded students and also the dedication of all of the teachers at Grover Beach to support student achievement and excellence.

As new families have moved into our community, they also have joined the familial spirit of Grover Beach Elementary International Baccalaureate World School, becoming active participants in our Parent-Teacher Organization (PTO), School Site Council (SSC), English Learner Advisory Committee (ELAC), and other parent groups. Parents also volunteer in classrooms, chaperone on field trips, and attend the various spirit-filled school activities.

Given the staff's dedication to student achievement and the school's widespread community support, Grover Beach Elementary International Baccalaureate World School continues to demonstrate that all students can and will learn when teachers, parents, and the community work together to cause learning.

### School Mission Statement

As a community-centered school, Grover Beach Elementary International Baccalaureate Candidate School prepares students to become productive citizens in their community by challenging them to achieve intellectual excellence while training them to integrate their learning with the attributes of good citizenship — trustworthiness, respect, fairness, responsibility, and caring.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)**

Lucia Mar Unified School District held a public hearing Sept. 20, 2016, and determined each school within the District has sufficient and good-quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams v. the State of California. All students, including English Learners, are given their own individual Standard aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. All textbooks and instructional materials used within the District are aligned with the California State Content Standards and Frameworks and have been approved by the Board of Education. Lucia Mar Unified School District follows the State’s seven-year adoption cycle. Auxiliary materials, such as math manipulatives, trade books, and science kits, are also purchased to support the textbook adoption.

#### School Facility Conditions and Planned Improvements (Most Recent Year)

Grover Beach Elementary International Baccalaureate World School provides a safe, clean environment for learning. Built in 1955 and completely modernized in 1990, Grover Beach Elementary International Baccalaureate Candidate School is situated on 10.3 acres. The school buildings span 39,735 square feet, consisting of 29 classrooms, a library, computer lab, administrative offices, counseling offices, and a multipurpose room with a kitchen. There is one large playground and blacktop area for students in grades 1-6 and a separate enclosed playground area for kindergarten students.

In addition to the Grover Beach Elementary International Baccalaureate Candidate School buildings, the site houses five State preschools, two county preschool classes, three Special Education preschool classes, and the District early intervention Speech and Language program.

Grover Beach Elementary International Baccalaureate World School is a closed campus. Many people visit the campus to volunteer in the classroom and participate in school events. Parents and visitors are welcomed and required to check-in at the school office upon arrival and obtain a visitor's badge; visitors are required to return to the school office upon departure. During lunch, recesses, and before and after school, adults supervise students and school grounds, such as the cafeteria and recreation area, to ensure a safe and orderly environment.

Safety concerns are the No. 1 priority of maintenance and operations. District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work-order process is used to ensure efficient service and that emergency repairs are given the highest priority. The District maintenance staff has indicated that 100 percent of all toilets on school grounds are in working order.

A team of custodians ensures classrooms, campus grounds, and restrooms are kept clean and safe. A scheduled maintenance program is administered by Lucia Mar Unified School District to ensure that all classrooms and facilities are well maintained and provide a suitable learning environment. A summary of these standards is available at the school office or at the District office.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (School Year 2016-17)

The school keeps parents apprised of activities through a yearly Parent Handbook and calendar of events, monthly school newsletters, weekly classroom bulletins, student-generated letters to the parents, a telephone message system, and postings on bulletin boards and the marquee. All written bulletins and newsletters are published in both English and Spanish.

Parents and the community are very supportive of the program at Grover Beach Elementary International Baccalaureate World School. Parents become involved in their child's education in numerous ways such as volunteering in the classroom, participating in the planning and organization of school activities, attending parent education evenings, and chaperoning on field trips. Organized groups for parent involvement include the PTO, SSC, ELAC, and SAC parent meetings. Parents and community members are also invited to school activities and events throughout the year. Events include Back-to-School Night, IB Night, Pumpkin Run/Turkey Trot, Talent Show, International Festival, Family Fiesta, Talent Show, student awards assemblies, and other student performances throughout the year. In addition to that, this year we are also offering Adult Education Classes weekly for our Spanish speaking parents to improve their English skills, and English speaking parents to work on their Spanish. To date we have a weekly attendance of about 60 parents.

Fundraising activities and other contributions from the community greatly enhance the educational program at the school. Fundraisers at the school support field trips, science camp, books for classroom libraries, supplemental teacher classroom supplies, and the purchase of computers and playground equipment.

Parents who wish to volunteer or participate in Grover Beach Elementary International Baccalaureate Candidate School's committees and school activities may contact Principal James Snyder at (805) 474-3770 or jsnyder@lmusd.org.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

### School Safety Plan

The Comprehensive Safe School Plan was developed by the District to comply with Senate Bill 187 (SB 187) of 1997. The Plan provides students and staff a means of ensuring a safe and orderly learning environment. Each school includes the following requirements of SB 187 within their Safe School Plans: current status of school crime; child abuse reporting procedures; disaster procedures, both routine and emergency; policies related to suspension and expulsion; notification to teachers; sexual harassment policy; provision of a schoolwide dress code; safe ingress and egress of pupils, parents, and school employees; safe and orderly school environment; and school rules and procedures.

The school evaluates the plan annually and updates it as needed. Safety procedures, including elements of the School Safety Plan, are reviewed with school and District staff in the fall, at the start of each school year. The Injury, Illness & Prevention Plan was last updated and reviewed with school staff in October 2016. The School Safety Plan was approved by the School Site Council on September 27th, 2016.

### Professional Development provided for Teachers

School Goals are derived in a variety of ways. Teachers generally review data from the previous school year including state test results, district benchmarks, and local assessments. This data is the springboard for determining site goals. Our goals are also a product of the priorities and goals outlined by the Lucia Mar Unified Board of Education; subsequently, Branch Elementary School's goals are aligned to district goals, and our professional development focus supports and reinforces our school goals. After consulting with our site colleagues, Grover Beach Elementary School's goals are selected by the GB Leadership Team. In addition to the principal and our IB Coordinator, the leadership team has one representative from each grade level to ensure full cooperation and communication.

During the 2014-15 school year, our professional development focused on implementing the Thinking Maps program and developing common core curriculum by using our already developed IB (International Baccalaureate) units (curriculum). During the 2015-16 school year, we continued to emphasize effective implementation of the Common Core Standards using inquiry and investigative approaches. We implemented the Thinking Maps Writing program to help develop students as critical thinkers and effective communicators. During the 16-17 school year, we continue to refine writing instruction with Thinking Maps, moving into the Expository genre, while also embedding integrated/designated ELD learning, and a focus on math. Professional Development occurs weekly on Mondays for 60 minutes. During each professional development session, teachers receive "new learning." After ideas, strategies, and techniques are shared and modeled, teacher have "development time" to work with grade level colleagues on practical approaches for implementing the new learning. Concurrently, we also have "IB PD" which focuses on embedding all of this new learning to our IB Units.

District-initiated professional development occurs during the school day, and teachers are provided substitutes. Most teachers will receive a minimum of three days of training during the school year. This past summer, (June 2016), the whole staff participated in our "IB Summer Institute" for 2 days in preparation and new learning for the upcoming school year.

New teachers receive support as part of the district's "Teacher Induction" program. Staff often seek feedback from our "intervention teacher/professional development coordinator, and the principal conducts "walk-through" visits and informal and formal observations. Teachers are also supported with goal-setting conferences at the outset and at the conclusion of each school year. Each teacher, in addition to embracing the school-wide goals, has the opportunity to set a personal goal and to focus on one of California Standards for the Teaching Profession.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
